To The Voters Of Highland Park

Monday, April 8—Church board of administration at the parsonage. Tuesday—Choir practice.

Give Luncheon, April 9
The Woman's Foreign Missionary Society of Grace M. E. Church will give a luncheon Tuesday, April 9, at the residence of Mrs. A. W. Himmler, 918 Logan Street. It is requested that all old members and friends be present.

May I take this opportunity to thank you for your splendid support in the past and ask for your continued support on April 16th. As you know, I am again a candidate for reelection. During the past four years I have tried to serve you faithfully as your commissioner of streets. It is by no means an easy assignment owing to the fact that there are no funds for resurfacing the old streets and the expense of upkeep increases each year, making it impossible to keep the streets up to standard. However, we have done the best we could under difficult conditions. It has been our thought during the past four years to give to the voters of Highland Park the best we have.

Respectfully yours,

J. H. TAYLOR

Your home and your health

Let VOGUE Protect Them!

Take an inspection trip through your home, from attic to cellar. If you find that your house is in apple-pie order, you will be gratified. If you find that there is cleaning to be done, you will be glad to do what is necessary to make your home more healthful and more beautiful.

INSPECT THOROUGHLY

RUGS AND CARPETS
Rugs should be properly cleaned at least once a year to insure against germ laden dust and harmful grit.

DRAPES AND CURTAINS

Adequate ventilation is important to health. Improperly cleaned curtains and drapes do not permit this; cleaning of these items should be done by a qualified expert.

UPHOLSTERED FURNITURE

Upholstery gathers germs and dust—the cause of common colds. Moths, harmful to fabrics, gather in seams and corners. All these can be removed by expert dry cleaning.

WEARING APPAREL

It is imperative that wearing apparel be cleaned periodically for the sake of health and for beauty and durability in the fabrics.

CHILDREN'S CLOTHING

Everyone gives special attention to the health of growing children. Clothing cleaned by an experienced cleaner is reasonable insurance.

MATTRESSES AND PILLOWS

The important part of the bed is under the sheet. Mattresses specially processed in our plant give more comfort—more health—AND MORE SLEEP!

BLANKETS AND COMFORTERS

If you spend 8 hours daily in bed, you spend one-third of your life there. Fluffy, airy blankets and quilts, cleaned of course by experts, give proper ventilation and yet retain the heat of the body.

Your rugs and furniture will be moth-proofed if they are cleaned by VOGUE.
