

Local Girls in Field's Style Show

ALMA AND CECELIA MOORE

MARGARET GOURLEY

With graduation activities in the air, this week's fashion show at Field's Evanston store should arouse a great deal of interest among mothers and daughters along the North Shore.

The show, carefully planned, will be exclusively for girls in school. Clothes for sportswear and for afternoon—dresses for the prom and for graduation—worn, as they should be, by senior girls from the several North Shore high schools. The Deerfield-Shields girls who will appear as mannequins for the evening are Margaret Gourley, Cecelia Moore, and Alma Moore.

The show will take place on the fourth floor of Field's Evanston store at 8 o'clock in the evening, Friday, May 3. Tom Hildebrand's orchestra will play. All girls in school with their mothers and fathers are invited.

were handed out to the first, second, and third grades of both Elm Place and Green Bay Road schools. The geraniums were given to the school by Mrs. Snite last fall. Soon as they were received the 7th grade made cuttings of them, first putting the cuttings in wet sand. Later the growing geraniums were transplanted to small pots, then transferred to larger pots and the children took them home.

Keith Shay.

Improvements Made on Grounds

With the help of Federal Emergency Relief labor the Elm Place school is excavating a club room underneath the building. The ravine is also being improved, so that instead of having an oily, open stream, tiles have been laid below the ground to take care of the drainage. This work has been in progress since spring vacation. The school children have been very thoughtful about keeping away from the workmen.

By John Rompel.

School Wins Trophy

Last Monday morning in assembly at Elm Place school, Mr. X, the Community Center director, presented a trophy, won by the heavyweight basketball team, to the captain, Jerry Parsons.

Mr. X stated that the teams in the league were not playing so much for the trophy as for good sportsmanship and fun.

The trophy is a shield on which is a silver figure of a basketball player jumping for the ball. This shield was given to the winning team by the high school.

Jerry Parsons, captain, accepted the cup from Mr. X, and then gave it to Mr. Price for the school. It will be placed in the case in the upper hall with the school's other trophies.

LINCOLN SCHOOL

A Misfortune

Thursday, April 25, the Girl Scouts of Lincoln school went on a hike. The hike happened to fall on our leader's birthday; so we planned a party for her. One of the other girls and I made cakes. We did not want our leader to see them so we hid them in some bushes.

While we were eating two men on horses came along with a dog. When we went to get the cakes we found that the dog had eaten part of my cake. The part he ate had written on it in icing, "Happy Birthday!" That meant we had only one cake.

In spite of the misfortune we all had a good time.

Phyllis Stryker, Grade 7A.

Seventh Grade Newspaper

The boys and girls of the 7B class in Lincoln school have subscribed to a newspaper called "The Boys and Girls' Newspaper." They each brought money to pay for it.

It is a weekly newspaper and we get it until the end of the school year. The newspaper has a variety of interesting articles. It has news from foreign countries and of the United States. The newspaper also has personalities, a sports page, a

continued story, a girls' page, a page for puzzles, and humor, seven comic strips, news of the movies and other interesting, educational, and amusing features.

Jack Millar, Grade 7B.

The Rescue of a Cat

Wednesday some of us at Lincoln school noticed a cat way up high in a tree. The firemen came and tried to get it down, but they could not. The policemen shot at the limb to frighten it down but they could not get it down either. Then Mr. Whitehouse got a ladder and climbed up and put the cat into a bag and let it down slowly. The third grade children were having play when it happened. They all gave him a big clap. He was surprised.

Jimmy Bock, Grade 3.

Ravinia School

The 8th grade of Ravinia school has decided to have their graduation play on Friday night, May 24, 1935. The name is "Rip Van Winkle." The public is invited.

Richard Hart.

Grades 5 through 8, of Ravinia school have chosen baseball teams in the school. They choose teams on April 3 during school time. There were four captains to each room; two for the boys, and two for the girls. The teams play during their play period.

Louise Haessler, Grade 6.

An Interesting Assembly April 12 the children of Ravinia had an especially interesting assembly. Mr. Copp showed several movies.

We have been having a series of nature study assemblies. This one was mostly about northern animals. They showed pictures of a loon's nest and eggs and then the baby loons. The baby loons were small and fuzzy—unlike most other birds.

They also showed pictures of cormorants and fishing for muskies.

Betty Jeanne Fabian, Grade 8.

School News

ELM PLACE SCHOOL

Science Science classes continue to take their regular field trips after school in the afternoon.

Frog and salamander eggs for observation at school, as well as crayfish, are obtained.

Wild flowers have received their share of attention, top. In the woods during the past week the following kinds have been found:

Bloodroot, hepatica, spring beauty, rue anemone, buttercups, cruciferae, marsh marigolds, red trillium, and some very early violets.

Baseball

In Elm Place school there is a great deal of enthusiasm for playing baseball. Many of the children of the 4th and 5th grades are learning how to play and enjoying it.

The captains are as follows: Team 1—Clara Markowitz. Team 2—Joy Flint. Team 3—Janet Graves. Team 4—Donna Mae Alexa. They played four games last week and are doing very well.

Eileen Edwards, 7th Grade.

My Baby Sister

My baby sister is nine months old. She can sit up. She pulled my hair. She bit my finger. She has four teeth.

Yesterday my mother took three pictures of the baby. One picture mother took of the baby, she was laughing.

Anna Mae Haltermann, 2B.

A Trala

I saw the "400." It has a dining car and a patrol car and a coach and an observation car.

It goes "400" miles in "400" minutes. It goes very fast.

Heinz Bischoff, 2B.

Busy Week for Science Classes

Mr. Leech, science teacher, has been quite busy for the last week. He and some pupils from the science classes have reset from three to four thousand tomato plants to flats, and put them in the hotbeds. Just as soon as the planthouse was empty, flowers were planted there, among them, petunias, calendulas, zinnias, asters, and ageratums. This planting was finished Friday.

During the last week geraniums

YOUR FURS

deserve this care

Our fur department is in charge of a master furrier with many years' loop experience. In this department your furs are cleaned and glazed by furriers' methods, stored in cold storage vaults and fumigated by government formula. Reasonable rates. Phone for a personal call and written estimate.

you're proud of your knits... A SPECIAL DEPARTMENT to keep them looking their best always

You're proud of that knit garment you created? Well you may be! But your work is just the half of it. Making it look smart and fit your figure is the work of experts. That is where we come in.

We have opened a special department for cleansing and blocking all types of knit garments to individual measurements.

There is a special fitting room for your use. A qualified attendant with long-time loop experience is available to help shape your newly created garment.

You are invited to avail yourself of these unusual facilities. The cost is so insignificant compared with the work you put in and the smart appearance that will result.

And we'll be glad to help you keep it looking well as long as you want to wear it!
