**First Church of Christ, Scientist**  
 First Church of Christ, Scientist, Highland Park, Illinois, 381 Hazel Avenue, is a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Sunday morning service is held at 11 o'clock, and the Wednesday evening meeting, which includes testimonies of Christian Science healing, is at 8 o'clock.

Sunday school is open to pupils up to the age of twenty years, and is held Sunday morning at 9:30.

Subject for next Sunday's lesson sermon, "Soul and Body."

A free public reading room is maintained by this church at 43 N. Sheridan Road, which is open daily from 9 o'clock in the morning to 6 in the evening. On Sunday the reading room is open from 2:30 to 5:30. Here the Bible and all authorized Christian Science literature may be read, borrowed, or purchased.

All are cordially invited to attend the services and make use of the reading room.

### CHRISTIAN SCIENCE CHURCHES

"Mortals and Immortals" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 19.

The Golden Text was, "In the way of righteousness is life; and in the pathway thereof there is no death" (Proverbs 12:28).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Unto thee, O Lord, do I lift up my soul. Shew me thy ways, O Lord; teach me thy paths. Lead me in thy truth, and teach me: for thou art the God of my salvation; on thee do I wait all the day" (Psalms 25:1, 4, 5).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Mortals must gravitate Godward, their affections and aims grow spiritual—they must near the broader interpretations of being, and gain some proper sense of the Infinite—in order that sin and mortality may be put off" (p. 265).

# TO HELP BUILD SOUND TEETH—

**GIVE YOUR CHILD BOWMAN'S VITAMIN D MILK EVERY DAY**

● Bowman's Irradiated Milk gives your child not only tooth-building calcium and phosphorus, but the precious Vitamin D necessary for their proper utilization in the body. Few foods supply this essential vitamin. And many city children do not get enough of it from the sun. That's why so many food authorities stress the need of irradiated milk in conjunction with a balanced diet and oral hygiene for building and

safeguarding sound, healthy teeth. Bowman's Irradiated Milk helps build strong bones, too. It is so rich in Vitamin D that one quart a day is a valuable safeguard against rickets. Give your children Bowman's Irradiated Milk every day... to assist in preventing tooth decay caused by lack of milk minerals and Vitamin D; to build up the strength of their bones. If you're not already getting Bowman Service, just phone Sup. 6800.
