

A LECTURE ON CHRISTIAN SCIENCE

According to Irving C. Tomlinson of Boston, the outcry of a suffering world today for salvation was answered twenty centuries ago by Christ Jesus when he said "Ye shall know the truth and the truth shall make you free." He also stated that Christian Science comes today in his name with an assurance that the promises will be fulfilled.

Mr. Tomlinson, who is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, Boston, Mass., explained that Christian Science teaches that whatever the need, there is always divine Love enough present to save one from any affliction, always truth enough to destroy any error, always divine intelligence enough to point the way out.

In stating that the urgent problem of today is the solution of the uncertain and unsettled state of affairs in the economic or business realm, the lecturer explained that since there is just as much land and air as there ever was, just as much food, (in fact an abundance of food), just as many willing hands to go to work — an abundance of material supply, the trouble is obviously not in the matter condition or the material situation, but in the mental realm. All lack is a mental condition, he said, and mankind is experiencing the results of corruption, greed, materiality, prior to its purification.

He held that today Christian Science, as discovered by Mary Baker Eddy, offers a solution for the problems not only of the individual, the home and the church, but for the counting room, the factory, the farm, even the governments of the world. He explained that Christian Science is teaching that the words of Paul "My God shall supply all your need according to his riches in glory by Christ Jesus" state a present day fact.

The lecturer reasoned that since God is Mind, and God is infinite, and one, it follows logically that God is all the Mind there is, and there can be but one Mind. This Mind, he declared to be all-seeing divine Love. The activity of this Mind, he pointed out, is always in the realm of perfection, and transformation, not annihilation, is the result of this activity.

More than ever men are asking Pilate's question "What is Truth?" Mr. Tomlinson declared, and in explaining that the answer of Christian Science is that Truth is God, he quoted from the Christian Science textbook, Science and Health with Key to the Scriptures, by Mary Baker Eddy, this unparalleled definition: "God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love." Truth then, he pointed out, is the incorporeal God, without flesh or any thought of flesh; it is divine consciousness. He also quoted the statement from Mrs. Eddy's book "The First Church of Christ, Scientist, and Miscellany": "If we say that the sun stands for God, then all His rays collectively stand for Christ, and each separate ray for

men and women," and explained that the whole light, then, is Christ, and the rays are the children of God.

Mr. Tomlinson spoke of his intimate acquaintance with Mrs. Eddy, and said that she was tireless in her industry, that her capacity for work was prodigious. He pointed out that she was in her eighty-seventh year when she established an international daily newspaper, The Christian Science Monitor, which is now recognized as one of the leading dailies of the world, and he said she read it thoroughly every day. He spoke of Mrs. Eddy as radiating light and joy upon all about her. "Grace and love and unflinching tenderness distinguished her no less than intelligence, strength, and profound penetration into the hidden causes that lie back of all outward manifestations," he declared. She was always the fearless leader, he said, obedient to the revelation that God had given her.

The lecture, only a few of the important points of which have been touched upon here, was given under the auspices of First Church of Christ, Scientist, of Highland Park, Tuesday evening, May 7, at Elm Place Auditorium.

West Ridge Club Honors Mr. Blasier

The business of the West Ridge Community Club was speedily dispensed with at their regular meeting on Tuesday evening, May 7 for the remaining time was to be in the nature of an "open house" in honor of Mr. and Mrs. D. M. Blasier of Ridge Road.

An unusually large crowd of friends and neighbors had gathered and were shown pictures of school activities dating back to the time when Ridge was just a one room school.

Mr. Blasier has recently retired from the board of education of District 108 after serving for twenty-five years. In token of their keen appreciation and gratitude for Mr. Blasier's untiring loyal efforts in their behalf the people of the Ridge community presented him with a beautiful watch bearing his signature and fittingly inscribed.

Mrs. Blasier, too, has been untiring in her interest in the school and community and she was given a lovely bouquet of sweet peas and roses.

After some community singing everyone was invited into an adjoining room where a table, beautifully decorated, was awaiting them with its dainty and tasty refreshments. Mrs. Will Krumbach and Mrs. John Jackson presided at the table and the group disbanded at a late hour after an evening of delightful visiting and reminiscing among friends, many of whom had not met for many months.

Card Party, May 18
A card party is being held Thursday evening, May 17, at 8 o'clock in Legion Hall, on Sheridan Road. There will be prizes including a door prize. The public is invited.

D. A. R. Better Films Committee Review

May 9 - 10, Thursday and Friday, "Ruggles of Red Gap," featuring Charles Laughton and Mary Boland. Harry Leon Wilson's keenly humorous and ironic story of an American social climber and her experiences with a gentleman's gentleman from the service habit of generations into complete independence of thought and work. Charles Laughton in the title role adds another to his fine gallery of character portrayals. His recital of the Gettysburg address is outstandingly effective, excellently directed and acted by entire cast. Family.

May 11, Saturday only. Janet Gaynor and Charles Farrell in "Change of Heart." In this delightful production we have the story of four young college graduates who set forth to conquer New York and that life does not always work out according to plan. Family.

May 12, 13, 14, Sunday, Monday and Tuesday: "Little Colonel" with Shirley Temple and Lionel Barrymore. How Shirley Temple can imitate gifted Bill Robinson as a tap dancer! Altogether delightful is this well loved familiar tale of the South in 1870 with its spirituals, pickaninnies and dancing. The role of the Little Colonel who reconciles her mother and grandfather, the crusty old colonel, well befits the wee winning Miss Temple. Family.

May 15, 16, Wednesday, Thursday. Anna Neagle in the "Runaway Queen." A gay merry go round of fun with a queen who would rather rule a man than a nation. Light comedy with a new star.

St. Paul's Evangelical Church
Rev. F. G. Piepenbrok, Pastor
Church school and worship service 10:30 a.m.

Sunday we will observe Mother's day. Could you chose a better place to pay tribute to Motherhood than in church? The following are a few lines from a letter written to a mother:

"My Dear Mother:
"This is Mother's day — your day, Mother. I am thinking about you, I love you . . ."

"I went to church today. I thought you would like to have me do that. During the service, dedicated to you and all mothers, I thought about you mother — about the sacrifices you had made for me; about the love you had given me; the hopes and dreams in your heart for me . . ."

Is your mother, whether living or dead, worthy of one hour's devotion in the House of God, on your part? We most cordially invite you to worship with us Sunday.

No Junior choir rehearsal next week.
On the evening of May 19 our Junior choir will present their Easter cantata at the Long Grove Evangelical church.

Redeemer Lutheran Church
West Central Avenue

Rev. W. F. Suhr, Pastor
Sunday school 9:30.
Morning service 10:30.

The senior Walther League will have charge of the service on this, Mothers' day. A special offering will be taken for the benefit of the Old Folks Home at Arlington Heights.
