## Here is GOOD NEWS

for all users of  
**AUTOMATIC GAS WATER HEATERS**

**New Rate Reduction**  
makes big savings in gas cost!

The latest rate reduction... introduced by the North Shore Gas Company on December 1... is the 15th reduction in gas rates since 1921.

means that a customer reaches the lower cost brackets in the rate much more quickly than with the former rate. Less gas need be used in order for a customer to receive the benefits of lower cost.

Cheaper hot water service... plus greater economy in the use of gas appliances for all other uses... now will be enjoyed by every owner of an automatic gas water heater. Every customer using an automatic gas water heater will save under the new, reduced rate.

If you already are using an automatic gas water heater you will benefit from this rate reduction. If you have no automatic gas water heater installing one now will give you the same savings as present users.

Complete information on the new rate and what it means to you will be supplied at any gas company office. Your inquiry will receive prompt, courteous attention.

One of the important changes in the new low rate is the revision of the rate "step." This
