

Several Business Men Study Relief Problems

Recent efforts of national, state, and local governments to do something about easing the burdens of underprivileged people has probably focused more attention on this problem than ever before in history and, as a result, people in all walks of life have become concerned with the movement.

In talking with local business men who are in close contact with large cross-sections of population, several interesting sidelights on the problem have been uncovered. J. G. Hart, general manager of the North Shore Gas Company, makes the following comment in referring to some 25,000 families served by his company:

"It might surprise people to learn that the 'poor man' and the 'small customer' are generally two different people in our business. The small customer is often the family of two or three that lives in an apartment, goes out for meals several times a week, and uses gas only for light cooking service. The poor man, on the other hand, is apt to be a big customer on account of a large family to cook for and supply with hot water for baths and laundry.

"When you consider these facts, it is possible to see why measures sometimes advocated to benefit small consumers may fail to aid the poor man. Following the common principle applied in other lines of business, we aim to help the family which very largely takes care of itself at home by giving lower prices to those who buy in larger quantities."

Brothers Meet First Time After 42 Years

For the first time since the elder of the two left his Tipperary, Ireland, home 42 years ago to seek his fortune in America, two brothers met through a World's Fair visit in Chicago Monday of this week.

The brothers are John J. Holloway, of Lynn, Mass., and Patrick Holloway, who lives with a sister at 329 South Green Bay Road, Highland Park.

Although John Holloway has visited Chicago several times before, always his brother has been away—with the First Cavalry in China, with the Sixth Cavalry in Mexico, with the Rainbow Division in France.

How do you keep your Floors looking so Nice?

"They do look nice, don't they? And you should have seen them before we refinished them. They were so dull and dark looking. But we rented a DREADNAUGHT SANDER and bought the varnish, floor filler and wax at Brand Brothers and my husband did the work himself. It was so easy and the cost was so small that we were sorry that we had not done it before. You see, the DREADNAUGHT SANDER removes the old varnish and exposes the bright clean wood and you can see what a transformation it has made in the appearance of the floor. There is absolutely no dust or muss with this little sander because it picks up every particle of dust and throws it into the dust bag just like a vacuum cleaner."

Call us or come in and see us if you are thinking of brightening up your floors. We have everything that you will need to make beautiful, mirror-like floors yourself by this new method.

Highwood Boosters To Play Chicago Ramblers

The Highwood Boosters baseball team won two games while losing one last week, including the defeat of the Lake County champion Stan-zack Bros. by a 7-6 score. Buck Taylor and Mondo Lenzi led the hitting with 3 hits apiece. Alexander of the Boosters allowed the Stan-zacks 5 hits and pitched as a master all through the game.

On Sunday the Boosters divided a double-header with the Highwood Indians, who took the first game, and the Boosters the second by a large margin. Alexander again was the winner, holding the Indians to three hits in the inning he pitched.

On Sunday, Aug. 26, the Boosters will play the strong Chicago Ramblers at the Boosters' field, the game starting at 2:30. The Ramblers are composed of the finest semi-pro stars in Chicago and are out to annex a win. In doing so they will have the services of a very fine pitcher.

The Highwood Boosters wish to announce that they have booked the Dalzell Shamrocks, leaders of the Illinois Valley League. The Dalzells will travel 200 miles to play this game. An enormous expense will be incurred to meet this team and it is hoped that the fans will be there to aid the Boosters put this game over.

Manager Stanton of the Dalzells has "Slug" Guerrini, who plays third and leads the team in hitting. Lefty Pererro, formerly of the St. Louis Cardinals, will pitch for the Dalzells.

The Boosters have obtained the services of Jim Cameron, formerly of the McCook team in the Nebraska State League and Nashville Southern League. He has had a record of 19 wins and 2 losses while at McCook.

Alexander is also an experienced pitcher "who knows what it is all about," and will aid and complete the Boosters' staff.—D.D.B.

National Air Reserve Unit Meets On Tuesday

A meeting of the National Air Reserve was held Tuesday, Aug. 21, at the Highwood Indians Club. Commanding Officer Farneti called the meeting to order. This chapter wishes to form itself into a club but no action can be taken until the reserve receives official recognition from Washington. Captain Farneti has requested this.

The date for the next meeting at which official business will be transacted, was set for Sept. 12. Anyone interested in this organization may call Captain Farneti, or any member, for information.

The Italian Government Awards Silver Medal

Official recognition by the Italian government was extended the Standard Oil Company (Indiana) Aug. 15 in the form of a silver medal presented to John Porter, head of the company's aviation department, for exceptional efficiency and co-operation in refueling Italy's fleet of twenty-four seaplanes during its visit to A Century of Progress last summer, following an epochal flight from Rome to Chicago under the command of General Italo Balbo.

The medal was presented by the Italian government through a communication to Allan Jackson and Amos Ball, members of Standard's board of directors, from Major E. E. Aldrin, European representative of the Stanavo Specifications Board, which had complete charge of refueling operations over the entire flight of the Balbo flyers from Rome to Chicago and back to Rome again.

"Strangler" Lewis To Wrestle At Round Lake

A large percentage of Lake County's citizens will gather in Renahan's open-air arena at Round Lake tomorrow (Friday) night to see Lou Plummer, Waukegan's heavyweight mat ace, wrestle Ed ("Strangler") Lewis, former world's champion in the main event of the greatest of wrestling cards ever staged in this part of the state.

The match will probably be the most important athletic event held in this county in years and more than 4000 spectators are expected to be on hand.

Lou Plummer, the "local boy who made good" in professional wrestling, will be facing the greatest test in his career and although most of the mat dopesters are of the opinion that the "Strangler" will emerge the victor, it is not unlikely that the greatest upset in wrestling history may take place.

This will be the last match in which Lewis will engage before his world's championship contest in Chicago, on the night of Sept. 20th, against Jim Londos.

Besides this great attraction, the matchmaker, Les White, has signed a host of other world's title contenders for his preliminary matches.

Jim McMillen will get a chance to redeem himself for his defeat at the hands of Lou Plummer on the last Round Lake card, when he meets "Crybaby," George Zaharias, the Colorado Greek, in the semi-windup. This bout could stand alone as a windup attraction in any city in the country and it has been attracting almost as much interest and attention as the main event.

The country life is to be preferred, for there we see the works of God; but in cities, little else but the works of men; and the one makes a better subject for our contemplation than the other. . . . The country is both the philosopher's garden and library, in which he reads and contemplates the power, wisdom, and godliness of God.—William Penn.
