HIGHLAND, PARK, ILLINOIS THURSDAY, SEPT. 5, 1935

ON ALL NEWSTANDS 5c

TWO NEW TEACHERS IN DISTRICT 107

Miss Alice Buehler and Mrs. G. H. Roberts Come To Elm Place and Green Bay

Due to the resignation of Mrs. Mildred Roberts, who has accepted a position as primary supervisor in Mansfield, Ohio, Miss Alice Buehler, of Chicago, has been engaged to teach reading and English in the fifth grade of the Elm Place school. Miss Buehler is a graduate of Milwaukee-DuSable and of Northwestern university. For the past five years she has been teaching fifth grade and art in the Northbrook schools with unqualified success.

Mrs. Garnet H. Rodgers of Macomb, Ill., has been engaged to teach fourth grade in the Green Bay Road school. Miss Marian Stimson resigned the fourth grade position there because of ill health. Mrs. Rodgers is a four year graduate of the Western Illinois State Teachers college and holds a Master's degree from the University of Wisconsin. She has had wide experience as a critic teacher in the teachers colleges of Wisconsin and Illinois. Mrs. Rodgers is also an accomplished musician.

Although the loss of the two resigned teachers is regretted, Mrs. Rodgers and Miss Buehler will undoubtedly be assets to the teaching staff of the schools. With their aid, music and art will receive greater emphasis in the schools. Mr. Bert Greene, fifth and sixth grade arithmetic teacher in the Elm Place school, will have charge of the band.

School will open on Monday morning, Sept. 9, at 9 o'clock. All pupils should report to their home room teachers of last year. Assignments to new home rooms will be made on Monday morning. Book lists will be given out at this time and all text books should be purchased on Monday afternoon in the office of the Elm Place school. The regular full-time schedule will begin on Tuesday, Sept. 10.

Children who will be 5 years old by Jan. 1, 1936, will be admitted to kindergarten at the beginning of the year. Birth certificates should be presented by all kindergarten children. There will be no mid-year classes this year.

Both the Green Bay Road and the Elm Place schools have been put into good condition for the opening of school. Considerable re-decoration and repair work has been done during the summer. The grounds are being put into condition by labor furnished by the IERC.

Rotary Club Members Hear George Prindle

George Prindle, superintendent of the Highland Park water filtration plant, was the featured speaker at the Highland Park Rotary club at their noon meeting, held Tuesday at the Moraine hotel. Clarence Witt, who was in charge of the program, introduced the speaker.

COMMERCE CHAMBER TO HEAR ANDERSON

Adoption of Sales Tax Tokens Will Be Discussed by Members

Members of the Highland Park Chamber of Commerce will hear the Rev. Thomas Anderson speak on "Going on from Here," and inspirational business addresses, at their opening fall meeting, to be held Tuesday, September 10 at 8 p.m. at the Green Tea Parlour. The Reverend Anderson will be remembered by many members of the organization for the speech he gave before the chamber some years ago, and directors are looking forward to a large attendance, as in addition to the attraction of presenting an unusually good speaker, known for his forceful talks, several business matters of importance will be discussed.

One of these topics, which will be given close consideration will be the adoption or rejection of the use of the one and one-half mill sales tax tokens now in wide use in Chicago and other metropolitan centers. Although a few have made their appearance in Highland Park, their use has not yet been definitely decided upon by the members.

On September 3 the Illinois Department of Finance issued these tokens. The retailers Occupational Tax Department has not yet decided whether they will be commonly used in Highland Park will probably be definitely decided at this meeting.

Dove Hunters May Shoot from 7 A. M. Until Sundown

Local dove hunters who have been taking advantage of the present open season (which will close September 30) are informed that the afternoon deadline, formerly set at 4 p.m., after which no doves could be shot, has been extended to last until sundown each day. Shooting may start at 7 a.m.

The dove season does not appear on the Illinois hunting license because the birds are under Federal control, being classed as migratory game birds. As a matter of fact, the only birds under state control on which there will be open seasons this year are cock pheasants and quail. There will be no open season on prairie chickens nor on Hungarian partridge, of which only a relatively small number are found in the few local fields still left open to hunters.

However, as a limited number of Hungarian partridges have been observed near here, it would be well for the novice at hunting to familiarize himself with their appearance, in order that he may not find himself in the unenviable position of paying a heavy fine for killing a bird which he did not know was protected.

"Hell's Angels" Is Feature at Alcyon

The younger generation gets its inning in "Smart Girl" showing at the Alcyon tonight (Thursday) and the results are both surprising and satisfactory. The cast includes Ida Lupino, Gail Patrick and Kent Taylor.

"Under the Pampas Moon," feature attraction for Friday and Saturday, restores the Warner Baxter that film audiences have missed so long, the Warner Baxter with the "Old Arizona" accent, vigor and gaucho wardrobe. The picture has many other qualifications to recommend it: fast, romantic comedy, stirring music and lyrics, plus excellent performances by John Miljan, Ketti Gallian and Jack LaRue.

"Hell's Angels" is more than just a picture it is an experience brimming with the very essence of life and according to World War authorities it is the most authentic and realistic air spectacle which has been produced to date. Jean Harlow, Ben Lyon and James Hall head the cast in this film which will be shown on Sunday, Monday and Tuesday coming.

Ralph Bellamy, the north-shore's gift to Hollywood, has the leading role in "The Healer" playing at the Alcyon on Wednesday and Thursday, Sept. 11 and 12. Karen Morley and Mickey Rooney play opposite Mr. Bellamy in the successor to "The Miracle Man" by Robert Herron.

No Accidents Reported Here Over Labor Day

Contrary to the usual record of a Labor Day full of lives or serious accidents, not a single mishap of importance was reported this year to the Highland Park police department. In former years, automobile accidents, although not always serious or fatal, have been numerous and have given local police a great deal of extra work.

It is the thought that the greatly lessened number of cars on the road, due to the poor weather, was responsible for the remarkable showing. Even Skokie highway, a main artery, although heavily traveled in comparison to ordinary days, did not carry nearly its capacity of traffic.

Swimming Meet At Exmoor Club

A swimming meet will be held at the Exmoor Country club, Sunday, Sept. 8th at 4 p.m. Glenview, Exmoor and Indian Hill teams are to compete. A buffet supper will be served at 8:30 p.m.

Among the visitors from Highland Park who were registered at the St. Petersburg, Fla. Information Bureau last season included J. J. Brand, Mr. and Mrs. Allen Butterfield, Mr. and Mrs. T. Daily, Mrs. Frances K. Drabek, Mrs. Norma Hoag, Mrs. Rosa Y. and Mrs. H. B. and Mrs. H. B. and Mrs. H. B.

On September 3 the Illinois Department of Finance issued these tokens. The retailers Occupational Tax Department has not yet decided whether they will be commonly used in Highland Park will probably be definitely decided at this meeting.

ANOTHER SET-BACK FOR POOR RELIEF

Waukegan Office Takes Over Administration of Local Government Projects

Efficiency in government relief administration in Highland Park received a distinct set-back this week, when, with the closing of the State Employment office in the Old City Hall, which had been an IERC project, all records and documents were moved to a recently created office in Waukegan.

The move was made in spite of the fact that costs of operating the Highland Park office were negligible, rent being free, and only a small share of heating and light expense being necessary. Even the small part of these expenses was not to start until October 1, and would amount only to about \$15 per month.

In addition to working the hardship of forcing a personally financed trip to Waukegan on those seeking employment through the office, it is difficult to see how a gain in efficiency may be made by putting the responsibility of choosing men for a particular job on the shoulders of a worker who knows those under his supervision only by name and who has no personal knowledge of particular conditions which might make one man of apparently the same qualifications as another, infinitely better suited for work at a certain location. In the case of unskilled labor, the confusion is likely to be even greater, with every possibility of repeating a recent instance which occurred in another branch of relief work through similar conditions, where a man suffering from heart trouble was assigned to heavy manual labor, while another suited to the heavy work was put to work guarding a crossing. In all fairness, it must be said that this instance did not occur in this office, but it did happen in an office which was under the same conditions of administration as have been foisted upon the employment office.

Even more important is the loss of several daily odd jobs which were handled through the employment office. The employees of Highland Park who wanted to co-operate in having work around their homes done by responsible people who were in need of such employment and who would be recommended by someone who knew the worker and his qualifications.

Under the new set-up workers will lose a great part of this work and Highland Park taxpayers will be deprived of the service formerly offered, as a householder can hardly be expected to make a long distance call to Waukegan in order to secure a man for a few hours work.

It would seem that the same could be done here, but the hitherto unheard of procedure of putting a Highland Park man or woman in the Waukegan office so that someone familiar with local conditions could be available for advice on assignments for government relief projects in this city. Even this would not restore the numerous odd jobs that will be lost through the removal of the office, but it would be gesture toward acknowledging that a city which pays as large a portion of taxes as does Highland Park is worthy of some recognition in relief planning.

Efforts made to have the office returned to Highland Park or at least to have a local man or woman employed at the Waukegan office, represent another step in an amended struggle to have the southern part of Lake County given a small portion of the consideration due it.

Local Men Attend Rites for Mrs. Harold Ickes

Three Highland Park men, Frank Tonn, Harry Hart and George Allsburg, were among the 107 workers employed by the National Parks Service who attended the funeral of Mrs. Harold Ickes on Tuesday.

The Parks Service suspended all work in order that their employees might attend the funeral of the wife of the Secretary for the Interior, who is in charge of the work being done by the service in the Skokie Valley.

Mrs. Cheney's Father Dies in Indiana

Mr. Gerge Fleet, age eighty-one, passed away, August 22 at 7:20 p.m. at the home of his son, William in Anderson, Ind. He was the father of Mrs. Frank L. Cheney of this city, with whom he had lived for some time.

Funeral services were held Sunday at his old home in Anderson. He was buried in the cemetery there.

On September 3 the Illinois Department of Finance issued these tokens. The retailers Occupational Tax Department has not yet decided whether they will be commonly used in Highland Park will probably be definitely decided at this meeting.

HORSE SHOW TO BE HELD NEXT WEEK

Many New Features To Be Added As Special Attractions

A thrilling military exhibition will be a part of the Fort Sheridan Horse Show which is to be inaugurated Friday and Saturday, Sept. 13 and 14, it was announced this week. The display, which will take place on Friday evening, Sept. 13, is under the direction of Lt.-Col. C. B. Meyer, commander of the 61st Coast Artillery, (anti-aircraft), at Fort Sheridan.

The Army show will include a spectacular firing problem by anti-aircraft troops who will fire 3-inch guns, capable of shooting thirty rounds a minute, at a sleeve target towed by an airplane and illuminated by huge searchlights.

In addition, the show will include a demonstration by an artillery unit which will use French 75's against a target in the lake. A crack infantry battalion will demonstrate intricate drills, and members of "A" Troop, 14th Cavalry, will reveal the careful training given cavalry given cavalry horses by a program of hard riding and difficult stunts, including the hazardous human hurdle jump, a spectacular jump by horses which make a blaze encircled leap two at a time, and other tricks of "monkey drill."

Horse lovers from all parts of the county in the thirty three classes which make up the Horse Show, exhibitions of which will take place Friday morning, Friday afternoon, Saturday morning and Saturday afternoon.

The imposing list of judges includes Col. Pierre Lorrillard of Tuxedo, N.Y.; G. Everett Crawford of Milburn, Long Island; and Alken, S.C.; and G. Groverman Ellis of Chicago.

A ball for judges and exhibitors and members of the Fort Sheridan Horse Show association, will be given Saturday evening at the Officers club. Exhibitors will be entertained at a luncheon Saturday noon.

Major General Frank R. McCoy is honorary president of the show, and General Dana T. Merrill, commandant at Fort Sheridan, is president. Other officers are: Lt.-Col. Harry D. Chamberlin, vice-president and executive; and Captain E. C. Gagner, secretary-treasurer.

The civilian committee includes The Hon. John Cudahy of Milwaukee, ambassador to Poland; Mr. Donald B. Douglas of Lake Forest; and W. Boeck Fuller of Milwaukee. Noted equestrians of the metropolitan area will be seen in the boxes at the show, many of which have been sold to North Shore people. General admission tickets are being rapidly, it was reported.

The proceeds of the show will go to the Army Relief society.

Three Prizes Are Offered in Studio Guessing Contest

Three prizes are offered in the September guessing contest being sponsored by the Hecksweiler Studio, located at 7 S. St. Johns avenue. With each purchase, customers are allowed one guess as to the number of film spools in the stack piled in the studio's display window.

Prizes in contest, which will come to a close September 30 are as follows: first prize, a 116 Brownie camera or \$3.00 worth of film; second prize, a 120 Brownie or \$2.00 worth of film and third prize, a Baby Brownie or \$1.00 worth of film.

Missionary Society To Meet Sept. 12

The monthly meeting of the Woman's Missionary society of the First U. E. church will be held at the residence of Mrs. Richard at 7 W. Park avenue, on Thursday, Sept. 12, at 8 p.m.

Members kindly bear in mind that this is the month to bring in donations for Miss Amy Chadwick's orphanage.

Dr. Louis W. Sherwin Back From Vacation

Dr. Louis W. Sherwin, who has been vacationing in Chautauque, New York with his family, will return to his pulpit at the Highland Park Presbyterian Church on Sunday morning. This service and the Church School begin promptly at 10:30.

Grand Opening of Casa Milani To Be Held This Week

Casa Milani, located at 246 Railway avenue, Highwood, will hold its grand opening Saturday and Sunday, September 7 and 8, under the management of Dean Milani.

The establishment is announced as the North Shore's biggest and best Italian-French restaurant. Besides featuring French and Italian cooking, Casa Milani will offer a high type of bar accommodation.

Reservations for Saturday or Sunday may be made with Dean Milani, manager, phone H. P. 646.

The establishment's advertisement appears on page 5 of this issue of The Highland Park Press.

Charles Bernardi Invents Improved Saxophone Reed

Mr. Charles Bernardi, Highwood druggist, has applied for a patent on a saxophone reed invented by him, which because of its clarity of tone has been acclaimed by leading saxophonists throughout the county.

Mr. Bernardi, who is a chemist and pharmacist, began experimentation on the reed while he was studying at the University of Illinois. Those who have tested it say that it has no equal for broadcasting work, as it filters out all distortion of "fuzz" in tones produced and gives a clarity similar to that of the human voice.

Within the next few months, or as soon as patents are secured, the reed will be placed on the market through commercial channels.

Garden Study Club Sells Show Tickets

Tickets for the Chicago Fall Flower Festival Sept. 8 and 9 to be held in the International Amphitheater, 42nd and Halsted streets are being sold by the Highland Park Garden Study club. Anyone wishing tickets please phone H. P. 2291 or H. P. 1042.

A small admission charge will be made at the door, tickets may be procured in advance at a slight discount.

The club is also collecting flowers, fruits or vegetables at the North-western station every Friday morning during September.

Fall Flower Festival Opens September 7

If the milkman fails to leave the usual supply in some south side districts the morning of Sept. 7, it may be because there is a shortage of bottles, due to the largest show of backyard garden flowers ever held, which opens in the International Amphitheater, 42nd and Halsted streets that day.

Ten thousand milk bottles have been requisitioned for the show by the Central States Dahlia society and Men's Garden Club of Chicago, which are cooperating in the show. The milk bottle is the traditional container for amateur flower shows, but never before has there been such a show as this one. Other big flower shows are dominated by commercial flower growers, but this one will transform the big arena of the stock yards amphitheater into a sea of flowers from the back yards of Chicago and its suburbs.

The parks cannot grow them and even large estate gardens seldom go in for these fanciers' flowers. The fancy flourish in the small gardens, with room for a limited number of plants, whose owners find recreation and interest in making those flowers bloom.

It is the high light of the year for the garden fans is the show in which his blossoms compete with those of rival amateurs for treasured blue ribbons. Small shows are held by the hundreds all over the country. Both the Central States Dahlia society and the Men's Garden Club of Chicago have held fall shows for several years, each fall in the Garfield Park conservatory. Last fall they were held in Horticultural hall at a Society of Progress.

The shows are being combined this year in the largest hall available, in the hope that an All-Chicago amateur show may be established as an annual event to attract exhibitors and visitors from throughout the middle west.

Any amateur may enter his prize blossoms without expense, but he must notify the committee that his flowers are coming. Premium schedules may be obtained on request from show headquarters, Room 1311, 130-N. Wells street, Chicago, telephone State 5994.

PUBLIC SCHOOLS TO OPEN NEXT MONDAY

Students in Both Primary and Secondary Schools To Begin School Year

Highland Park schools, both elementary and secondary will open next Monday, September 9; although for the most part the day will be given over to registration and other adjustments, shortened schedules being in effect in most schools.

Deerfield-Shields High School Registration of freshmen and all new students, whether freshmen or upper classmen will be held at the Deerfield-Shields high school Monday, Sept. 9. Students are to report at 8:45 a.m.

Classes for freshmen will begin on Monday, but new upper classmen—that is, those who did not attend Deerfield last year, will be required only to register. Therefore, all unregistered students will report at the main office at 8:45.

On Tuesday, Sept. 10, all upper classmen are to report at 8:45 to receive their schedules of classes. Freshmen will report at 10 o'clock on Tuesday. On both Monday and Tuesday, however, the regular schedule of classes will be pursued with shortened periods.

In order that students may report with books, beginning with the first day of school, the bookstore will be open on Friday, Sept. 6 from 9 o'clock to 4 o'clock on Saturday, Sept. 7 from 9 o'clock to 1 o'clock. On the first day of school all students are expected to attend classes with books, and teachers will give assignments and work will begin at that time.

Any high school students who are transferring to Deerfield-Shields from other high schools should call at the office during the week before school starts for a consultation on their credits, course advised and other helpful information.

Elm Place and Green Bay changes in personnel and other announcements pertaining to the opening of the schools of District 107, which includes Elm Place and Green Bay schools will be found elsewhere on this page.

District 108 which takes in Lincoln, Ravinia, Braeside, and Ridge schools will open Monday at 9 a.m. the first day being given over to registration and the purchase of books and supplies.

Two of the district's schools, Ravinia and Lincoln will offer kindergarten classes for children who will be five years of age before Jan. 1, 1936. Mothers of such children should accompany them, in order that they may sign the age certificate and give other necessary information.

One Terrace school will open on Monday and begin the regular schedule of classes. The building has been thoroughly cleaned and several rooms redecored by men working for the WPA.

All books will be sold this year in the school book store, which will be open every day this week from 9 a.m. until 4 p.m. so that parents may purchase books in time for their children to start regular classes on Monday.

BEACH BOY SCOUTS RING 1935 SEASON

Beach Cards Issued; Daily Attendance Is Large, But No Fatalities Occur

Approximately 800 beach cards issued and a large average of daily attendance, so death from drowning occurred during the past season, which closed officially on Labor Day.

Both the Central Avenue and Roger Williams beaches have been under the constant supervision of experienced life guards throughout the summer and when playgrounds groups attended the beaches as part of their weekly program, directors of the branch of Park Board activity were on hand to aid the regular guards.

Another factor which aided in preventing accidents was discouraging of swimming at the unguarded Park Avenue beach and the forbidding of the use of Ravine Drive's beach.

Chicken Dinner, Sept. 12
The Ladies Auxiliary of Grace M. E. Church, corner of North Avenue and Lauretta Place will give one of their famous chicken dinners, Thursday evening, Sept. 12 at 6:15 o'clock in the church parlors. The public is invited to attend.
