

**Orson Brand Dies  
After Long Illness**

(Continued from Page 1)

On June 24, 1897, Mr. Brand was united in marriage with Miss Clara Ritter of Milwaukee, Wis. They established their home in this community and shared with each other a very interesting and happy life. One daughter, Miss Salome, was born to them. Mr. Brand was very fond of his loved ones and was extremely appreciative of their companionship, of their love and devotion, especially of the tender care which they ministered during his long illness.

Mr. Brand was always interested in the finer things of life. As a child he regularly attended the worship services of the church. When but a lad of 10 years of age he dedicated his life to Christ and accepted the Christian faith and united with the North Northfield Evangelical Church. This was the beginning of a beautiful Christian career, which gave to him the poise and dignity of a very useful life. As a young man, coming to Highland Park, he transferred his church membership to the Bethany Evangelical Church, where he has maintained his relationship to the close of his life. His church very early recognized his ability of leadership and enlisted his services as a Sunday school teacher while yet a very young man. In addition to this he was elected as secretary and later as the superintendent of the Sunday school and for many years he was one of the trustees of the congregation. Most of these positions were filled by him for a long period of time.

He was a very great lover of good music. Some one said that he would rather listen to good music than participate in a meal. Much of his interest in this field entered in the music of his church. As a young man he became the organist in the church, which responsibility he shared with Mrs. G. L. Brand for many years. He was vitally interested in organizing choral groups within the church and was their leader for a long period. He also directed the church orchestra, which did good work under his direction. In 1919 he organized what became known as the Brand Orchestra. This group met at his home Tuesday evenings up to the time of his illness. It was his request that they come in and play for him a number of times during the past few years. Thus it was very fitting that they played at a brief memorial service in the home on Tuesday evening of this week. About two years ago he asked that he might be taken to the Bethany Church in his wheel chair, where he had his daughter play a sacred concert for him on the organ.

Mr. Brand was a rather quiet, modest type of man. Although he never held public office in the community, yet he was vitally interested in all that was going on in the city. It was his privilege to see Highland Park grow from a mere village to that of its present size. In 1929 Mr. Brand began failing in health, and on Nov. 16, 1931, he suffered a severe heart attack and on Feb. 29, 1932, he experienced paralysis. From that time to the close of his life, he was dependent upon his family to minister to him. He was preceded in death by two brothers, Silas P. and George L. Brand, and by three sisters, Lovina, Mrs. Sarah Wessling, and Mrs. Mary Wessling. Two brothers remain, E. W. Brand of Highland Park and J. J. Brand of St. Petersburg, Fla.

**Children's Theatre To  
Feature Boy's Group**

This year with the opening of the children's theatre a new and interesting group for boys is being offered in stagecraft and fencing. This group will be under the direction of Edgar Tegner, a graduate of the Goodman theatre of the Art Institute, who has had much success with boys in work of this type. He has also done considerable work with the Chicago Art Theatre and Pasadena playhouse.

Boys in the community who are interested in learning how to build and design scenery, whittle, do wood working, make puppets and know and enjoy the exercise of fencing will have this opportunity by joining the special boys workshop of the children's theatre which will meet every Friday afternoon after school at the Masonic Temple building with Mr. Tegner. Boys joining this group will also be eligible to take part in the season's plays which, according to this year's schedule ought to be of particular interest to them since Huckleberry Finn and Tom Sawyer are under consideration by Miss Geary as one of the first plays to be presented by the children's theatre this coming season.

Registration for this workshop may be made immediately by calling Highland Park 346.

**Ridge School Rummage Sale**

Ridge school will hold a rummage sale at 292 Central avenue on Thursday and Friday, October 3 and 4. Proceeds will go to the auditorium fund which is being sponsored by the West Ridge Community club.

**Amelia Earhart To  
Speak in Waukegan**

An event of great interest to all of Lake County will take place on Monday evening, October 14, when Amelia Earhart, the world's greatest aviatrix, will talk at the Waukegan Township High School, under the auspices of the Waukegan Y.W.C.A. It is expected that the huge auditorium with its seating capacity of 3000 people, will be crowded with enthusiastic admirers of the distinguished flyer. Miss Earhart calls her new lecture: "Aviation Adventures."

Miss Earhart is vice-president of the National Aeronautical Association, a member of the National Contest committee, as well as other committees on aviation and education. She has written many articles in addition to her books, "Twenty Hours and Forty Minutes," "The Fun of It." She has received many honors from France, England, Italy, and Belgium. And in the U. S. was awarded the gold medal of the National Geographic Society, and by a special resolution of congress, the distinguished flying cross, the first woman so honored.

Great interest in this event is being evidenced all over Lake county. Miss Ina Curtis, president of Waukegan Young Women's Christian Association, has asked representative women from various towns to assist in publicity and ticket sales. Mrs. Lydia Hutton of Highland Park is serving on this committee, and tickets may be secured from her at the local YWCA.

**Y.W.C.A. Chicago Bus  
Tour to Be Held on  
Thursday, October 17**

Those who have been on a conducted bus tour sponsored by the Highland Park Y.W.C.A. know the tours are planned to acquaint the people with unusual attractions in Chicago. The tours are filled with new experiences out of the way places not visited except with groups at a most nominal fee.

The tour Thursday, October 17 is open to the public and includes a trip through the Criminal Court building, the stock yards, dinner downtown and an evenings program at Tribune Square.

While many may have seen China Town, for those who have not had this opportunity, the tour will make a stop. It is always interesting, and like a trip into the Orient to see the glass jars filled with pickled chickens, dried fish and fried chicken and duck legs tied to a string dangling from curtain poles in the windows. A combination of civic center, court, school, Shrine and art gallery, which makes the visit a tremendously educational never to be forgotten trip. Time permitting, many other scenes are visited.

A deposit must be made with the registration to reserve a place.

The bus will leave the Y.W.C.A. promptly at 1:30 o'clock and return about 11 o'clock.

Further information may be obtained by calling H. P. 675.

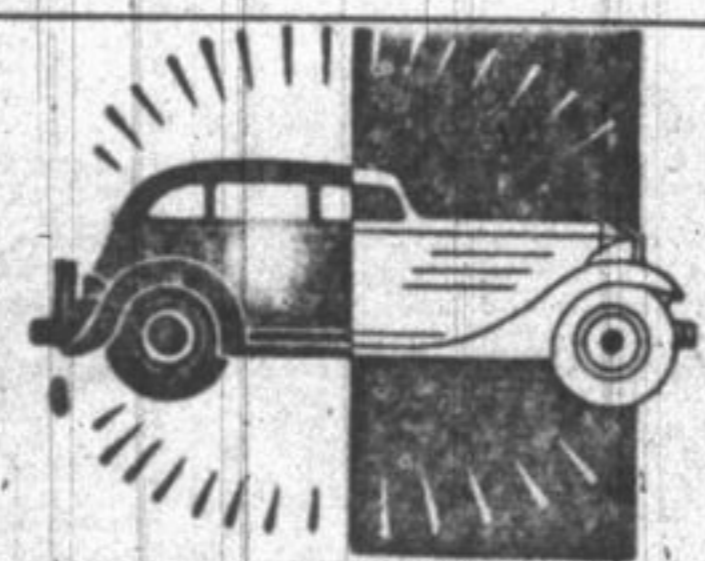

**Lake College Adds  
Modern Equipment**

Lake College of Commerce announces that additional equipment has been installed to facilitate the students in contacting modern business methods. The purchases were made Saturday after P. W. Pettigill, president of the school, had visited the business colleges and offices in Chicago.

Due to a demand for skilled comptometer operators, the college has installed four machines in addition to the present ones. The machines are now available for evening school as well as for the day course. Along with this type of equipment, a Monroe electric calculating machine and a Sundstrawn credit balance machine have also been added.

Dictaphone equipment has also been installed for use in the secretarial course. The modern office has demanded that its employees be skilled in this type of machinery, and in order to meet the wants of the employers of this community the Lake College of Commerce has added this modern necessity.

**Hospital Auxiliary  
Election October 9**

(Continued from Page 1)

Individuals, known only by members of the organization were aided by donation or by a loan from the auxiliary. \$1,000 yearly saving on purchase of factory-made dressings and special operating room linen supplies is made for the hospital by the work done by the members of the auxiliary. A yearly contribution of \$300 has been made by the auxiliary for the maintenance of the Dental clinic sponsored by the various school districts with Mrs. Morrison as chairman. Cooperating with the school nurses, a contribution is made to supply milk for undernourished children. Also several families on relief with sick children have been given additional milk supply. Needy children, whose progress in school has been retarded because of poor-eye-sight, have been helped materially by glasses provided by the organization. During the past two years, when the hospital has been unable to finance a program for making the hospital interior more attractive and comfortable for the patients, the auxiliary added draperies and screen covers in all the rooms, a reception room rug, a much needed ventilator in the Emergency room, and many other incidental needs.

In the future the auxiliary will obtain most of its support from the Community Chest and the dues, which have been ten dollars annually for sustaining members and five dollars for active members, will be limited to one dollar yearly. It is through dues and contributions to its "Memorial and Anniversary Fund" that the work of the auxiliary has been supported and it is only through generous contributions to the good work of the Chest that the work of the Hospital auxiliary can be continued.

**Three Injured Saturday  
in Three-Car Crash**

Three people were hurt and others shaken up in a three-car accident at the corner of Roger Williams avenue and Green Bay road last Sunday evening when the third car of a group of three crashed into the rear of the second, pushing it into the first.

H. C. Lewis of Chicago, driver of the first car, a Studebaker sedan, driven north on Green Bay Road, slowed down for the corner of Roger Williams as did Robert Zedies also of Chicago, who was following Lewis in a Ford sedan. Richard Gambrril of Evanston, who was following Zedies, failed to slow down and crashed into the rear of the Zedies machine. He was driving a Pontiac sedan.

The injured included Gambrril, who suffered broken ribs and head cuts, Mrs. Howard Knight, a broken foot and head cuts, and Zedies, who sustained cuts and bruises. They were taken to the Highland Park Hospital, where they were attended by Drs. Grady and Kraft. All were on their way to a party at Exmoor Country Club at the time of the accident.

**TOMORROW**

*A New Mobilgas Dealer for*  
**HIGHLAND PARK**

Highland Park motorists are invited to visit this new, modern service station where quality products and Friendly Service are regular features.

**BOXES RENTED**

That was the report of our Vault man last night.

Five hundred boxes were added to our vault equipment recently.

The majority of these can be rented for \$3.00 per year, less than 1c per day.

Can you afford to have your jewelry, valuable papers, etc., exposed to fire and theft, in view of so attractive an offer?
