Poetry Festival To Be Held at Northwestern

The fifth annual National Poetry Speaking Festival being sponsored he will follow with readings from western University, opens its first session Thursday, July 11 at 2 p.m., with a round table discussion led by Lew Sarett of Highland Park, which the appreciation of good poetry. The his own verse.

There will be a general reception at 4 o'clock, after which the meeting adjourns until 8:30, when the University Theatre will present Shakespeare's "As You Like It." The Friday afternoon session will begin at 2 in the afternoon in Harris hall, at which time the preliminaries will take place. The semi-finals came at 9:30 a.m. Saturday, the 13th.

Those participants chosen by the audience as showing special distinction will be asked to appear on the Honors Program on the evening of Saturday, July 13, at 8:30 in the School of Speech auditorium. Book awards will be made to all who appear in this final program.

The purpose of the festival is to cultivate an understanding of the power of spoken verse and a sensitiveness to its beauty, and to deepen

The advisory council for the fesscope of poetic material to be used is wide, ranging from the tragedies of Euripides to the lyrics of Robert Browning and Matthey Arnold.

The idvosory council for the festival consists of President Walter Dill Scott of Northwestern, Davis Edwards of the University of Chicago, Robert Frost the New England poet, Louise Ayres Garnett of Evanston, Gertrude Johnson of the University of Wisconsin, Harriet Monroe, editor of Poetry, Edward Arlington Robinson, Carl Sandburg, Lew Sarett and Franklyn Bliss Snyder, both of the Northwestern University faculty.

FHA Loans Increase Refrigerator Demand

Changes in the regulations govering loans obtainable under the Federal Housing Act, enabling tenants and persons in the lower income brackets to apply for loans, has brought an increased demand for electric refrigeration in the home according to Percy Prior, of Iredale's Inc., local Kelvinator dealer.

"We have received many inquiries from families living in rented houses and from those with small incomes, asking us how they can obtain a loan under the new FHA regulation for the purchase of an electric refrigerator," Mr. Prior said. "Under the new regulations, the borrower need not own or have other legal interest in the property in which the improvement is to be made. Elimination of the rule requiring the borrower to have a gross income five times his annual payment, is permitting those with small incomes, whose credit rating is good, to obtain loans for the purchase of electric refrigerators.

"Another recent change in FHA loan regulations permits borrowers to purchase household equipment without the necessity of permanently connecting it to the house wiring. An electric refrigerator bought with a government insured loan now can be connected direct to any electrical outlet, thus making it possible for the refrigerator to be moved easily if the tenant should rent another home.

"We are ready at Iredale's to aid any person who wishes to apply for a Federal Housing Act Loan at any time. All of our salesmen are thoroughly informed on the FHA regulations and have all the necessary papers which must be filled out by the applicant."

Sketch Class To Meet Saturday, July 13

Marine, landscape and architectural sketches will all have a chance this week when the North Shore Art League Saturday Sketch class meets in Wilmette Park next Saturday, July 13. For the harbor will offer water and boats, the Bahai Temple offers architecture and the scenery of the park gives ample scope to the landscape painters. Last week, the gardens of Mrs. Perry Crawford, in Winnetka, drew the largest crowd yet assembled. The favorite spot of the sketchers was the pond, which many combined with the flowers and trees to make pleasing sketches.

All who are interested, whether expert or student, amateur or professional, are cordially invited to attend these Saturday afternoon gatherings. The North Shore Art League seeks to offer all art-lovers a community interest and a place to meet with congenial friends.

For those who wish to continue or begin the study of various branches of the graphic arts, the Art League maintains classes in the commodious studio in the Community House, Winnetka. During the summer, the sculpture class, under Nancy Coonsman Hahn, is meeting Monday and Wednesday mornings. In the fall, the various painting classes, for advanced and beginning students including the children, will start anew as well as continued sculpture classes. Meanwhile, the League invites you to "get acquainted" through the Sketch class—every Saturday afternoon.
