The Recipe Box

Conducted by PHIL LIBBY
Director, Home Service Department
Highland Park Press and Deerfield Press

(Editor's Note: You are invited to write your questions about recipes or household information to Phil Libby, in care of this newspaper, enclosing a self-addressed, stamped envelope. He will be glad to answer you promptly. It will be impossible to answer questions received by telephone).

Food . . . food . . . the housewife has this to contend with daily, usually its three times daily.

The newspapers, magazines and food manufacturers are trying to help her solve this problem by offering varied tried and tested recipes. Many housewives try these interesting recipes and are well pleased, others cut them out and paste them in a book and that's the end. Don't be old fashioned, try new dishes and see the smiles of appreciation on dad's and the children's faces.

The next few issues will be devoted to fully planned meals, with the individual recipes.

Notice that some of the local food shops are showing enormous sized English walnuts, packed in cellophane bags. A celery juice is now on the market in a highly concentrated form, nice to have on the pantry shelf, when no celery is on hand and excellent for flavoring soups.

Hiawatha Carries 138,866 Passengers in Seven Months

Establishing what is considered in rail circles to be a record for the number of revenue passengers to travel on a newly established train in regular service, the Milwaukee Road's Hiawatha, streamlined speed train operating between Chicago-Milwaukee and St. Paul-Minneapolis, carried 138,866 passengers from May 29, the date of inauguration, to Dec. 31.

The figures, compiled from the road's accounting department statements, include both "through" and "intermediate" revenue passengers. The greatest volume of business handled in a single month was in August when vacation travelers swelled the total to 25,003. The highest number on a single day was 1,866 revenue passengers carried Dec. 24, in four sections of the train.

Hiawatha passengers earnings for the six month period June to November, during which time 115,215 passengers were carried, totaled \$538,582.14. Deducing the cost of operation, including interest and depreciation on equipment, computed at \$173,190.56, the Hiawatha net earnings amounted to \$365,391.58. Business on other Milwaukee road trains in the same territory also increased inasmuch as most patrons take advantage of the saving in purchasing a round trip ticket and frequently find night schedules convenient in one direction.

Average earnings per mile for the six month period were \$3.29, cost \$1.04, net earnings \$2.25. The train makes a 421 mile run in each direction daily.

\$10,000 Damage Suit Is Sequel To Auto Death

A suit for \$10,000 damages was filed Tuesday in Lake County Circuit court at Waukegan by administrators of the estate of Miss Anne

Brindley, 29 years old, night club entertainer, who was killed on Oct. 17, 1935, in Highland Park when the automobile in which she was a passenger collided with a truck on Skokie highway. Theodore Leonard, 324 Ladin street, owner of the truck, was named defendant.
