## An Open Letter

to the

### Voters of Lake County

Soliciting their support in returning to one of the most important Law-and-Order Enforcement Offices, a man who has not, and will not, in any respect, prove unfaithful to the Taxpayers and others of this great community—

## LAWRENCE A. DOOLITTLE FOR SHERIFF

Always a  
Republican  
in Politics

Always a  
Resident of  
Lake County

During the four years, December 1926 to December 1930, Lawrence A. Doolittle served Lake County as Sheriff. At no time during that period, or since, has the public criticized his actions.

His treatment of the inmates of the county jail, and the care at all times, of the buildings that were under his supervision, frequently won high praise from those legally authorized to inspect such places, as well as a generally expressed satisfaction by those whose business took them there.

So economically and efficient did Sheriff Doolittle perform his duty, that the public—including the press—have many times referred to his term in office as an example of what can be accomplished when an elected official recognizes and exemplifies that "A Public Trust should not be utilized for personal gain."

### Free of Any and All Alliances

Lawrence A. Doolittle HAS NOT, and WILL NOT, enter into any alliance or deal with persons who are interested in private or public enterprises which exist only to long as Law-Enforcing Officials "Look the Other Way."

Mr. Doolittle is not promising and "peddling" the patronage of the office he seeks in order to secure votes.

Most of the County's Law-Enforcing Officials—including the Judiciary — are conscientiously supporting Doolittle for Sheriff, remembering his cheerful and willing spirit of co-operation when he occupied the office during the years mentioned.

### Turn The Searchlight on the Record

This advertisement has been prepared and paid for by some of Lake County's Voters, who are desirous of getting back into office, a man who can be relied upon to reduce the operating expenses of the Sheriff's office, and at the same time render a service that will be satisfactory to all the people. And, inspired by that motive solely, these supporters of Doolittle for Sheriff, are anxious that the Searchlight be turned upon his record, that comparisons of the conduct and expenses of operating the office during his term, and since, may be shown up, in order that the voters may have the facts.

If you are in favor of economy, efficiency and fair, courteous dealing in the Sheriff's Office—
