

Social Service Has Started to Collect Funds for Its Work

The Highland Park Social Service committee has started to collect funds to carry on their work during the winter. Mrs. Theodore Osborn, chairman of the Campaign Fund, has sent out letters to hundreds of our citizens who contributed funds in our drive several years ago. "By careful handling of these funds we have been able to go through the past two years but it is necessary again that we seek the financial help of our citizens," is the announcement.

"But," you say, "I thought the government was taking care of these relief cases." The answer is "Yes," many of them but not all of them. In addition many cases come up in the form of emergency relief which call for immediate help, we are told. There is a fact which the citizens of this community must realize in the present situation. Regardless of the amount of relief given through the various government agencies, it cannot entirely replace the necessity for the private relief agency. There are many situations that come up every day of the year where relief activities do not meet the prescribed rules of the government agencies. It is therefore necessary for the Highland Park Social Service to step in and help out our distressed people where they can. Naturally, we are operating only in a limited way and dur-

The Young Men's Club Football Team Will Play First Game Soon

Highland Park's much belated championship football team will soon spring into action. The Young Men's Club gridders have been working feverishly at the practice field in Sunset Park several nights during the past week and it is hoped that the team will be sufficiently moulded together to inaugurate their first game on Sunday, October 21.

According to advance information from the management of the team, Mr. Fred Gilles, ex-Cardinal star and last year's coach, will be on hand the early part of next week to resume the coaching job where he left off last year when the team successfully triumphed over the Chicago Shamrocks 19-0 for the last game of the season. The return of Fred Gilles will also mean the return of other stars of last year's team such as Opasik, Saluski, Bodman, Hall, Hills and several others who with Fred have been quite successful in winning football games so far this year for the East Chicago Gophers. Highland Park fans will undoubtedly welcome the return of these men to bolster up the local grid machine.

Sheridan Rebekah Lodge To Have Grocery Corno

Reservations are to be made with Mrs. Harry N. Nisch, 655 Sheridan Road, Glencoe. Sewing will start at 9 o'clock with sewing for hospitals, and there will be an exhibit of the work done by the physically handicapped. The NEW Firestone CENTURY PROGRESS TIRE
Ten Million People HELPED TO BUILD THE TIRE SENSATION of '34!

Beyond Comparison in Quality, Construction, Appearance and Price With Any First Quality Tire Made

THE way to create a TIRE SENSATION is to give the people what they want, and Firestone has done this with the new Firestone Century Progress Tire.

As millions of people visited the Firestone Factory at the World's Fair last year, we asked this question—"What do you value most in a tire?" They answered—"Give us Blowout Protection, Non-Skid Safety, and Long Wear at a moderate price." This was a big order, but Firestone has a habit of giving car owners what they want when they want it.

We knew there was only one way to build Quality and Value into a tire at a moderate price, and that was by volume production. We built the greatest tire ever made to sell at these low prices. Car owners are profiting because we found out what they wanted and found the way to give it to them.

The new Firestone Century Progress Tire IS EQUAL OR SUPERIOR to any first quality tire built, regardless of name, brand, by whom manufactured, or at what price offered for sale.
