**Gsell's Drug Company To Be in New Store**

The Gsell Drug Company will move from their present location on Central Avenue into the corner store of the new Baird & Warner building on Central and St. Johns Avenue, about March 15, according to a statement made to The Press by Mr. Earl W. Gsell.

The company, which has been do-

ing business in Highland Park for the past 25 years, has been in their present store for seventeen years. About two years after moving in there, Mr. Oscar Lundgren became a partner in the firm. Mr. Lundgren is now devoting his time to the Ravinia store which was opened several years ago.

Gsell's drug stores have always enjoyed a reputation for high standards of quality and service in Highland Park, and the management feels that the move to the new store will enable them to improve and enlarge the services which have made them leaders in their field on the North Shore.

It is pointed out that the prescription department, which has also been noted for accuracy in compounding and the high quality of drugs used will be arranged so as to facilitate the handling of its business.

The fountain will be greatly expanded and will include a luncheonette service.

The new store will be more accessible to the entire community and every attempt will be made to make it an enjoyable place for all who enter it.

This move is interpreted by many as another indication of better business in Highland Park.

They're all genuinely optimistic and are buying new automobiles."
