CHRISTIAN SCIENCE CHURCHES

"Life" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 20.

The Golden Text was: "The life was manifested, and we have seen it, and bear witness, and shew unto you, that eternal life, which was with the Father, and was manifested unto us" (1 John 1:2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "My son, attend to my words; incline thine ear unto my sayings. Let them not depart from thine eyes; keep them in the midst of thine heart. For they are life unto those that find them, and health to all their flesh. Keep thy heart with all diligence: for out of it are the issues of life" (Proverbs 4:20-23).

The Lesson Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Unless the harmony and immortality of man are becoming more apparent, we are not gaining the true idea of God; and the body will reflect what governs it, whether it be Truth or error, understanding or belief, Spirit or matter. Therefore acquaint now thyself with Him, and be at peace. Be watchful, sober, and vigilant. The way is straight and narrow, which leads to the understanding that God is the only life" (p. 324).
