CHRISTIAN SCIENCE CHURCHES

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced," was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 3.

The Golden Text was, "Oh let the wickedness of the wicked come to an end; but establish the just; for the righteous God trieth the hearts and reins" (Psalms 7:9).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For the word of God is quick, and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart" (Hebrews 4:12).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "All we correctly know of Spirit comes from God, divine Principle, and is learned through Christ and Christian Science. If this Science has been thoroughly learned and properly digested, we can know the truth more accurately than the astronomer can read the stars or calculate an eclipse. This Mind-reading is the opposite of clairvoyance. It is the illumination of the spiritual understanding which demonstrates the capacity of Soul, not of material sense" (p. 84).
