TIME AT MA-KA-JA-WAN feld. The water was just perfect for swimtoday. We are planning tournaments, days, regattas, swiming meets and games. Hope to see you soon, Howard F. Copp, activity director.

This is from a Florida "cracker" who has never been in a northern scout camp before: "One thing I will say is that the officers sure know how to handle things and they where the dishwashing will be done, Another thing, everybody is proud of the two pump. In other words the camp and every-body is okey! — from Dave, helping the

THIS YEAR TOPS THEM ALL "Scotty" McPherson of Lake Forest says; "Camp Ma-Ka-Ja-Wan has reached another ing year. Camp has always been great, but this year tops them all. Hundreds of dollars have been spent in making camp more suitable for the scouts who are coming up to enjoy "real scout-like living." The nature end of the camp is, as usual, well taken care of by Mother Nature - the water is just the right temperature and the air—well, just as it always was, clean and fresh and it makes anyone eat like a lum-

The staff is really doing their best in making camping interesting. The officers are great fellows but just "squirely" (so George Hinn says). Pat Cody is really the back-I have to stop now, but I could really go on forever. But come up and see Board of Education of the the camp and then to explain it - words Deerfield-Shields Township ean't describe the camp, but one thing sure

Don Toeppen says: "Boy! What food! All you want and more! Chef Ross is here with his sweet roll factory going full blast, Come up and see if you can eat him out. We haven's succeeded yet!

CAMP OBJECTIVE GIVES MENTAL, MORAL, PHYSICAL AID ery boy an appreciation and understanding Highland Park. not gained elsewhere. Under the excellent offered by camp personnel and this pleasant environment a stronger, heal-thier, and better fitted lad will be returned

dreamed about the rest of the scout's life. -Jim Mooney, nature director.

CAMP IN NEW MODE

FOR 117 SCOUTS COMING comers were impressed. The improvements

we have had lots of rain and everything is green and fresh. The water is just right that no boy will have an excuse to go home, equipment and are making remarkable protime deciding what to take up among the many things there are to do.-Dick Wichmman, swimming director.

CAMP IMPROVEMENTS MANY,

REPORTS GEORGE HINN It may be work to set up dear old Camp Ma-Ka-Ja-Wan, but as usual those who have worked to put up the camp have been re-

proved camp. This year everything possible has been done to insure everyone attending camp a happy, healthy, and safe time. Ar-Dear Tommy:

Arrived at Camp Ma-Ka-Ja-Wan yesterday. The advance party will have everything day. The advance party will have everything a mooney, the nature study man building a Mooney, the nature study man building a Mooney, the nature study man building a mire trap and snake cage. George Anderson wire trap and snake cage. George Anderson serie trap and snake cage. The series of the lake, the old timer notices the first change: the dock has a coat of paint. Before long a boat arrives to take him across the lake. Yes, in no time he is in camp for the two new Johnson motors make the trip certain and possible in very little time. The old timer notices first the new engine which pumps drinking water to the improved water reservoir. Continued to the improved water reservoir. partment headed by Mr. Anderson. The kit-A new addition has been added to the south

allows fresh air to those who struggle with handled. No dirty dishes are allowed in the know what teamwork means. At present the know what teamwork means and paints of making bread and pastries and the likes of which only Chef Ross knows how to make. The next state of make the likes ed in please painted in white; there is also make. The next stop is the hospital which a is being painted in white; there is also has been painted a cream color. But wait a addition to the kitchen being built minute — Mr. Old Timer, you passed the

other thing, everybody is proud of the two new euthoard motors and the new water new euthoard motors and the new water head in the window! Now you can walk in as if you were entering a big department store in the city. As far as the villages are concerned, five villages are in use this year. Blackfoot and Ottawa are not in use. Yours truly will guarantee that no tents will blaw down this year, so fellow campers, unless your tent floors are moored the tents will not move. Before the old timer has been here very long he will notice many more minor improvements, too numerous to mention in this short account. You have been told about camp. Come to Ma-Ka-Ja-Wan. She and her environment invite you to a period of many benefits which you will never lose or forget. See you some time this summer. — George Hinn, village

NOW! KILL ANTS This New Simple Way

NEW Ever Green is sure death to ants. If your lawn or garden is infested, just pour New Ever Green, properly diluted, down the holes leading to their nests and sprinkle it along their runways. The ants that come in contact with it, die: the others seek fresh pastures in a hurry.

No digging or tearing-up of turf is necessary. New Ever Green will not injure grass, plants, or soil. Non-poisonous to people, is is perfectly safe for pantry use. Yet it kills so many kinds of garden pests, it is the only insecticide 95% of home gardeners ever need. Buy it at drug, hardware, seed, flower or department stores. McLaughlin Gormley King Company

POMITAC:

NOTHING CHANGED BUT THE PRICE!

Same big car . . . Same smooth performance Same remarkable economy

The big, economical Pontiac Eight is now offered at a straight list price reduction of \$40 on every model in the entire line. Today's Pontiac has its original 117-inch wheelbase, Knee-Action wheels, True-Course steering,

equal-action Bendix brakes, roomy, handsome Fisher bodies and Fisher No Draft ventilation. It is the identical car that has thrilled thousands of owners with its remarkable smoothness, ease of riding and exceptional economy.
