

NORTHWESTERN UNIVERSITY SETTLEMENT BUILDING

MANY BENEFITED BY N. U. SETTLEMENT

(Continued from page 1)

There are classes for men and women to learn English and others to train them in citizenship and to explain to them the ideals of democracy.

It was in Northwestern Settlement that the Infant Welfare work of Chicago was begun. The first public playground on the northwest side was their work also.

Twice a week there is held a baby clinic to which the neighborhood mothers bring their babies for examination and for advice.

They have done pioneer work in community kindergartens, community libraries, community dancing and music.

During the depression they have been called on for relief aid of all kinds and have done magnificent work in maintaining the morale of the thousands who have come to them, in addition to ministering to their other needs.

They have been especially useful in keeping occupied large numbers of men and boys who might otherwise have been lawbreakers.

They have conducted an employment bureau, finding whatever jobs were possible.

Highland Park participated in one of this most effective relief measure—the weekly sending of sandwiches. These sandwiches were collected from each of the Highland Park and Ravinia schools and taken with those from other North Shore towns to the Settlement for distribution among the school children who would otherwise have had to go without any lunch. An average of 20,000 sandwiches a week was thus collected.

The Highland Park board, which was formed about 7 years ago, has sponsored various entertainments—card parties, dances and a carnival, for the benefit of the Settlement. It has also collected food and gifts for the children at Christmas. They have had frequent sewing meetings and have sent hundreds of garments to the Settlement—also a large number of sweaters. At any hour of the day there are groups at work and at

play in the various buildings of the Settlement and friends are welcome, at any time, to visit and see what is being done.

It is estimated that an average of 1,000 people a day make use of the Settlement. It is impossible to estimate the total influence and benefit of such an institution but there is no doubt that it is one of the most important factors in helping solve Chicago's problems. They thoroughly understand the particular problem presented by the overcrowded tenement, with its product of poorly nourished and poorly adjusted humans, many of whom are potential trouble makers. The Settlement succeeds far better in this very valuable service than could a thousand policemen.

Miss Harriet E. Vittum, who has been head-resident for 28 years, is well known in Highland Park, having come many times to talk at meetings in schools and homes about the Settlement and its needs. She will be here for the next meeting of the Highland Park board, which occurs on Wednesday, Feb. 6, at 1:30 o'clock, at the home of Mrs. Kellogg Patterson, 159 Ravine Drive.

Wilmette Woman's Club Opens Cooking School

A three-day cooking school sponsored by the Wilmette Woman's Club and under the direction of Betty Thomas, nationally known home economist, will be held at the Woman's Club on the mornings of Feb. 25, 26 and 27.

The school, one of the most interesting ever staged, will be a real cooking school presented from an all-electric kitchen. It will not be an advertising stunt, but will be devoted entirely to instructions and suggestions that will be of valuable assistance to every woman who is interested in what to serve and how to serve it.

Miss Thomas, well known for her radio and actual cooking schools and at present home economist for Sprague, Warner and Company, has developed a technique which makes it easy for every woman in the audience to understand each and every step in the preparation of her original and practical recipes. Her instructions are given clearly, unhurriedly and in a dignified, pleasing manner. Her informal style and ability to get her ideas across, have made Miss Thomas one of the outstanding cooking school directors in the country.

The electric kitchen from which the school will be conducted will be so situated that everyone can easily see all that is going on. The kitchen, furnished by the General Electric Company, is modern in every respect and allows Betty Thomas to prepare her recipes under conditions similar to those found in the average home.

In presenting the school, the Wilmette Woman's Club hopes to give women of the North Shore an opportunity to obtain cooking and menu suggestions which will assist them in the preparation of their daily meals. In such a school there will be none of the crowding, the wasted time on advertising, or the slipshod methods of instruction which are so common to many present day cooking schools. There will be a nominal admission charge for each of the sessions.

In holding the school in the morning—from 9:30 to 11:30—the Woman's Club feels that more women will be able to attend and that the sessions will not interfere with their other activities.

Duffy Cleaners Win 2 Games From Y.M.C.

Led by their new captain, John Sobey, the up and coming Duffy Cleaners took two games from the league-leading Young Men's Club. Sobey's 646 was high series for the winners and Gemmer's 597 was high for the losers. The Young Men's Club set a new league mark for the season by getting 2785 pins. The second place Highland Park Press boys also received a set back

when the powerful Sunset Cafe team took the odd game. Dallavalle for Sunset, and Hoppe for the Press were high with 591 and 593 respectively.

With Harry Rafferty leading the Elks and John Picchetti leading the Picchetti Bros., the bowling fans saw one of the greatest match games of the year. The Elks won the first game 923 to 902, the third 852 to 854, and the second went to Picchetti Bros, 867 to 859. Tom Peters had high game 222, and H. Rafferty high series, 625.

With Harvey Witten leading the painters the Highland Park Decorating Co. won two games from the Coleman Bros. Johnston was high for the losers with 585.

The Legion boys had a field day and took two games from the Mutual Coal. Emmett Moroney with, games of 179-202-217-598, was the big shot of the series.

Table with columns for names and scores. Includes Coleman Bros., H. P. Decorating Co., American Legion, Mutual Coal, and others.

Table with columns for names and scores. Includes Elks, Rafferty, Picchetti Bros, Sunset Cafe, H. P. Press, and others.
