CHRISTIAN SCIENCE CHURCHES

"Christ Jesus" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 2.

The Golden Text was, "Whosoever believeth that Jesus is the Christ is born of God: and every one that loveth him that begat loveth him also that is begotten of him" (1 John 5:1).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "But thou, Bethlehem Ephrathah, though thou be little among the thousands of Judah, yet out of thee shall be come forth unto me that is to be ruler in Israel; whose goings forth have been from of old, from everlasting" (Micah 5:2).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Jesus was born of Mary. Christ is the true idea voicing good, the divine message from God to men speaking to the human consciousness. . . . The corporeal man Jesus was human" (p. 332).

I TRY DIFFERENT BRIDGE SYSTEMS

but I stick to one plan for my car

It's a plan that saves worry and money, too. I never give the car a thought any more. And it never goes too long without lubrication or any attention it needs. It's always ready to go. I discovered the way myself. I depend on the Standard Oil Station nearest our home. The men there check everything for me, tell me when something's to be done, and do it when we don't need the car. And the nicest thing is, our expenses on the car are lower since they've been looking after it for us. One of my friends says, "If Standard Oil Servismen weren't experts, who would be?" And I say, "They're the nicest men in the world to do things for you."
