DEERFIELD-SHIELDS GRADUATION TONIGHT

For the first time in the history of Deerfield-Shields high school, two salutatorians will be presented in the commencement exercises, which will be held this evening (Thursday) at the high school auditorium at 8:15 p.m. They are Anna Tamarr, who will give the welcoming address, and Harriet Nelson, who will read "Farewell," an original poem. Lew Saret, valedictorian, will speak on "New Frontiers."

The guest speaker of the evening will be the Rev. Frank Pitt who will address the class on "Paying One's Debts."

Lew Saret is the son of Professor and Mrs. Lew Saret, 1732 south Green Bay road. Leading the class during his junior year, he was presented with the Harvard Book, which is given to the best all-around junior boy every year. He was in the senior play, a member of the student council, and served as president of the Stamp club and as editor of the high school newspaper.

Harriet Nelson is the daughter of F. V. Nelson, 640 Skokie avenue. She was a member of Pot Pourri, high school literary society, and held the position of president of the Girls club. Her high record has been rewarded with a scholarship at the University of Chicago.

Anna Tamarr, who tied with Harriet Nelson for second honors, which carries the position of salutatorian, is the daughter of Mr. and Mrs. Fred Tamarr, 248 North avenue. In addition to distinguishing herself scholastically, she has taken an active part in athletic events during her four years at the school. She has been awarded a scholarship at Coe College.

Three medals will be given, one by the faculty and two by the American Legion.

Every year since 1907, the medal of honor has been awarded to the senior boy or girl chosen by the faculty as the best all-around student. Money for this medal is secured from the fund left by the Class of 1927. Fidelity, accuracy, school spirit, perseverance, application, scholarship, and character are the qualifications for this honor.

Previous winners of the award are as follows: John Gifford, 1925; Harriet Beach, 1926; Lyman McBride, 1927; Merwin McGath, 1928; William Gifford, 1929; Hugh Seyfarth, 1930; Robert Lester, 1931; Myra Jane Hutton, 1932; Parker Johnston, 1933; and Harry Skidmore, 1934.

As is the custom, the name of the winner will be withheld until the day of commencement.

The American Legion will present a scholarship medal, which automatically goes to Lew Saret, the valedictorian. They will also present a medal to the best athlete, the recipient to be selected by the athletic board of control.

For the professional orchestra will play the march "Pomp and Circumstance," by Elgar. The number "The Der Freischutz" by Weber will be played as the interlude. For the recreational orchestra will play "Under the Double Eagle."

The presentation of honors and diplomas will be made by George T. Rogers, president of the board of education.

COUNCIL CONSIDERS PAVING CENTRAL AVE.

Highland Park's city council directed at its meeting last Monday night, that estimates of the cost of paving Central avenue from Green Bay road west to the point where concrete paving has already been laid, be secured and presented to the city council for consideration.

The poor condition of the street has long been recognized and it is hoped that the condition may be remedied in the near future. Philip Cole was the engineer appointed to figure the probable cost.

A proposal of the Carson Hutchins company to collect delinquent fire insurance taxes for a fee of 35 per cent was referred to the mayor.

The liquor ordinance, filed for public inspection two weeks ago, was passed unanimously.

High School May Add Italian to Classes in Modern Languages

Superintendent Richard L. Sandwick of Deerfield-Shields township high school announced this week that the board of education had decided to add Italian to the foreign languages taught at the school if a suitable teacher can be engaged.

This decision was reached after a petition was presented by Sam Pasquesi, president of the Italian-American Civic Association of Highland Park. This association is composed of persons born in Italy who have taken out naturalization papers. The purpose of teaching Italian in the school is to give American-born children of Italian parentage an appreciation of the arts and letters of Italy.

Chicago Still Safe; Explorer Sent Home

Raymond Wilson, 11, who succumbed to the lure of Chicago's bright lights and left his home in Milwaukee last Friday morning, "to see what Chicago was like," was picked up on Central Avenue last Saturday night and returned to his home Sunday morning.

Attention was first drawn to him by a large hunting knife he was wearing, probably to protect himself from Chicago "bad men." When questioned by police as to what he expected his father to do about his trip the young explorer expressed the opinion that "he'll tan my hide."

LEGION CARNIVAL TO BE BIG EVENT

Dumaresq Spencer Post of the American Legion announces that its annual carnival will be held this year at Sunset Park on July 2, 3, and 4, and will be an outstanding event.

Arthur Swanson, chairman of the committee in charge, has arranged not only for a greater number of concessions, games and rides, but a program to last three days that will include many new and unusual features. A big free show each night is to be one of the many added attractions that will make this year's carnival a real carnival of fun.

On July Fourth everyone is invited to enjoy an all-day picnic in Sunset Park in Highland Park. Fifty acres of park afford ample space for parking and play, and the use of the tennis courts and baseball diamonds will be free to all.

Special entertainment will last the entire day and will be climaxed with a patriotic program in the afternoon featuring an outstanding speaker.

The Golden Roosters, an organization of wholesale jewelers, will hold their annual picnic as usual, at the Vernon Country Club, located one and one-half miles west of Deerfield on the corner of Deerfield and Saunders roads. The date for this year's picnic is June 27.

Amateur talent from Highland Park and Deerfield is urged to compete in the amateur stunt night contest to be held after the banquet. Ten prizes, with a retail value of over \$250, will be awarded. Another Crash at Lincoln and Beech

One of Highland Park's champion accident corners was the scene of another crash Wednesday noon when a Dodge sedan driven west on Beech Street by Mrs. A. J. Wilson, 2318 Ridgewood Drive, was struck by an Oldsmobile sedan driven south on Lincoln Avenue by Fritz Schoening, who drives for J. Manley, 919 Lincoln Avenue.

Schoening said that because of the bushes on the corner, which obstructed his view, he was unable to see the other car until it was too late for him to stop.

EAST PARK DISTRICT SEEKS NAME CHANGE

Board members of the East Park District of Highland Park are seeking to have legislation passed in Springfield which will permit them to change the name of their body to the shorter and more descriptive, as well as accurate, "Park District of Highland Park."

Under the present legal set-up the only manner in which this could be done would be to disband the present organization and hold a general election to authorize the formation of a new one to take over the duties of the existing body.

An act designed to permit the changing of the name of such groups without the unnecessary expense involved in the only legal method now possible, is now in the legislature, in the hands of Senator Ray Paddock.

Merchandising Campaign to Be Concluded with Auction at Woman's Club

George Bowden, Fritz Gieser, Art Olson, Emmett Duffy and Harry Eichler are polishing up their vocal chords this week-end preparatory to handling the strenuous business of auctioneering next Monday night, June 17, upon the occasion of the Highland Park "Buck" auction to be held in the Woman's Club under the sponsorship of the Chamber of Commerce.

The "Buck" auction, culmination of a five-week's highly successful merchandising campaign, promises to attract several thousand people armed with "Bucks" they have accumulated in exchange for purchases made in Highland Park stores.

Highland Park has caught "buck" fever in real earnest. The epidemic has spread into virtually every household, with the result that the "auction sale" on June 17 will witness the assembling of several thousand men, women and children, each one eager to "bid in" on the exceptional articles of merchandise provided by the Highland Park business concerns. Purchases in Highland Park stores and shops these days are almost invariably accompanied by the question: "Where's my 'Bucks'?"

"Bucks" are being distributed by the thousands each day so that the bidders at the auction sale may be well equipped to "bid in" on the many articles offered. "Bucks" not money, will be used in the bidding.

Friday and Saturday of this week have been designated as "Double Buck Days," a circumstance which should serve to just about "clean out" all available bucks still on hand in the business places. Saturday night marks the termination of the "Buck" distribution, and residents are urged to pay their charge accounts by this time in order to secure "Bucks."

Several of the major articles, including the gas range and two bicycles are now on display in the window of the Alcyon Theatre. Other items to be auctioned include, groceries, clothing, jewelry, and certificates good for cleaning and dyeing, and auto repair work.

The auction sale starts promptly at 8 p.m.

Garden Club Members Hear Talk on "Iris"

An interested group of Community Garden Club members gathered at the Winnetka Garden Center last Monday to hear Mrs. Fred Clutton's talk on "The Iris." She explained types and features of the different iris, illustrating her points with the blooms themselves which members had brought for exhibition. She also told how the juxtaposition of one color would enhance the color value of another, while the wrong combination would spoil the entire effect desired in border or flowerbed.

After the talk members visited the gardens in Highland Park of Mrs. Clutton, Mrs. Wallen, Mrs. Hine, Mrs. McDougall, and Mrs. Harvey.

The program chairman of the Community Garden Class, Mrs. E. H. Harvey, who is responsible for the programs at the Garden Center this month, has another topic for Monday, June 17, at 10:30 a.m. The subject of the morning, "Garden Insects," will be given by Mr. Moenhouse, who is an authority on gardening and insects. He is superintending the C.W.A. reforestation project in the Chicago district. He is also garden adviser and landscape gardener for "The Fair."

Mrs. Jackson, head of the department of garden implements at "The Fair" will exhibit the newest garden implements and gadgets.

All persons interested are cordially invited to the meeting.
