H. P. WOMANS CLUB ANNOUNCES PROGRAM

(Continued from page 1)

particular subjects, but also for their ability to present that subject in an interesting and entertaining manner. "A little nonsense now and then is relished by the best of men."

On Nov. 15 Charles Milton Newcomb, well-known psychologist, humorist and after dinner speaker, will talk on "How to Be Happy tho Educated."

On Nov. 19, the editor of "Esquire," Arnold Gingrich, will tell, in his humorous style, about "The Technique of the Novel."

On Dec. 3, there will be Van Normer Walsh, who believes that travel for all would bring world peace. His education is the outgrowth of studies at Oxford and Harvard universities, with over 400,000 miles of travel thru nearly every country, of six continents and close association with their peoples. His subject is "Travel Talk on Mexico," with slides.

On Dec. 17, Mrs. Laura Bolton will present "Rhythm in the Jungle," know Africa thru music; see its joys in film! Those who have heard Mrs. Bolton's program elsewhere say it is unusually interesting. Mrs. Bolton made four trips to Africa, with the Strauss Central Africa Expedition, the Carnegie South African Expedition, the Pulitzer Angola Expedition, and with the Strauss West African Expedition.

On Jan. 7, Carleton Washburne, superintendent of Winnetka Public Schools, will speak on "Progressive Education." Mr. Washburne is well known, not only on the North Shore but throughout the entire country as authority on educational problems and ideals.

Two stars for whom a brilliant future in the musical world is predicted, Diefenthaler and Dittl, are coming to the Woman's Club Jan. 21. The musicale, a duo-piano concert, will offer a program that may be looked forward to as one of the high lights of the year.

On Feb. 4 there will be a talk on "Lincoln" by Paul Angle, librarian

of the Illinois State Historical Society at Springfield, who is a foremost authority on this subject.

Feb. 18 is an open date. The subject for the program at that meeting will be "The Event of Greatest Moment" in the affairs of the day, whatever that event may happen to be, and the speaker will be one who is an authority on that subject.

March 3 there is to be an play presented by the drama group.

March 17 the program will be given by Mrs. Helen Abbott Byfield, who has often entertained the members of the Woman's Club with her recitals.

April 7 brings an interesting talk by Mrs. Raymond Watts, subject to be announced later.

April 21 is the annual meeting and luncheon, which this year is to be a gala occasion. In the afternoon the program committee plans to have an entertaining program that will bring the year to a happy close.

This general club program has been arranged by Mrs. Irving Stieglitz, program chairman, and Mrs. Wilson Kline, co-chairman, assisted by the members of this committee.

In addition to the general club program this year, the fine arts department has undertaken a new venture, and is offering to all members of the club, without charge, a course of three lectures by Franklin Bliss Snyder. There is to be one lecture a month (second Wednesdays) on Nov. 13, Dec. 11, and Jan. 8. The subjects of Mr. Snyder's talks will be: The English and American Novel in Recent Years; 1, the great Victorians, 2, Arnold Bennett, John Galsworthy, Joseph Conrad and Thomas Hardy; 3. The American novel during the past two decades. These lectures are also open to the public at nominal price. Mrs. James I. Loeb is chairman of the fine arts department.

The various committees under each department of the club are planning their usual interesting and varied activities for the coming year's work and will present a detailed outline of their programs in the new club year book, with further announcements from time to time in the Press.

The American home committee plans, among other activities, a talk on "How to Maintain a Normal

Weight," by Elsa M. Lord, nutrition expert, on Nov. 19, and on Jan. 7 a program devoted to members' hobbies, with an exhibit. They are also sponsoring a talk and an exhibit by Alden's Studio March 17.

The garden committee will have a talk on "Insects of the flower garden and their control" by Dr. C. C. Compton, state entomologist. Also at their meeting on April 7, they will sponsor a program on "1936 Varieties of Annuals and Perennials" to be given by a speaker from Vaughan's Seed Store.

The president, Mrs. Edwin T. R. Murfey, Jr., and members of the board, have been in close conference over the plans for the coming year during the past spring and summer, and are looking forward to a club year which they believe will bring much that is of interest and help to all the club members.

Fidelity Lodge Picnic

Highland Park Lodge No. 366, Fidelity Association, will hold a basket picnic in Sunset Park on Sunday, Sept. 15, beginning at 11 a.m. Pop, ice cream and coffee will be furnished by the lodge. Members are asked to bring their own cups, pitchers and spoons.

Games and races will be held in the afternoon. Members are urged to join in the annual event.

Recovery Would Eliminate Necessity For More Taxes

New York — (IPS) — "Recovery would solve the financial difficulties of the federal government without the necessity for further drastic increases in the burden of taxation," according to a report on "Federal Finances in the Fiscal Year of 1935" issued by the National Industrial Conference Board.

This non-political study indicated plainly that business recovery and reemployment are the central factors in the restoration of a sound fiscal policy for the government.

"All measures that tend to impede recovery in production and trade prevent reduction of relief expenditures and increase of revenue," the board said. "Without recovery the budget can be balanced only by the imposition of taxes which in the end would defeat their aims by drying up the sources of revenue and decreasing the income of the government."

"If relief expenditures are reduced to about one billion dollars for the fiscal year 1937 and revenues from existing sources continue to improve as they have during the past two years, it should be possible to draw

up a budget showing a complete balance, except for public debt retirements. If such a budget should be announced in January, 1936, the report states, it would be the most constructive development in the federal fiscal picture in the whole depression period."

Announcement

BUD STEACY, service station operator, who for the past four and one-half years has operated a service station in Ravinia, has taken over the D-X SUPER SERVICE STATION at 129 North St. Johns Avenue and it will be operated as a super one-stop station. Bud Steacy, assisted by Bob Blake and Ken Kightly as service salesmen, anticipate conducting the most efficient and complete service station on the North Shore.

Mr. Van Blair, well known local automobile mechanic, will be in charge of the shop and will be assisted by Mr. Warneke, who has had five years experience with the Cadillac Company and four years with the Western Ignition Company.

The John Bean Mfg. Company's special brake equalizing machine is being installed this week in conjunction with a modern wheel aligner.
