HIGHLAND PARK, ILLINOIS THURSDAY, JUNE 27, 1935

NUMBER 17

Organization of Chest Shows Rapid Progress

Fourteen Agencies Have Applied for Memberships in New Civic Project

Considerable progress in the formation of the newly organized Highland Park Community Chest was reported at the meeting of the temporary board of directors held Monday evening, June 24, in the Highland Park Public Library.

The admissions committee, of which Allan I. Wolf is chairman, and the budget committee, of which Charles W. Jones is chairman, submitted a joint report of the work which they have done during the past two months in studying the activities and needs of the social agencies raising funds in Highland Park.

The report indicated that as a result of questionnaires sent to all the various organizations raising funds for social and welfare work in the community, a total of fourteen agencies had indicated a desire to become member agencies of the chest.

The report recommended that twelve of the organizations be admitted to membership at this time and set up a tentative quota of funds to be supplied by the chest for each.

The report was unanimously adopted and the officers of the chest were instructed to send formal invitations to the boards of directors of the twelve organizations to become members of the chest and to accept the quota of funds to be supplied by the chest as recommended by the budget committee.

"It is the hope of the temporary board of directors of the chest that the organizations formally invited to membership will take action on the matter before August 1," said Alfred Sihler, temporary president, "in order to allow the time necessary to prepare properly for a campaign this fall."

"The admissions and budget committees have done careful and conscientious work in carrying at their recommendations and it is our hope that the recommendations will be accepted in the same spirit of fairness and general good that they were made."

"The fact that all agencies expressing a desire to become members of the chest have not been recommended for admission at this time, does not mean that final action has been taken in the matter, only that further consideration is to be given their work and needs."

It was indicated that public announcement of the welfare agencies accepting membership in the chest would be made as soon as all had time to take formal action in the matter.

The Highland Park Community Chest has been legally incorporated under Illinois law. Under the terms of its by-laws a temporary board of directors has been set up which board will be replaced by a permanent board of directors as soon as an organization is completed. This permanent board will be composed of representatives of the member-agencies and the contributors.

Brookfield Zoo Tour Takes Place Today

Rain or shine, the bus tour sponsored by the Y.W.C.A. will leave for the Brookfield Zoo promptly at 2 p. m. and return at 11 p. m., today (Thursday), it is announced by the Y.W.C.A.

The price of the tour is reasonable and includes a picnic supper. There are still a few seats left for which a small deposit must be made at the office where the reservations are made. Further information may be obtained by calling H. P. 675.

During the last three years over 700 people have gone on the "Y" tours which are economic and inclusive. This will be the last tour offered this summer.

PRESS TO APPEAR EARLY NEXT WEEK

Because next Thursday, July 4, is a legal holiday, The Highland Park Press will be published next week on Wednesday. This makes it necessary to have all copy in the office not later than Tuesday noon. The advance in schedule makes it impossible to use material turned in later than that time. News matters handed in Monday will be given preference in page position.

Fourth Meeting of Mid-West Institute Now in Progress

The fourth annual Mid-West Institute of International Relations under the auspices of the Friends Service Committee and Northwestern University, opened Monday, June 24. With the public lecture series, Prof. Kenneth Colegrove welcomed the audience at the request of President Walter Dill Scott, who was unable to attend.

Senator Nye, chairman of the Senate committee investigating the traffic in munitions, was scheduled to discuss "Munitions, War and Profits." An unfortunate ailment prevented his appearance. On short (Continued on page 4)

101 Students Attend Summer School Here

The Deerfield Shields summer school is being attended by 101 students from Highland Park and environs. Registration was held June 17 and the term will last eight weeks.

Although the teachers receive only a certain amount per subject for each student, they have split the work up NRA fashion so that each will receive compensation, according to Ben H. Ball, who is acting as principal during the summer.

Most of the work being taken in English, social science, and vocational departments.

E. Wacks to Address Local Lions Club

Art Snipes of the local North Shore Gas Company office has arranged to have Edward Wacks, assistant general manager of that organization, address the Highland Park Lions Club, Thursday noon, at the Moraine Hotel.

The manufacture of gas, storage, and its transmission will undoubtedly prove a very interesting story for all who attend this meeting.

Modense Society To Elect Officers

The 220 members of the Modense Mutual Aid Society will choose officers for the coming year at their meeting which will be held Friday evening, June 28, at the St. James Hall, Highwood.

The picnic, sponsored last Sunday by the society, was well attended and was a huge success. The profit will be used for the cause of mutual aid, the society's principle.

Sixteen couples participated in the bocce ball contest, which was won by the team of Emilio Amidei and Battista Corrado, contesting the final game, for the first prize, with Gus Gaggioli and Mike Antonini. The latter second was second.

Wildier Describes Michigan's Northern Peninsula

Tom Wildier, Ravinia artist, accompanied by Mrs. Wildier, is enjoying an outing and painting trip combined on the northern peninsula of Michigan with headquarters at Fort Wilkins near Copper Harbor, the end of U. S. Route 41, which goes through Highland Park.

Fort Wilkins was established in 1844 to protect prospectors from the Indians when the copper rush was on at that time.

It was abandoned by the government when the population became sufficient for its own protection but some years ago the State of Wisconsin restored it to its original condition as a historic monument and made the reservation a state park.

The Lake Superior country is almost mountainous, the coast is rugged and wild and its red rocks and deep blue waters backed by evergreen forests, are picturesque and beautiful. Mr. Wildier is getting some interesting material for his annual exhibition, we are told.

Sheahan Drops Out of Postoffice Race

Raymond Sheahan last week announced that he has withdrawn his application for the postmastership of Highland Park. This leaves in the race, Gregory Sheahan, Frank McCaffrey, E. S. McConnell, Nels Johnson and Daniel Cobb.

COUNCIL PRAISED IN GREEN BAY PROBLEM

Members of the Highland Park city council were praised for their efforts in solving the Green Bay Road truck problem in a letter received this week from W. C. Shipnes, a resident of Green Bay Road.

The letter follows: Honorable Lyle Gourley Commissioner Highland Park, Illinois.

Dear Sir: "We feel that the mayor and the council have done and are doing all they can with reference to the traffic situation on south Green Bay Road and we really notice a great improvement. I have talked with a number of the residents and I believe that the majority of the property owners on the street feel that the council is doing its best and that that is all that can be asked."

"I noticed in the papers some possibility of a repeal of the boulevard ordinance. We sincerely trust that this will not be repealed as we feel that it would be a distinct damage all around and accomplish no good. The situation now, we feel, is being handled as well as it can be and I believe the majority of the residents are appreciative of the attitude and efforts of the council in the matter."

Yours very truly, W. C. Shipnes

The council also received a petition signed by 97 residents of the street asking that the ordinance remain as is.

Other business matters handled at the meeting were the receiving of police magistrate's report for the period from May 11 to June 15, showing \$100 collected in fines, and the approval of bills amounting to \$21,553.93 covering the period from April 15 to June 15, and the passage of an appropriation ordinance authorizing the council to appropriate money for city expenses during the fiscal year of April 1935 to April 1936.

Council Appropriates \$400,000 for Expenses

Members of Highland Park's city council passed an ordinance at their meeting last Monday evening, appropriating over \$400,000 for city expense for the fiscal year May 1, 1935 and ending April 30, 1936.

The largest amount appropriated for any one department is the appropriation of \$98,604 for the department of public health and safety which included the police and fire departments and the water department. Other amounts called for are as follows: public affairs, \$58,152; accounts and finance, \$6,490; streets and public improvements, \$41,910; public property, \$26,355; miscellaneous appropriation \$9,322.25; collection of taxes, \$1,000; acquisition or permanent property, \$7,700; street and sewer bonds, \$6,000; resurfacing, opening and widening streets, \$7,500; insurance, \$5,000; emergency, \$2,500; bonded indebtedness (including water bonds) \$119,000; library expenses, \$24,500.

Remodel Main Floor of N. S. Trust Building

Work is well along on the remodeling of the North Shore Trust building's main floor, and it is expected that an announcement of at least two new tenants of the building will be made in the near future, according to Paul Phelps, manager.

The main floor is being remodeled to provide the most modern store facilities with the latest type of Chicago loop display fronts, of a kind not at present found in Highland Park or in any of the North Shore towns north of Evanston.

Deibler Co. Offers Talking Pictures

Motorists may see the new Chrysler and Plymouth cars in action on the screen in their own homes or at the Deibler show rooms, with the Deibler Company's talking picture machine, which has recently been added to their equipment.

The machine takes very little room in a home and does not require much more space to be set up nor is a screen required. The pictures take about twenty minutes to show.

Those interested in having the pictures shown in their homes are asked to call the Deibler Company, H. P. 2120.

Sheridan Rebekah Lodge

The Sheridan Rebekah Lodge No. 801 will hold a stated meeting Monday evening, July 1, at 8 o'clock. A social card party will follow to which the members and their friends are cordially invited.

NO LICENSE MEANS ARREST AND FINE

Highland Parkers who have not yet secured their 1935 vehicle tags and wish to avoid paying a fine for their negligence, are warned that they must secure a license before an arrest slip is issued by the police department, as all of those arrested are being fined.

It has been the impression of many motorists that securing of a license after an arrest slip has been issued would end the matter. However, such procedure is felt to be unfair to those who come in voluntarily in the early part of the year and buy their licenses without putting the city to the extra expense of forcing them to do so.

Raft and Bernie in "Stolen Harmony"

A galaxy of screen and stage favorites be-star George White's Scandals of 1935, showing at the Alcyon Theatre this Thursday night only. Alice Faye and James Dunn head the cast.

After many years of successful and consistent playing on the stage, the play "McFadden's Flats" has been filmed and comes to the Alcyon on Friday and Saturday of this week. Walter Kelly, "the Virginia judge" Andy Clyde and Jane Darwell are the featured players.

Sunday and Monday will bring George Raft, Ben Bernie and All His Lads, and Grace Bradley in "Stolen Harmony."

James Dunn, Mae Clarke and Neil Hamilton in "The Daring Young Man" are to be shown on Tuesday and Wednesday, July 2 and 3 at the Alcyon.

New Schedule Given For 3 Per Cent Sales Tax

Highland Park merchants are being urged by the Chamber of Commerce to adopt the following schedule covering the 3 per cent sales tax which becomes effective July 1. Chicago merchants have already agreed to follow the schedule as here presented, and it is anticipated that most merchants will use in computing the added cost.

On sales of from 1c to 14c inclusive—no tax.

On sales of from 15c to 50c inclusive—1c tax.

On sales of from 51c to 83c inclusive—2c tax.

On sales of from 84c to \$1.16 inclusive—3c tax.

On sales of from \$1.17 to \$1.50 inclusive—4c tax.

A later dispatch from Springfield, however, gives rise to doubt as to whether or not the schedule will be necessary. The announcement says that within a few days, tokens representing a three per cent tax on five cents will be distributed for use in paying the tax.

LAST DAY TO FILE HOLC APPLICATIONS

Midnight Tonight Is Deadline for Obtaining Loans from Government

Unfortunately, a Washington release of June 21 gave July 27 as the closing date for filing HOLC applications, instead of June 27.

Midnight of June 27 (not July 27) is the deadline for applications for Home Owners' Loan Corporation loans under the amendment of the Home Owners' Loan Act recently passed by Congress.

"In fairness to eligible home owners, it is very important that this erroneous statement be corrected," said Henry G. Zander, Jr., state manager. "Home owners who are misled by this incorrect announcement may postpone filing their application until after June 27, only to find that their applications cannot be accepted. Illinois newspapers, therefore, can be of real service to their readers by correcting the erroneous report set out from Washington on June 21, and emphasizing the fact that June 27 is the closing date."

Illinois offices of the Home Owners' Loan Corporation will be open until midnight of June 27 to take care of last minute applications. These applications may be filed in the HOLC office in the following cities: Chicago, 215 West Wacker Drive; Waukegan, 214 Washington Street.

Plans Are Complete for Deerfield's Centennial

Mrs. Mary B. East Receives Re-Appointment as Highwood Postmistress

Mrs. Mary B. East, Highwood's postmistress for the past four years, received word this week from Senators Lewis and Dieterich of her re-appointment. Mrs. East was first appointed in 1931 to succeed her husband, Major H. L. East, at the time of his death.

West Ridge Community Seeks Auditorium

In order to obtain an auditorium for the children of the West Ridge Grammar School, members of the community have started a building fund. A committee of five has been put in charge of their program is the first event on their program is an old-fashioned ice cream social.

It is to be held on July 4 on Clavey Road, between Sumac and Ridge, at 7 o'clock. Ice cream and cake will be sold for a nominal fee, and families who have fireworks will bring them to this spot in order that they may be enjoyed by all. In case of bad weather the program will be held at Ridge School.

Mrs. Will Krumbach is in charge of the event. Other projects planned for the future are a street dance, a rummage sale, a play, a card party, and a cook book is to be published.

Charles E. Mason To Be Speaker at Legion Carnival

Charles E. Mason, states attorney of Lake County and ardent foe of radicalism, will be the principal speaker on July 4 at the annual American Legion carnival and picnic at Sunset Park in Highland Park.

Each year this three-day event on July 2, 3 and 4, sponsored by Du-maresq Spencer Post of Highland Park, for the benefit of its charity and child welfare funds, has been the outstanding event of the north shore.

Fifty acres of beautiful trees and lawn in Sunset Park afford ample space for parking and the several thousand who look forward each year to this major attraction with its rides, contests, games, music, dancing, free entertainment and many other interesting features.

As part of its Americanism program the Post has not only arranged this year for an all day picnic and celebration July 4 but an impressive patriotic program in the afternoon.

Charles E. Mason, who will be the featured speaker on this occasion, has long been a prominent figure in northern Illinois politics and patriotic affairs. Known to his many followers and host of admirers as the "Little Napoleon" because of his aggressiveness in all he undertakes, he speaks with a forceful conviction that accounts in no small measure for his success in state and national affairs.

He has already done much to combat radical activities in the state and through the Benevolent Order of Elks in which he is one of the grand lodge officers and nationally prominent. Because he is well informed and a speaker of considerable ability his appearance always attracts a large attendance.

The grove in Sunset Park, however, will afford ample accommodations in order to better care for the many who will attend, a public loud speaking system has been installed.

Golden Roosters Hold Amateur Contest Today

Anyone having amateur talent may participate in the contest which the Golden Roosters, an organization of wholesale jewelers, is holding at their picnic today (Thursday). The contest is a part of the entertainment program of the picnic at the Vernon Country Club, one and one half miles west of Deerfield on the corner of Deerfield and Sanders roads.

A display of the ten prizes which will be given can be seen at Nemeroff's jewelry shop on Central Avenue. The prizes which include a diamond ring, silverware, and watches, have a total value of over \$250. Although no entrance fee is required, those desiring to compete must have secured application blanks at Nemeroff's.

Village of Deerfield Prepares for Two-Day Celebration of 100th Birthday

At a meeting Monday evening at the Deerfield Masonic Temple, committee chairmen of the Deerfield Centennial, met for a final gathering to put the finishing touches on the plans for the commemoration of Deerfield's first 100 years.

Last minute preparations for the serving of the supper were made. Harding caterers will serve a roast beef dinner Saturday from 4:30 to 6:30 p. m., at a reasonable charge and the centennial will share to the extent of fifty percent of the net profits. Elmer Clavey will act as chairman of the committee to get benches and tables.

Last Saturday representatives of the four churches decided that it would be too difficult to serve such large crowds in that location (the high school grounds) so action was taken Monday evening to secure the caterers.

Persons accompanying the oxen in the pageant are to be here several days and will stay with local people.

All Centennial guests will be asked to register during the centennial celebration either at the historical exhibit or at the recreation field in the Boy Scout tent.

The Mosquito Abatement District offices have been asked to sprinkle oil on the grounds the day of the pageant to insure release from these pests.

Boy Scouts will camp on the field three nights to protect all equipment.

Airports have been requested to notify their pilots not to fly planes over the field during the time of the pageant as it interferes with the amplifier system.

Mrs. Fred Meyer, Mrs. George Pettis and Mrs. William Johnston will make doughnuts and serve coffee on Friday evening to members of the Fort Sheridan Band. The American Legion Auxiliary will assist in serving lunch to the musicians.

Insurance will be taken out to cover any accidents on the grounds. The centennial voted aid to the street dance which will be given after the pageant. The dance will be sponsored by the Deerfield Woman's club to benefit the field house fund. Miss Jane Ashman is chairman.

Committees reported all in readiness for the centennial at this meeting.

Hanauer's Orange Groves Opens in Highland Park

Hanauer's Orange Groves, which have operated successfully in Evanston and Wilmette for several years, have secured as their Highland Park location, the new Drive-In Market at 360 Central Avenue, opposite the Alcyon Theatre.

Mr. Hanauer says his firm is the only one of its kind shipping citrus fruit in carload lots which, due to saving in purchasing costs, can be sold at lower prices.

"In addition to fruit," said Mr. Hanauer, "we handle a complete line of vegetables, which are brought in fresh daily and during the summer time these vegetables are purchased in the outlying farm districts thereby enabling our customers to secure their vegetables only a few hours after picking, or digging.

"Our prices speak for themselves, and our places being in charge of experienced men guarantee our customers efficient and courteous service at all times.

"Due to our volume buying, Highland Park, Lake Forest and Deerfield people will soon discover that they can effect a considerable saving, as our business policy calls for quick turnover."

The Market's ad appears on page 2 of this issue.

BURGLARS ENTER TWO HOMES OVER WEEK-END

Burglars entered two Highland Park homes sometime last Saturday night or Sunday morning and escaped with a small amount of loot.

From the home of Harvey Witten, 661 Central Avenue, they secured an automatic pistol and a diamond ring, and from the home of Mrs. Frank Sheahan, 675 Yale Lane, a small sum of money.
