TROOP 39 NOW MEETING WITH JOHN L. UDELL
Troop 39 and Troop 74 have recently combined and are now making fine progress under the leadership of John L. Udell, Scoutmaster. Mr. Udell had been Scoutmaster of Troop 39 for two years previously and has been to camp with Troop 39 on two different occasions. They meet at the Community Center, at Laurel and McGovern Street, on Friday nights at 7:30.

A CANDIDATE WITH EXPERIENCE

VOTE FOR
Allen J. Nelson
Republican Candidate
for
County Treasurer

7 years experience as Deputy County Treasurer.
10 years training in financial work.

I have not held any elective office in the past AND DO NOT hold any elective office now.

TO THE VOTERS OF LAKE COUNTY

I appeal to your good judgment when you cast your vote for County Treasurer on April 10th. Having had 7 years training in tax collection work, enables me and gives me the ability to handle the complex duties of the County Treasurer's Office. This should convince you that I can run the office more economically than one who has less experience and thereby save the Taxpayer additional expense.

DERBY TO BE FEATURE OF CAMP
In order to dispell any false impressions let us say at the outset that the Derby of which we speak has nothing to do with horses or head gear, but is none other than John Derby, whom many Scouts know as the aimable leader who was in camp last summer helping Mr. Ross. He was in the office the other day and signified his intentions of going back to camp. The consequences are that John is signed up as a village leader for camp for 1934 and will be there the entire summer.

George Hinz, who was the director of the Family camp has also signed a contract to be at camp next summer as a village leader. He has been a Scout and leader in Troop 28, Highland Park, and is now actively connected with Sea Scout Ship "Tork Clinton" in Highland Park, and has been on the camp staff at Camp Ma-Ka-Ja-Wan for three years.

CAMP LEADERS TO INSPECT CAMP
The week-end of April 15 a group of camp staff leaders are planning to go to Camp Ma-Ka-Ja-Wan to look over the property and to make plans for the coming season. One of the things they will do will be to survey and inspect the camp site upon which the Wilderness camp will be erected.

PAUL BUNYAN ANNOUNCES A NEW POLICY

Paul Bunyan announced that provisional membership in his club will be made of Scouts who register for camp up to and including the date of the Ma-Ka-Ja-Ral. Upon receipt of \$1.00 from each Scout Paul Bunyan will put his name upon the list of those who receive full membership in the Paul Bunyan Club and will be admitted to its privileges at camp next summer. Exceptions to this "dead line" ruling of May 27 which is the morning that the Ma-Ka-Ja-Ral will dismis are those Scouts who register as Scouts after that date and who, of course, would have been unable to become members of the Paul Bunyan Club. Just once more clarify the policy—\$1.00 paid to Paul Bunyan at Scout Headquarters from now until May 27 will admit any Scout to provisional membership in the Paul Bunyan Club to be admitted to full membership at camp next summer. There is no reduction in camp fee under this plan, Feb. 29 having been the "dead line" of membership with the 50c reduction.

MA-KA-JA-RAL IS COMING

Many Scouts and leaders who have been asking if the Council is to have a Camp Ma-Ka-Ja-Ral will be interested to know that one is being planned for the 26th of May. It will be known as a Ma-Ka-Ja-Ral and will be open to patrols representing scout troops. A detailed bulletin with helpful suggestions as to the making of camp equipment is being mailed to Scout leaders this week.

Just what the Ma-Ka-Ja-Ral is, using as few words as possible, might be explained as a "patrol camping competition in which the patrol, instead of competing against each other, compete against a standard, and all who meet the standard may be classed as winners. In many Troops the Ma-Ka-Ja-Ral will be the main emphasis of the spring program.

ELECTRICITY COURSE HELD AT HEADQUARTERS, SAT. APRIL 7

On Saturday, April 7, John Bird, scoutmaster of Troop 70, Libertyville, will be at scout headquarters to conduct the first of a series of classes in connection with the electricity merit badge.

This electricity course will be open to all scoutmasters and all first class scouts, and the scout leaders taking the course will receive a certificate from the national council for specialization in electricity.

The date is April 7 and the place is at scout headquarters in Highland Park.

HAVE EVENING OF GAMES

Most of the meeting of Troop 35, Ravinia, was spent in playing games. We played Two Deep, another game where a hunter is blindfolded and must shoot the Indians that sneak up on him, and a game where you must pull your opponents across a specified line. A number of merit badge certificates were handed out, one bronze eagle sash certificate was awarded, and one boy received his eagle scout certificate. The members of the former Troop 35 received no meeting Saturday morning as we are to meet at Ravinia School at 10 o'clock. We are to wear old clothes and bring our lunch with us. Just what is planned will be found out Saturday morning when we meet.—Scribe Raymond Rettenwald, Troop 35, Ravinia School.

NOTICE TO THE FOLLOWING SCOUTS

At the next meeting Friday, April 6, our scoutmaster has made plans for a surprise for the following Scouts: Elmer Carquist, Ernest Gilroy, Walter Matson, Fred Jensen, Kenneth Kennedy and Jack Neale. All you fellows be sure and be there.—Jack Neale Jr., Troop 48, Lake Forest.

PROFESSIONAL MEN

Appreciate Panoptik Performance

Bifocal wearers who desire comfortable and accurate near and far vision will find Panoptiks the ideal lenses, because their new construction principle allows performance heretofore unavailable in a bifocal lens.

The dentist who must find hidden cavities—and at the same time be able to grasp the right instrument at the right moment... the lawyer who looks down at his briefs and then up at the judge—these men value the performance features of the new Panoptik Bifocal glasses. As one professional man remarked, "Your suggestion of Panoptiks was just right. For working, reading or driving I find them ideal."
