...safety, beauty, long life, low cost!

Safe, long-lasting streets of concrete mean more than better driving conditions. Concrete costs less than any other pavement of comparable durability and carrying capacity. It cuts upkeep and reduces driving cost by saving on gas, oil, tires and car repairs.

Concrete pavements give a clean, spick and span appearance to the community. Concrete's pleasing gray color reflects light, makes it easier to see—reduces accidents, in every kind of weather.

Insists on concrete—the ideal material for building new streets or resurfacing old ones.
