WE DRIVERS

A Series of Brief Discussions on Driving, Dedicated to the Safety, Comfort and Pleasure of the Motoring Public, Prepared by General Motors

No. 9—COUNTRY DRIVING

IN DISCUSSING BRAKES we spoke of our cars as transportation systems ...

As a rule we engineers behind the steering wheel work only on local runs ...

What the railroad men mean by the best engineer, is the one who has taken his train out and brought it in, time after time, year after year, without a thing to regret.

So it isn't enough just to have our engine in good shape, and to watch our fuel and oil, or even to follow the rule of not driving too many hours at a stretch.

Then we can look forward to sending back that ever-welcome message—"Arrived safe after pleasant trip."

CHRISTIAN SCIENCE CHURCHES

"Life" was the subject of the Lesson Sermon in all Churches of Christ, Scientist, on Sunday, January 19.

The Golden Text was, "This is the record that God hath given to us eternal life, and this life is in his Son" (1 John 5: 11).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And behold one came and said unto him, Good Master, what good thing shall I do that I may have eternal life? And he said unto him, Why callest thou me good? there is none good but one, that is, God: but if thou wilt enter into life, keep the commandments" (Matthew 19: 16, 17).

The Lesson Sermon also included the following passages from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Because Life is God. Life must be eternal self-existent. Life is the everlasting I AM, the Being who was and is and shall be, whom nothing can erase" (p. 289-290).
