Back the Community Chest!

The Community Chest movement, now under way in Highland Park is worthy of the support of every public-spirited citizen. It accomplishes a two-fold purpose, first of relieving citizens of a multiplicity of drives, and second, of allowing those in charge of various activities to devote their time to the purposes for which the club was formed rather than the collection of enough money to keep it in existence.

No doubt every citizen of Highland Park has been annoyed and more than a little bewildered by appeal after appeal, campaign after campaign, few of which he could investigate personally. The Chest plan, on the contrary, combines all appeals for money into one drive and gives the contributor the assurance that his money will be used only for a worthwhile purpose which has been carefully investigated by those familiar with this sort of work.

The benefit to the various clubs is even more pronounced. Anyone who has ever served as president or chairman of any organization depending entirely or in part on contributions for carrying on its work has seen the efficiency and scope of the club work materially decreased because of the fact that so much time was necessary to raise funds, that only a meager portion was left to plan activities.

Highland Park, a community recognized as a North Shore leader in civic advancement, should back this campaign to the utmost. It is designed to benefit every resident of the city.

Volleyball Classes Meeting in Ravinia Village House
Those who like to play volleyball are offered an opportunity to join a group of men who play every Thursday evening in the gymnasium of the Ravinia Village house, play starting at 8 p.m. Shower facilities are provided. Those who are interested are invited to come down to the Village house and learn more about this healthy form of recreation. Community Service Inc. helps to promote this activity.

Bannockburn Club Elects New Officers

The October meeting of the Bannockburn Garden Club was held on Monday afternoon, at the home of Mrs. Friedel Fuller of Springfield avenue. Two new members, Mrs. W. L. Keady and Mrs. E. M. Calkins Jr., were welcomed into the club. At the annual election of officers held that day, Mrs. Marshall Doty, who has served the club for the past six years as president, was unanimously re-elected to head the group.

Other members of the executive board are: vice-president, Mrs. Edward Seese; secretary, Mrs. Joseph Brown; treasurer, Mrs. Harry Hansen.

The club is planning its annual autumn party to be held at the Bannockburn School next month.

Deerfield Postmaster's Father-in-law Dies

William C. Kenney passed away Thursday at the home of Postmaster and Mrs. John Welch on Waukegan road, Deerfield, after a long illness. Funeral services were held Monday morning at his daughter's home, with a solemn high mass at the Deerfield Holy Cross Church with Rev. C. L. McDonough of Chicago, Rev. J. E. Savage of the Holy Cross Church and a visiting priest from Techny officiating. Burial was in St. Mary's Cemetery in Woodstock, Ill.

Mr. Kennedy was the husband of the late Margaret Walsh Kennedy and is survived by one daughter, Mrs. Mary K. Welch, wife of the Deerfield postmaster.

Ho Hum, This Is Getting To Be a Habit With Us

Well, there's an old saying that the first liar has no chance and now it begins to look as if the first rattlesnake killer has no chance either. Last week Gus Fisher had to have a gun and murderous intentions on squirrels to get one measuring 24 inches.

Last Sunday all Les Olson needed was an automobile and murderous intentions on his golf score. And he went Gus six inches better! Les was driving on Saunders road near the entrance of the Vernon Ridge Club when he saw a snake crossing the road in front of him. The old killer instinct came to the fore and he swerved his car and ran over it. Examination proved it to be a rattlesnake measuring 30 inches and having six rattles. (Note) All hunters and golfers bringing in rattlesnake stories must bring the snake along. And take it away again too!

BRAESIDE SCHOOL

First and second grade: Caterpillars
In the first and second grades, everybody has been very busy collecting caterpillars and green worms, so they can watch the process of making cocoons.

We all hope that there will be interesting results by next spring.

Our Rats
We have two baby rats. One is white. The other is black and white. We call the white one Snowball. The other we call Blackie. They are very nice rats.

Summer Vacations
We all had nice summer vacations. Some of us had trips and some of us had fun at home. Art took a trip through the West. He told us many interesting things about Glacier Park. Alex had a good time at camp in Colorado. Joseph went on a fishing trip and Hallie was in Canada. Lillian, Erica and Nancy had good times in Wisconsin. It was lots of fun to hear about the summer vacations.—Margaret Schmid, Grade 4.

Departmental Work
For the second time in the history of Braeside school, departmental work is being tried in the 5th, 6th, 7th and 8th grades. From talking with a number of children I would say that it is a big success.

This year the 7th and 8th grade room teacher is Mr. VanSlate, who also teaches science and social science.

Miss Siverson is at the head of the arithmetic department, while Mrs. Elder is the English and literature teacher.—Marilyn Will, Grade 8.

Mr. and Mrs. Edward Sivonen of S. Sheridan road are announcing the birth of a daughter born last Thursday, October 4 at the Highland Park hospital.
