Florence W. Bartel Associate Editor

**High School P. T. A. Plans Annual Drive for New Members**

Mrs. A. N. Oppenheimer of N. Sheridan road entertained the membership committee of the Deerfield-Shields Parent-Teacher association at tea last Tuesday afternoon. At this meeting, plans were made for the coming membership canvas. Sometime during the next month, a member of the committee will call at the home of each high school student and invite the parents to become members of the Parent-Teacher association.

The funds obtained from membership dues and from the "Student Stunts" production are used entirely for carrying on the work of the association and the benefit of the school or its students. The association maintains a scholarship fund known as the "Richard Sandwick Memorial Fund" which is used to aid students of high scholastic standing who are in need of money for lunches or school equipment. It offers scholarship aid to worthy boys and girls who need help to go on to college. The association contributes to the nurse's working fund; to the personnel work of the high school and supports the dancing classes for sophomore students.

**Deerfield to Encounter New Trier Saturday**

by Red Fell

Chances for victory look bright for the Deerfield bluebacks' game with the strong league leading New Trier eleven. The game Saturday will be homecoming for the down-shore team. Coach Floyd in a statement says that New Trier is on the downgrade and that they reached their peak when they defeated the strong Oak Park team Saturday and with that victory a lot of their strength was taken away.

A victory over New Trier would turn an already fair season into a brilliant one.

A huge throng of Deerfield students and alumni are expected to follow the Little Giants down shore in the hope of seeing them upset the dope by defeating the green and gray.

**Elm Place Features H. Force and Movies on Safety Program**

R. H. Price and the P.T.A. of Elm Place school and the Deerfield-Shields high school have arranged a program to be held at the Elm Place auditorium Monday evening, Oct. 28, at 7:30 p.m.

Guest speakers on that evening will be H. J. Force, chairman of the Chicago Safety Commission, and W. J. Gerwe, both of whom are national authorities and prominent

**Mission Sunday to Be Observed Here**

An annual event at the Redeemer Lutheran church is the observance of a Mission Sunday. The purpose is to further the cause of Christian missions in foreign countries and at home. Admirable work has been done in recent years in behalf of the deaf and dumb and the blind in our country, and the work in foreign fields has not been curtailed but rather advanced. A sizeable offering for missions is made on this Sunday.

At the morning service the local pastor will occupy the pulpit and in the evening Rev. O. F. Arndt of Niles Center will give a mission address.

One of our friends who has a picture of a bull fight painted by one of those artists who are on public relief says that it would be all right if you could tell which was the horse and which was the bull. Of course the horse is the animal which the man is riding but you can't tell which is the man.

**Predict Increase in Engineering and in Building for 1936**

Every important indication points to increased volume in practically every class of building and engineering work in 1936, according to a forecast report by the F. W. Dodge corporation. There have been substantial increases in building and decreases in engineering work in 1935 as compared with 1934, and at the same time privately financed projects have decreased.

The first eight months of this year show a 75 per cent. increase in residential building in the United States over the same period last year, and this offers the most hopeful sign of substantial recovery of any class of construction. Approximately 27,000 new family units were built in the entire country during this period of 1934. This figure was increased to approximately 47,000 new family units in the corresponding period of 1935 and, according to Dodge estimates, should increase still further to 75,000 or more during 1936.

In line with the improvement of business in general, commercial and factory building will doubtless also increase greatly though probably at a less rapid rate than residential building, the report continues. And it is natural to expect that, following the increase in new industrial construction, there will automatically be a noticeable increase in store and plant modernization which will help swell the total of private building volume.

This year's increase in private building, principally residential, has been in a great measure stimulated by activity of the Federal Housing Administration's better housing program, say Dodge experts, and the only logical conclusion to be reached is that this increase will be even more largely felt in 1936, especially as FHA regulations and policies have established a more wholesome relationship between private lending

**Local Girl Works on Chicago "U" Paper**

Joan Goodman, 306 Hazel avenue, now attending classes at the University of Chicago, was among those first-year students who registered for work on the school paper, The Daily Maroon, at its opening session, held Tuesday, October 15. A short period of instruction will be followed by appointments, in November, to the editorial staff of the paper. The Daily Maroon has been rated as one of the best conducted college newspapers in the Middle West.

Miss Mary Elizabeth O'Connell of Highland Park has been appointed temporary chairman of the newly formed Junior Auxiliary of the North Shore Catholic Woman's league.
