LEGION CARNIVAL 3 DAYS NEXT WEEK

"Spend the Fourth in Highland Park" is invitation of Local Post

"Spend the Fourth of July in Highland Park," is the invitation of Dumaresq Spencer Post of The American Legion.

The local Legion post is again sponsoring its annual Fourth of July Carnival the first three days of next week, July 2, 3, and 4, at Sunset Park.

The post hopes to realize enough from their carnival this year to carry on the program of varied activities on a larger scale than in the past. In the past year or two the post has fostered the following programs among the children of the town: assisting the Parent-Teacher Association of the grammar schools in furnishing hot luncheons and other necessities, medals of award for scholarship and athletic achievement to the high school and District No. 107, sponsored and coached a Junior Legion baseball team, and but for the lack of ice last winter would have held a series of skating races for all grammar school children.

This year's Carnival will be featured by the following five awards, furnished by the Meierhoff Hardware Company and the T. S. Duffy Furniture Company, bingo game and other games, ham and bacon booth, "pitch-till-you-win-ring" game, airplane game, candy booth, refreshment stand, dancing, Ferris wheel, tilt-a-whirl and a new auto ride.

The following Legionnaires are in charge of the Carnival and its various features: Lester Stanger, Russell Campbell, Philip McKenna, Emmett Moroney, Frank Ronan, Harold Bridges, Arthur Swanson, Henry Finer, Thomas Sutherland, Henry Marzek, Cliff Ledderboge, Saylor Shanafelt, Miller Schreiner, D. C. Stukey, Mr. Hendricks, P. E. Cole, Mr. McNaughton, Theodore Arnswald, and A. C. Stemm.

Bing Crosby's Latest Will Show at Alcyon

A good and rather novel picture which holds one's interest throughout is "The Crime Doctor" featuring Otto Kruger, Karen Morley and Nils Asther. It is being shown at the Alcyon tonight only (Thursday).

Audiences will enjoy many hearty laughs in "Six of a Kind" as the story itself is comical and many of the situations are side-splitting. The cast includes Charles Ruggles, Mary Boland, W. C. Fields, Burns and Allen, and others. Friday and Saturday of this week are the playing days.

Hear some of Bing Crosby's latest song hits in "We're Not Dressing," which is the feature attraction at the Alcyon for Sunday, Monday and Tuesday, July 1, 2 and 3. Carole Lombard co-stars with Bing and Leon Errol, Ethel Merman, Burns and Allen are included in the cast.

A delicate story of love spiced with high adventure is "The Mystery of Mr. X," which features Robert Montgomery, Elizabeth Allen and Lewis Stone and is being exhibited on Wednesday, July 4. The Alcyon will present a continuous program beginning at 2:30 for that day. The same picture is also to be shown the next evening following (Thursday).

Dorcas Home Fund To Be Memorial To Mrs. Martha Wood Wolf

The Martha Wood Wolf Memorial Committee met last week to determine the nature of the proposed memorial to the late Mrs. Allan Wolf. It was decided to form a fund at the Dorcas Home, an institution in which Mrs. Wolf was much interested, for the purpose of aiding those children who are going on into the secondary schools.

Since it was felt that the many friends of Mrs. Wolf would wish to participate in the establishment of this fund, arrangements have been made for Mrs. Lee F. Supple, treasurer, 2181 Lakeside Place, Highland Park, to receive all contributions.

Becker Auto Service Will Quit Business After Twenty Years

The Becker Auto Service has discontinued business after twenty years in Highland Park.

William E. Becker came to this city in 1911 as manager of the Woods Electric Car Garage. Later he brought Miss Agnes M. Buell from Chicago as his bride. In 1915 they purchased the business from the Woods concern, and in 1918 rented the Ringdahl property at 15 North St. Johns Avenue and established the largest auto battery business on the North Shore. In 1923 they purchased this piece of property.

In 1924 Mr. Becker purchased a fleet of Yellow Cabs, and after establishing a successful business, sold the cab business to S. B. Cahn of the Moraine Hotel.

Mr. Becker passed away on July 10, 1932, after having been connected with all the business achievements of Highland Park, being secretary of the Chamber of Commerce for many years and treasurer of the B.P.O.E.

Mrs. Becker has conducted the business since her husband's death. On July 1 Mrs. Becker will close out the entire business, and will lease the building to the Braun Brothers Oil Company.

Sol St. Peter Firm Here Taken Over by Nelson Brothers Co.

The Nelson Brothers Laundry and Dry Cleaning System, of Wilmette, has taken over the Sol St. Peter and Son Laundry and dry cleaning business, and will be located in the Goldberg building at 521 Central Avenue, phone Highland Park 361.

The new concern will continue to give the public the best work that its clientele has been receiving. The Nelson firm has the latest and most modern equipment, and will be able to give better and quicker service, including curb service, in the new location here.

David Nelson, head of the firm, was one of the founders of the Highland Park Rotary Club several years ago, he being president of the Wilmette Rotary Club at that time. He is well known along the North Shore and has many friends in Highland Park.

Illinois Commerce Commission Still Holds Truck Case

A decision as to whether a truck traffic route will be established through North Shore towns is expected daily from the Illinois Commerce Commission, although that body has been deliberating the question for several months. The plea of the Willett Trucking Company for a certificate of convenience and necessity to use a route running through these towns has been under consideration for nearly a year.

Members of the commission and representatives of various towns through which the proposed route would run were taken over the route recently in one of the Willett company's buses, and municipal representatives were heard by the commission.

The Willett company's request is strongly opposed by heads of all communities north of Evanston as far north as Lake Bluff, as well as by many of the civic groups along the North Shore, including the North Shore Property Owners' Association.

The stand taken by many objectors is that the route that should be used by the trucking concern is the Skokie Highway, instead of the contemplated route which runs through the centers of most of the North Shore towns, and which will provide for freight stations at various localities in all of the towns.

Lower Liquor Fee Is Defeated In Highwood

An ordinance which would have allowed the sale of liquor in bulk only at a reduced license rate of \$100 a year was defeated recently at a special meeting of the Highwood City Council, although the actual vote was 2 to 1 for the amendment.

Only four out of six aldermen attended the meeting, and when the proposed ordinance was put to a vote one of the four, John Meyers, did not vote. Two of the remaining three voted for the amendment, which would allow the sale of bulk liquor by druggists and other merchants, yet the measure lost, because a majority of the council did not vote for it.

DEERFIELD-SHIELDS BUDGET IS \$282,322

Teachers Salaries Remain the Same; Instructor of Latin Hired

The annual budget of Deerfield-Shields High School at Highland Park was passed by the board at its last meeting, calling for a total expenditure of \$282,322, a sum several thousand dollars less than the amount spent this school year.

Although teachers' salaries remain the same, the additional number of students and the small classrooms which are now packed to capacity will mean that more teachers will have to be hired.

Miss Elizabeth Wentworth, a Latin teacher, has been engaged to teach in the language department next fall. She is experienced and leaves her position as teacher of Latin and speech in the Teachers' College of the University of Wyoming in order to be nearer her home.

Cost of supplies and equipment will be about the same as last year. However, the fact that no replacements were made in the year just closing will necessitate the purchase of a number of new typewriters. Some new desks also will be installed by the time school opens in September.

No additional expenditures will be required for the branch school which is to be built in Lake Forest, the board announced.

A sum will be apportioned and set aside for payment of interest on the new government bonds, which will have to be met early in the next fiscal year.

The board announced that 90 per cent of the tax levied for high school purposes in 1932 was collected. About the same favorable total is expected to be collected from the 1933 levy.

There may be a slight reduction in the amount of assessed valuation in which event there undoubtedly will be a slight boost in the high school rate, which was \$1 during the past year.

Based on almost complete figures, it is estimated that the cost per high school student this year will be about \$290.
