CHRISTIAN SCIENCE CHURCHES

"God" was the subject of the Lesson-Sermon in all Churches of Christ. Scientist, on Sunday, July 15.

The Golden Text was, "Blessing, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever" (Rev. 7:12).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it: and God doeth it, that men should fear before him. That which bath been is now; and that which is to be hath airendy been; and God requireth that which is past" (Eccl. 3: 14, 15).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy : "We bury the sense of infinitude, when we admit that, although God is infinite, evil has a place in this infinity, for evil can have no place, where all space is filled with God" (p. 469).
