I think a great many members of the Chamber of Commerce are aware of the fact that at the time the south end of Green Bay Road was paved it was agreed between the propertyowners there and the City Council

that the Green Bay Road should be made a boulevard. The ordinance was passed to that effect. However, because of the fact that No. 57, the Skokie Boulevard,

was then not yet completed, it was agreed between the City Council and the property owners on Green Bay Road that the boulevard ordinance should not be enforced and the trucks compelled to find another route until the completion of No. 57. Since then Skokie Boulevard has been completed and I believe that the ordinance should now be enforced in accordance with the agreement and understanding had with the property-

ment therefor. I notice that Glencoe is now preparing to pave a forty-foot highway up Green Bay Road to the County line. That puts the matter strictly up to Highland Park and what we "L" of Plats, page 39, which plaintiffs further pray that the defendants whose names are unknown, who Green Bay Road could be made one of the nicest residential streets and really one of the show streets of Bay Road and to figure out a way 16 N.
