## YACHT CLUB HOLDS ANNUAL MEETING

**J. Robert Carter Re-elected as Commodore To Serve Ensuing Season**

The annual meeting of the North Shore Yacht club was held last Thursday night at the clubhouse and the following officers were elected: J. Robert Carter, Commodore, re-elected; Joseph J. Riddle, vice-commodore; Davis C. Greene, secretary, re-elected; Keith C. Grant, treasurer; Edward L. Weeks, rear-commodore. These men take office immediately and will serve throughout the coming year.

In brief talks given by the officers, the encouraging growth and activity of the Yacht club was pointed out. Founded three years ago in the home of Robert Phelps, one of the charter members, the club now occupies its own boathouse, with clubroom, lockers, and a space for storing of boats and equipment. The present membership is thirty-five, a gain of nearly thirty per cent over that of a year ago.

The club fleet now consists of 12 sail yachts falling within the specifications set by club regulation. There are three or four other miscellaneous craft owned by members. Two more boats are already under construction and many additional ones are undoubtedly planned by those as yet unaffiliated with the club.

During the past season, a total of nine official races were run off. Of this number, five were in the form of a series for the E. L. Weeks trophy, each boat being awarded points based on its corrected time performance. This series was won by the "Question Mark," skippered by David Walker. Davis Greene's "Patches" led the fleet across the finish line a greater number of times than any other boat. A great deal of interest was aroused by these races and they drew a great number of spectators who realized for the first time that Highland Park actually had an active yacht club.

Activities are already being planned for the winter, with regular meetings held on the first and third Thursdays of each month. Prepara-

## Interest Grows In Seymour Dance Classes

Interest in Serna Seymour's modern dancing class at the YWCA is heightened by the fact that she is a resident of Highland Park and returned to her home town to share her accomplishments with the community, we are told. Miss Seymour is a dancer of accomplishment with a background of European travel and study and a record of artistic work with the Chicago opera, Ravinia opera, and Adolph Bohm ballets.

At the meeting of the board of the YWCA held Tuesday, Mrs. Lee Frank, education chairman, pointed out that students get much more than dancing from Miss Seymour's classes. Visitors who are competent critics, at the assembly room where her classes are conducted, credit Miss Seymour with a fine technique and a distinct ability to teach. Aside from a sense of rhythm and appreciation of esthetics her students are developing mental and muscular responsiveness, co-ordination, poise and a good posture.

Beginners class for girls is held at 3:45 each Tuesday afternoon, while students who have had some dancing meet at 4:45 Tuesday.

On Tuesday and Thursday mornings at 10 o'clock she is conducting classes for adults. Good posture, poise, corrective exercises, relaxation, good health, and a joyous way to keep young are by-products of the adult work.

The YWCA will be glad to give further details.

tions will be made to enable next year's racing season to get off to an early start.

Commodore Carter, in a further talk, outlined the present movement for a harbor in Highland Park, and stressed the need for immediate and energetic action. Plans were completed for the special, open meeting called in order to organize the numerous groups and individuals who are enthusiastically backing the drive. This meeting was held Wednesday, October 9, in the City Hall council chamber. Congressman Ralph Church was the principal speaker and Mayor Dooley presided. Further details of the meeting were unavailable at the time of this writing.

## Mishi Mokwa Boys To Meet Lake Forest

Harry W. Hart's Mishi Mokwa Winter club boys will play a football game with the Lake Forest Winter Club Saturday morning at Lake Forest.

This is the first meeting of the two clubs since Lake Forest eked out a slim victory over the Hart team in 1933 in a between-the-halves game one Sunday in connection with the Highland Park Young Men's Club game on the Deerfield-Shields athletic field. A blocked punt recovered behind the Highland Park goal line was the margin of victory in that game.

The Mishi Mokwa team is made up of young boys who were members of the boys' club directed by Mr. Hart. The lads are all under 100 pounds and are in the 4th, 5th and 6th grades at school. Several of the boys have been in Mr. Hart's club for as high as five years.

There are several who have been with him in every boys' project that he has organized, winter camps, summer groups, and winter camps. The Mishi Mokwa winter club squad follows: Robert Knight, Richard Kessler, Tom Phillipsborn, Walter Bachrach, David Worth, Timothy Starrels, Arthur Wood, Dick Schaaf, John (Lackner), Raymond Stafford, Don Moseley, Arthur Flint, George Bard, Bobby Herbst.

## Another Poor Job on Conservation

While food may be placed in duck hunting grounds of the state, no shooting will be permitted directly over the baited areas, Director C. F. Thompson of the State Department of Conservation advised the department's field force following a conference with federal authorities. The director also advised that while federal regulations prohibit the use of live decoys, it would be impossible to regard as decoys any domestic ducks found in hunting areas and which are not anchored or confined in any way.

Following revision of the regulations, Mr. Thompson made an appeal to hunters of the state to show their appreciation by avoiding any indication of evasion of the rules.

The letter to the Conservation Department field force follows:

"Federal authorities have advised me that their restriction against feeding has been revised to the extent that it may be practiced, providing no shooting is done over the areas which are baited. The wording of the federal regulations is that no feed shall be used to attract the birds 'to the hunter' and a literal interpretation of this phrase is evidently to govern in enforcing the regulation.

"The regulations also prohibit the use of live decoys, and while the raising of ducks has become more or less common in this state and they will be found on many premises where hunting is followed, great care will have to be exercised in the manner in which these ducks are handled so that they will not be looked upon as decoys by the federal authorities. I believe were these ducks to be anchored or confined they would most certainly have to be looked upon as decoys; however, if the birds are loose it seems impossible to hold that they are decoys."

(Editor's note.) This apparently means that once again the regulations drawn up to conserve our rapidly diminishing stock of game are so muddled that they are practically useless.

Several national sporting magazines are forming an organization known as the Sportsman's Unity. The purpose is to marshal American sportsmen into an organization strong enough to demand that lawmakers tinkering with game laws have on their advisory board at least one man who knows a 410 from a twelve, has seen a wild duck and knows that a rindneck is not a member of some African tribe.

## Badminton Should Be Popular Game Here This Winter

How about it! Have you been wanting to play that game which is gaining great popularity all along the North Shore. Badminton is a dandy game to keep you in trim during the colder months. It furnishes a form of recreation full of activity, quick thinking, agility and is not too strenuous.

Plans are underway to form several Badminton classes here in Highland Park. The cost of these classes is to be very nominal and instruction in the game will be offered.

If you are interested send your name and address and the evenings you would prefer to play—to George Scheuchenpflug, Community Service Inc. He will then let you know when and where these classes will be formed. This will be a Community Service Inc. sponsored activity.

## Tigers Win Series—and Tom Wins a Ride

When "Goose" Goslin hit that single in the ninth that won the world's championship for the Detroit Tigers he also unknowingly presented Tom Osborne of the telephone company with a free ride up and down Central avenue—in a wheelbarrow.

Fred Meyers, of Walgreen's Drug Store, who is a rabid Cub fan, was sure that the Cubs would take the world series. In fact, he was so sure that he agreed to give Tom a ride on Central avenue if they didn't—provided that Tom would do the same for him in the event of a Cub victory.

Spectators agreed that a more amusing sight hasn't been seen here for many a long day, than that of Tom sitting at ease in the wheelbarrow ringing a cow bell and proudly displaying a sign reading "I won on the Tigers," while Fred was puffing along behind, furnishing the motive power and wearing a sign bearing the inscription "I bet on the Cubs."

The victor afterwards remarked, "It was a fine ride. I may have looked like an egg sitting up there, but anyway it was comfortable."

Meierhoff's Hardware obligingly furnished the wheelbarrow for the triumphal parade.

Tom's luck, however, isn't infallible. In fact, he ended up "all wet." He stopped in a local drug store to refresh himself after the exertions of the ride when an explosion of steam from the fountain gave him an impromptu Turkish bath. Maybe the boys in that store are Cub fans, Tom.

Well, by and large, Highland Parkers have seen some queer sights in this city, but that wheelbarrow ride will stand out for a long time as one of the funniest.

## Organization Progresses in H. P. Bowling League

Organization of teams for the Highland Park Business Men's Bowling league is progressing rapidly and play will start shortly.

The bowling alleys have been completely redecorated and repaired and league members are assured of an excellent season.

## Community Service Activities Soon To Be Under Way

Mr. "X" (George Scheuchenpflug) the director of Community Service Inc. is back in the community after an absence of four months. He is now making plans for recreational activities to be sponsored by his organization for the next eight months.

Community Service Inc. sponsors community activities here in Highland Park and would appreciate suggestions concerning possible activities to sponsor. Get in touch with, or write George Scheuchenpflug director, Community Service Inc. Highland Park.

## New Football Team Is Organized Here

Highland Park's football team is working hard in preparation for its opening tilt of the season with the Lake Forest Young Men's Club, Sunday, Oct. 20, at Lake Forest.

The Highland Park team, called "The Highlanders" has been organized by Harry W. Hart, who is well known in Highland Park as a director of boy's clubs. Mr. Hart is also coaching the team and will give it his personal attention on trips and when the team plays at home.

The Highlanders are a fast, light team. They handle the ball well and are very shifty and Coach Hart is building an offense that will make the most of this speed and elusiveness. Clever, colorful football will characterize the play of the team with the lateral pass highly developed to provide thrills to the spectators.

On Friday night the Highlanders will be put through their final workout prior to their scrimmage Sunday morning at 10 o'clock. The Sunday scrimmage will be an important one as the squad will be picked for the Lake Forest game. New jerseys will be issued to the men chosen. The jerseys are royal blue and white.

Candidates for the Highlanders football team are as follows: Ends—Labuda, Risdon, Zinglar, Bock; tackles—Velo, Cacar; guards—Marinelle, Lencioni; centers—Repholz, Swan; backs—Piacenza, Allen, Harris; fullbacks—Jorgenson and Hall; quarterbacks—Lenzini, Glader.

All young men who want to try out for the team are urged to report for practice at Sunset Park Friday evening at 7:30. There are plenty of chances for positions on the squad.

## Dietz's Stables Now Has Larger Dance Floor

The new dance floor at Dietz's Stables, located on Routes 59A and 176, is a third larger than the old one, and measures 4,000 square feet, we are told. The management extends an invitation to the public

to attend the dances which are held every Wednesday, Thursday and Saturday.

Another new drawing card is the rathskeller which has accommodations for 150 people and where music and entertainment is provided. Chicken dinners and a varied menu of light lunches are served.

## Benefit Dance To Be Held at Witten's Hall, Nov. 15

A benefit dance will be held Friday evening, Nov. 15, at Witten's hall, Highland Park. The profit from this dance, previously scheduled to take place on Oct. 18, will be turned over to Alfonso Burgoni who has been unable to work since 1924 following an accident suffered while in the employment of a local railroad concern.

The committee in charge has secured the service of a local well known orchestra.

## Emma Nichols Rites To Be Held Friday

Funeral services for Mrs. Emma Nichols 86, of 508 North Green Bay road, who died Monday, Oct. 7, will be held tomorrow (Friday) at 2 p.m. The Rev. Christoph Keller will officiate.

Mrs. Nichols, who was born on May 13, 1849, has been a resident of this vicinity for 55 years, the greater part of which time she lived in Ravinia. For the past 9 years she has lived at the Green Bay road address. She is survived by George Nichols and Mrs. Peter B. Salpads and Miss Nellie Nichols of Highland Park, and Miss Emma Porrell of Dillon, Montana.
