

Playground Enrollment Gradually Increasing

In spite of the unfavorable weather during the past week, the playground activities and enrollment at the Highland Park playgrounds are gradually increasing. It is hoped that even more children will take advantage of the playgrounds and thereby really enjoy organized play which is supervised by competent instructors at all times.

Baseball games scheduled between the playgrounds for both boys and girls continue to be one of the most popular activities as also does the swimming classes which are held twice each week, Monday and Friday mornings. More and more children are attending these classes at each session and are making rapid progress. Any child in Highland Park wishing to take part in these classes may do so at any time by merely enrolling at the nearest playground.

Evening activities at the Lincoln and Sunset playgrounds are well attended by youngsters and adults alike. Those people who have not as yet taken advantage of this opportunity for recreation in the evenings are urged to visit one of these play centers some evening. The playground staff will be glad to help organize groups interested and also to secure the necessary equipment for such games as volley ball, badminton, softball, horse shoes, and

tennis.

The playground schedule for the week of July 15 is as follows:

Monday morning, July 15—Sunset, Port Clinton and Lincoln groups to the Central Beach for swimming lessons; Ravinia group to Rogers Williams Beach for swimming lessons. Afternoon—General program at Sunset, Port Clinton, Lincoln and Ravinia playgrounds.

Tuesday morning, July 16—Boys' baseball; Sunset at Lincoln; Ravinia at Port Clinton. Afternoon—General program at Sunset, Lincoln and Ravinia.

Wednesday morning, July 17—Girls' baseball; Lincoln at Sunset; Port Clinton at Ravinia. Afternoon—General program at Sunset, Lincoln and Ravinia playgrounds.

First U. E. Church To Remodel Auditorium

The proposed changes in the auditorium of the First United Evangelical Church and the installation of new pews and other equipment, is being taken care of by a committee consisting of the pastor, F. Brandfeller, B. O. Fritsch, C. B. Thorson, Henry Maechtle, Jasper Rhinehart, and Arnold Peterson.

Plans are being made to have a rededication service on Aug. 25th, with Bishop C. H. Mengel of Allentown, Pa., officiating.

The new Sunday School building project has been dropped for the present.

NOW AND THEN

Knitting needles continue to click and numerous balls of yarn are unwinding as enthusiasts follow the fad. If all this yarn were laid end to end it would probably stretch around and around the world. . . . But we wonder, how did this gigantic mobilization of nimble fingers come about?

It is said that Bernard Ullman, a New York manufacturer of hand yarn, has his own private theory about how the boom started. He believes that it was caused by a letter which he sent to the Prince of Wales, in which he suggested that the Prince should take up knitting out of patriotic consideration of England's wool industries.

Soon after this newspapers reported that the Prince was spending idle evenings at St. James Palace complacently knitting a sweater, and, incidentally, setting an example which romantic American women soon followed.

Another theory reported is that the knitting bag which Mrs. Roosevelt always carries inspired the present boom. But regardless of how the fad started, makers of knitting needles, needle gauges, stitch counters, one-armed chairs for knitters, and knitting bags, are as concerned over keeping it going as the wool mills.

When you drive over Chicago's double-decked Michigan Avenue bridge, you are crossing a bridge upon which the daily traffic is greater than the widely famed London bridge, or the Brooklyn bridge of New York.

According to a study made by the Chicago Association of Commerce, 34,448 cars pass daily over the Michigan Avenue bridge. While only 18,387 is the average of daily traffic on the famous London bridge, and 27,131 on the Brooklyn bridge.

Edward Prosser Wins in Flag Tournament

Hot weather, we are told, must agree with Eddy Prosser because he "planted his flag" on the second green in the Sunset Valley Flag tournament last week.

Second place was Howard Haggie's with a couple of strokes to the rear. In the blind bogey festival Oliver Weed, George Bliss, George Hutchinson, S. A. Roth, A. B. Haven Sr., and R. M. Weeks were tied and Weed won the draw. "W. "Lucky" Flynn copped second fiddle.

Last Sunday S. A. Roth won the blind bogey with a 96-12-84 and Joe Davis eased into second place with a gross 81. In the quarter finals of the President's Cup Geo. Bliss beat Red Fell 3 and 2. Bliss probably had the luckiest shot of the season when he topped his ball with a 7 iron on the 8th tee, hit the bridge across the creek, bounced off to a tree, bounded back to the bridge again, from the bridge to the wooden cover on the water hydrant, from there to the green. If you believe this, George will tell you another.

Deerfield Wins Game from Orchard Place

Jim McDermott's Circus of Deerfield beat Orchard Place 13 to 10 in a Northwest League game at Evanston.

The contest was nip and tuck for six innings with the winners leading throughout. Five Deerfield runs in the seventh gave the contest a one-sided aspect until a six-run rally by Orchard Place in the last inning threatened to keep Deerfield out of the winning column.

With the score 13 to 6 in favor of Deerfield Pritchard, who hadn't pitched since the opening game at Park Ridge, relieved Blair, was hit for two triples, one coming with the bases loaded, 4 runs scoring. Gaines finished the game for Deerfield.
