#### CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, Au-

gust 25. The Golden Text was, "Who hath known the mind of the Lord, that he may instruct him? But we have the mind of Christ" (I Cor. 2:16).

Among the citations which com prised the Lesson-Sermon was the following from the Bible: "Great is our Lord, and of great power: his understanding is infinite. He sendeth forth his commandment upon earth: his word runneth very swiftly" (Psalms 147:5, 15).

The Lesson-Sermon also in cluded the following passages from the Christian Science textbook, Science and Health with Key to the Scriptures," by Mary Baker Eddy "Mind Is God. . . . We can have but one Mind, if that one is infinite. We bury the sense of infinitude, when we admit that, although God is infinite, evil has a place in this infinity, for evil can have no place, where all space is filled with God'
