With Plenty of Hot Water ...

you have a convenience that gives you daily aid in household tasks

New Comfort for Your Home!

Bring new ease to your household tasks! Enjoy greater convenience every time you use hot water. An abundance of hot water is required for dishwashing, clothes washing, scrubbing, cleaning. A plentiful supply also is needed for baths, showers, shaving, washing, shampoos, and other personal uses. If your present water heating method is slow, unreliable, and inefficient ... own a gas tank water heater for improved hot water service. It supplies hot water quickly. Gives you as much as you need ... so you always have enough.

It is unusually easy to own a gas tank water heater on our special offer. You pay only \$1 down and the gas tank water heater will be connected to your present range boiler. Then \$1 monthly pays the balance. Here is a plan that will let you enjoy new comfort. Have hot water service that makes it easy to have all the hot water you need. For full details of this offer, come in now ... or telephone.

UPSTAIRS CONTROL

You can turn your tank heater on and off upstairs with a handy control installed where it will be most convenient for your use. The upstairs control can be used with your present gas tank water heater ... or it can be installed with your new gas tank water heater. The small investment you make in an upstairs control will be repaid many times in the service it performs. Without obligation, ask now for complete facts.

Tank GAS water heater \$1 down \$1 monthly

Upstairs control installed without any increase in down payment or monthly payments.
