

Sisterhood Social to Be at Moraine Aug. 7

In order that their philanthropic fund may be adequate to meet the many demands put upon it by the generous charitable appropriations and philanthropic enterprises in this year's program, the Sisterhood of North Shore Congregation Israel is carefully planning its summer afternoon social at the Moraine Hotel, Highland Park, Tuesday, Aug. 7.

The veranda overlooking the tennis courts and the large, cool ballroom adjoining will be turned over to bridge and keno, and will comfortably accommodate a large number of people. Additional attractions will be the refreshments and handsome prizes.

Chicago Zoological Park Provides New Kind of an Outing

If you want to have a good time, select a cool day, pack a picnic lunch, fill your car with friends and drive over the Dundee Road to Wheeling, south on Milwaukee Avenue to River Road and keep going until you come to the Chicago Zoological Park a few miles south of Hines Hospital and the air port.

Be sure to wear good walking shoes as it is a long way around if one views the "Rhinos" and the huge elephant along side the little fellow, the giraffes, the magnificent lions, the bears who beguile you into giving them peanuts and candy; the

snakes who are shedding their skins at present, the gorgeous colored birds and the monkeys that furnish a continuous vaudeville show from the biggest baboons to the tiny babies with their mothers.

There is so much to see, and every thing is so clean and attractive you want to allow plenty of time. You can rent chairs for 25c an hour, and go-carts for 10c an hour at the gate. It is all free and certainly is a glorious spot to get acquainted with the hundreds of animals in their new open homes. Watch the kangaroos and the funny penquins.

"Isn't it a relief just to turn a faucet and have HOT water every time —without waiting."

Gas WATER HEATING gives you an instant supply of HOT water for every household and personal use

A lack of HOT water... the necessity for tending a water heater... the uncertainty of having enough HOT water at all times... the innumerable inconveniences suffered when a water heating system fails... these are daily problems in homes where the water heating method has not been modernized.

A quick shower always is ready when you have an instant hot water supply.

There is only one answer to these problems in which all of them may be overcome at a single stroke. Installation of a gas water heater solves every difficulty of securing HOT water. And it gives you a return in convenience and comfort that far exceeds the amount paid to enjoy it.

A gas water heater provides a constant, economical HOT water supply... in quantities sufficient for all uses it has in your home... without the slightest labor or bother... at a consistently uniform temperature. Here is perfect HOT water service!

Because of the volume of HOT water used in every home, a family deserves the easiest, most dependable and convenient water heating service. HOT water is more in demand than cold water, having more than 100 uses in the home. Every member of a family appreciates and enjoys an instant, effortless, unfailing HOT water supply. All of these advantages are offered by gas water heating.

Controlled Cost

On our "Controlled Cost" plan, you know the monthly cost of HOT water before you install a gas water heater. Having HOT water on this plan enables you to determine how much you wish to spend each month for this important service. The cost never is more than the pre-determined amount. But it may be less.

Where a slip means death!

MOST AMAZING PROOF EVER KNOWN OF EXTRA TRACTION AND NON-SKID SAFETY . . .

UP . . . UP . . . UP . . . to 14,000 feet above sea-level! Skirting yawning chasms, tearing around 181 treacherous turns at breath-taking speeds, daredevil drivers fight their way up, grinding, pounding, swaying! In the annual Pike's Peak Race, where a slip means death, Firestone High Speed Tires were on the winning car. Surely this is the most amazing proof ever known of Extra Traction—Non-Skid Safety—and Dependability.

The new Firestone High Speed Tires for 1934 have the toughest, longest wearing tread Firestone has ever made. They have a wider tread of flatter contour, deeper non-skid, more and tougher rubber, giving you more than 50% longer non-skid mileage.

Every cotton fiber inside every cord is soaked and coated with Extra Rubber—eight additional pounds absorbed by every 100 pounds of cotton cords. This is Gum-Dipping, the Firestone patented process that provides extra Blowout Protection.

50% LONGER NON-SKID MILEAGE
