CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 26.

The Golden Text was, "Who hath known the mind of the Lord? or who hath been his counsellor? For of him, and through him, and to him, are all things: to whom be glory for ever" (1st Corinthians 11: 34, 35).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The counsel of the Lord standeth for ever, the thoughts of his heart to all generations" (Psalms 33: 11).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The First Commandment is my favorite text. It demonstrates Christian Science. It inculcates the triunity of God, Spirit, Mind; it signifies that man shall have no other spirit or mind but God, eternal good, and that all men shall have one Mind" (p. 340).

Young Men's Club To Play Deerfield Nine Here on Next Sunday

Sunset Park will be the scene of a local "civil war" Sunday as the Highland Park Young Men's Club is slated to meet Jim's Circus team of Deerfield. The contest will get under way at 3 o'clock.

In the first meeting of these two teams, Highland Park won 12-1 in a loosely played game, but although the Clowns have lost six straight since then, they are confident that they will administer a defeat to their rivals, and necessitate a playoff of the series on Sept. 9.

In order to assure victory, Acting Manager Russ Horn of the Circus team has made several changes in his batting front, Herb Bestor, former center fielder for Highland Park, has traded uniforms and will appear with the Circus team as will

Dear Mr. Firestone:
 I have just finished a 2,000-mile road test of a leading manufacturer's tires equipped with Firestone tires. I have recently brought out an experimental development in tire construction. It has eleven tire failures and near top treacherous tire changes.

When a right front tire blew out, I was unable to get the car under control of rubber and fabric on the hot salt beds.

After this experience, I appreciate Firestone tires. In my success during the racing and personal cars. Without them I could never have made the many speed records I have established.

Very truly yours,
 Al Johnson
