

Public Service Employees Will Get Wage Increase

Employees of the Public Service Company of Northern Illinois (except officers and higher executives) are to get an increase in wages and salaries on Aug. 1, equal to one-third of the reduction of Aug. 1, 1932. Announcement to this effect was made this week by Britton I. Budd, president.

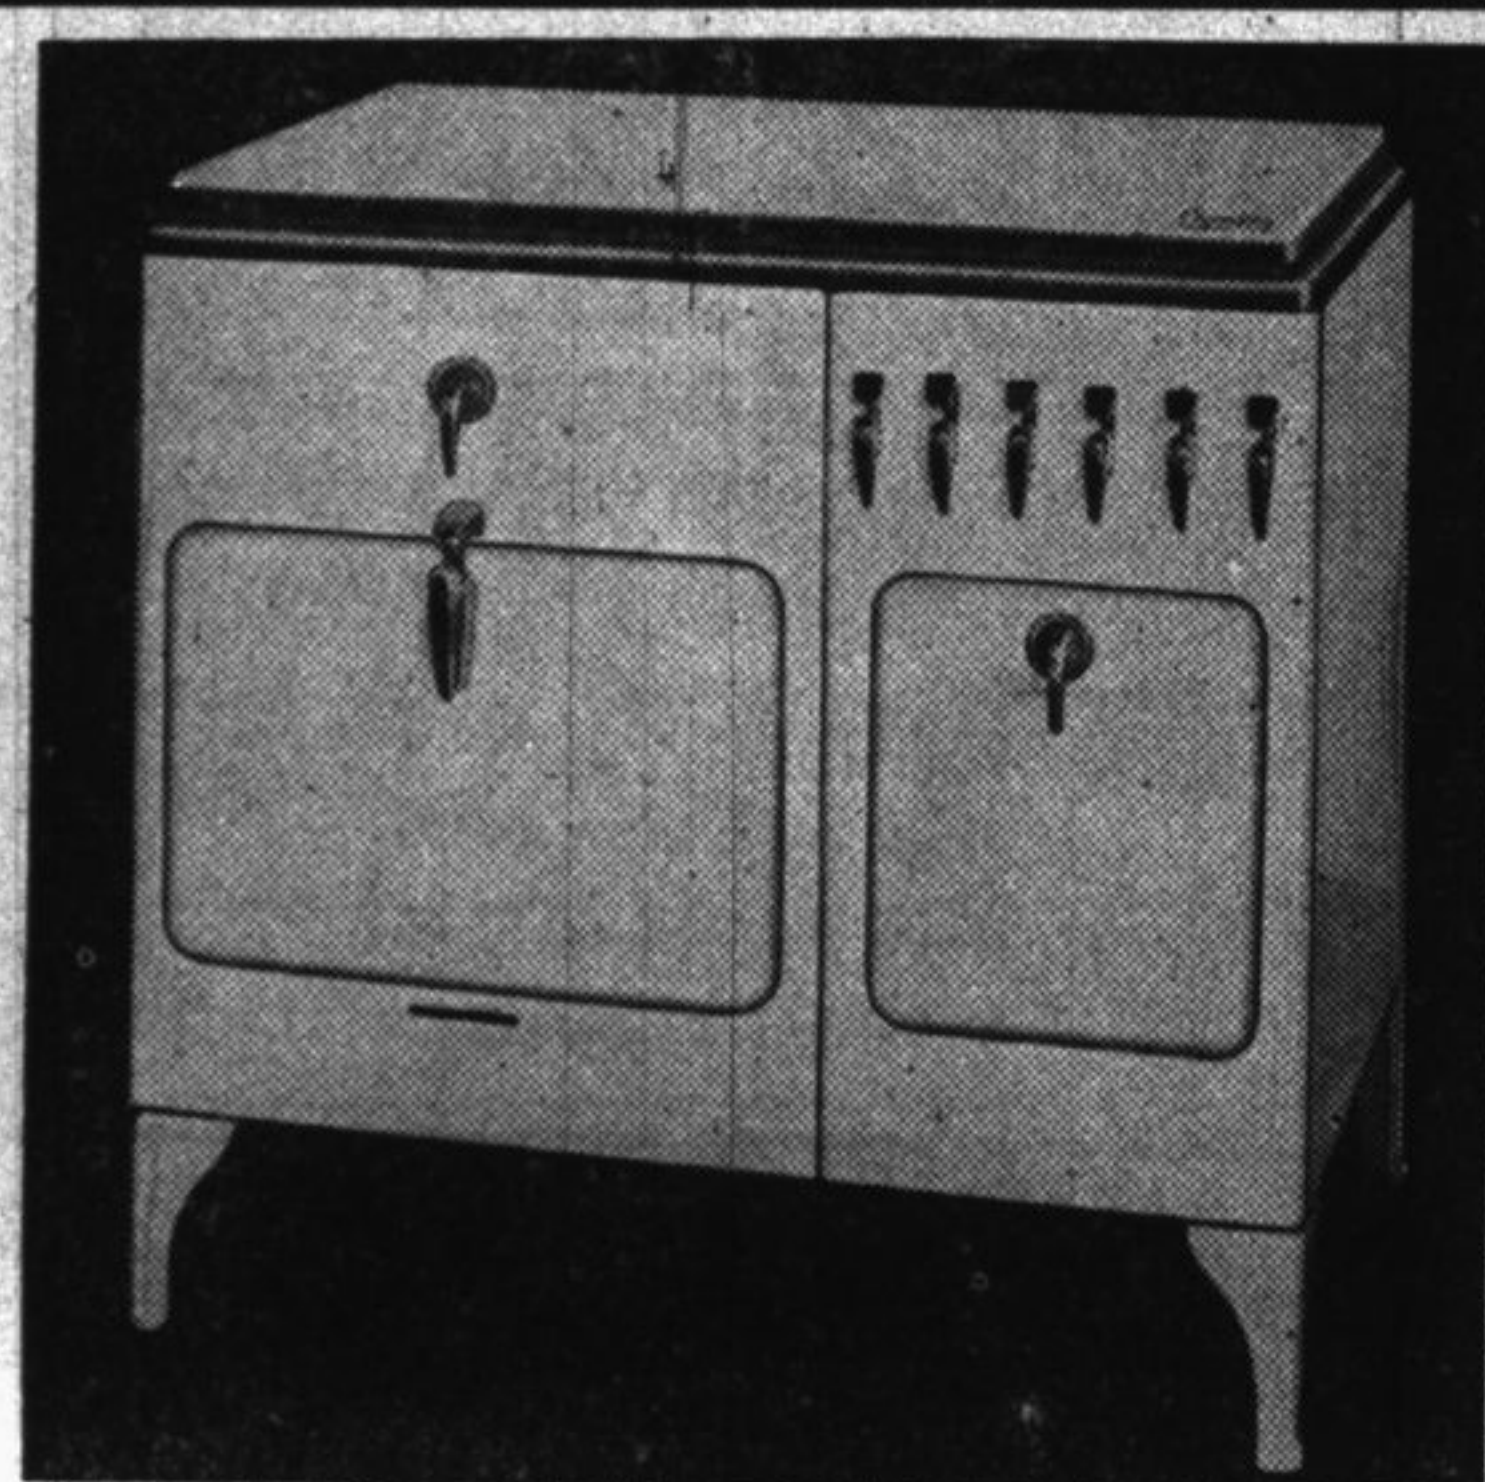

In making this announcement to employees, Mr. Budd said: "The reduction in gross revenue that began in 1930 made the pay reductions of 1932 an economic necessity. This pay increase answers the question which has risen in the minds of many employees as to when they might possibly expect any restoration of the 1932 reduction in wages."

"While there has been some improvement in business in general which is reflected in somewhat greater sales of the products of the company, nevertheless increases in taxes and other operating expenses, and adjustments under the NRA which required an increase in the payroll by a substantial amount, limits the restoration at this time to one-third of the 1932 reduction."

"The pay reductions of 1932 were much less than men and women in

almost all other lines of employment suffered, and were not as drastic as might have been justified by the loss of business and earnings of the company."

CHAMBERS

Cooks with the Gas Turned Off

YES! Actually cooks with the gas turned off. Think of cooking a 4 1/2-lb. roast with the gas turned on for only 20 minutes! Other foods in proportion. There is no other range like a Chambers. Its exclusive "Thermowell" for vegetables keeps foods hot from 6 to 8 hours. Prepare your meal at noon for evening. Go out for the afternoon, Chambers does the rest. It pays for itself in gas saving. Models as low at \$59.50. Be sure to see it at
