### CHRISTIAN SCIENCE CHURCHES

"Love" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 5.

The Golden Text was, "He shall feed his flock like a shepherd: he shall gather the lambs with his arm, and carry them in his bosom, and shall gently lead those that are with young" (Isaiah 40:11).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God. He that loveth not knoweth not God; for God is love. . . . And this commandment have we from him, That he who loveth God love his brother also" (1 John 4:7, 8, 21).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The depth, breadth, height, might, majesty, and glory of infinite Love fill all space. That is enough!" (p. 520).
