COBB APPROVED AS H. P. POSTMASTER

Hopes To See Highland Park Get New Postoffice During Term

The appointment of Daniel L. Cobb, 284 East Park avenue, as the

DANIEL L. COBB

postmaster of the Highland Park postoffice was confirmed Tuesday by the United States Senate. Mr. Cobb will replace Hugo L. Schneider, who has held the post for the past twelve years.

Mr. Cobb stated on Wednesday morning when called by a representative of the Highland Park Press that he had just received official notice of his appointment by wire from Senator Lewis. The notice is practically the last step necessary before taking office, only the routine of the post office department remaining. He stated that he expects to take office about March 1.

"I intend to do my best to give the people of Highland Park the best postal service that they have ever had," Mr. Cobb stated. "Also, I hope that during my term here a new postoffice will be built. We certainly need one, and I shall do all in my power to secure one for the city."

The confirmation ends a situation which has existed in Highland Park ever since the democratic party came into power in Washington, when the appointment of a democrat was expected to be a matter of weeks, rather than of years.

Local Yacht Club To Publish Newspaper

From a group including Edgar Boehm, John Seyfarth, Baker Hamilton, Edward Weeks, Ray Tohers and Robert Carter, the executive committee of the North Shore Yacht club will appoint a board of publications to supervise the publication of the club's newspaper, North Shore Yacht News. The appointments will be announced at the next meeting, to be held February 20.

The original issue of the paper was prepared and distributed at the last meeting in January by the library department under the direction of Baker Hamilton, club librarian. Other yacht clubs have been placed on the mailing list, and they will receive copies of the North Shore Yacht Clubs News.

At the request of Edward Weeks, chairman of the race committee, Keith Grant has been added to the ranks as an additional member. In their report, it was announced that they had already held several meetings and were preparing plans for next season's racing activities. A club measurer is to be appointed whose duty it is to keep accurate and up to date measurements of all boats for the assistance of the race committee in preparing the handicapping ratings.

Two new boats are declared to be well along in the process of construction and will be ready to add to the yacht club fleet early next summer. One of the boats, which is being built by John Seyfarth, is a snipe one design class, and a sister ship to Swastika, which was skippered by Fred Zahn in last season's races. The other new boat is being built by Joe Riddle and Oscar Andersen. This boat is of their own design and is an attempt at developing a suitable one design class for use on Lake Michigan under conditions such as exists at Highland Park.

Baker Hamilton, librarian, announces that his department stands willing to assist any interested person in obtaining plans or information concerning the building or buying of a boat. All communications may be addressed to him, at 206 N. Linden, or to Davis C. Greene, secretary, at 22 North Linden avenue, Highland Park.

A. J. Dahl's Cele- brate Their Golden Wedding Anniversary

Mr. and Mrs. A. J. Dahl of 303 Waukegan avenue, Highwood, celebrated their golden wedding anniversary on Sunday, February 2 with a family dinner at the home of the son, Carl W. Dahl of Wil-

mette, after which the party returned to their home in Highwood with a group of friends from Chicago.

On their return from Wilmette they found the house filled with other friends, flowers and gifts. Coffee and cake were served to over fifty callers.

Mrs. Dahl says, "We received telegrams, special deliveries and gift cards from New York, California, Wisconsin, and Illinois, flowers from lodge No. 336, Highland Park, golden bouquets from our son and granddaughter, but the big surprise of all the gifts, a large flower basket tied with a golden bow, filled with red oak leaves and pussy willows. My first impression was an old-fashioned bouquet dating back fifty years; when told to look closer, I found the pussy willows blooming with tightly folded dollar bills, a present given by friends of Lake Forest, Highland Park, Deerfield, Park Ridge, Highwood and Chicago.

"We shall carry on the remaining years with courage. We wish our family and many friends as long and happy life as has been granted to us."

School Boy Admits Being Author of Braeside School Fire

Bruce Wynne, age 12, son of Mr. and Mrs. A. B. Wynne, 2231 Lakeside place, Highland Park was yesterday discovered to be the author of the fire which on Sunday night caused damage estimated at between \$5,000 and \$7,000 to the Braeside school.

The lad admitted to having set the fire after being questioned by police, but gave no reason for his action. He said that he liked the school and the teachers, and that he did not especially care to watch fires. Police have reached the conclusion that the act was done on the spur of the moment and has no clearly related cause.

The boy stated that he started the fire with what apparently was a desk model cigarette lighter which he found in the shelter house used at the school's skating rink. The first blaze was lighted in the auditorium in the north end of the building. Here he was startled by his younger brother, aged 8, who with a small sister had accompanied him to the skating rink. After seeing him in the auditorium, the brother returned home. Almost immediately after the departure of his brother, he started the fire in the southeast corner of the building which damaged the office on the first floor, a part of the roof.

He said that after he saw the flames in the office he became frightened, threw away the instrument which had been used to ignite them, and started home. A careful search failed to disclose the supposed cigarette lighter he used.

In spite of the damage, it was stated that school will open Thursday morning.

Sunset Valley Club Plans Smoker Feb. 18

In spite of continued sub-zero weather and with the city blanketed in hard, crunchy snow, the board of directors of the Sunset Valley Golf Club have issued invitations to all the 1935 members to join in a pre-season smoker at the club house on Tuesday evening, Feb. 18, at 8 o'clock, to discuss plans for making 1936 the best year in Sunset's history.

"We want every Highland Parker who was a member of Sunset last year to retain his membership," said Fred Nelson, president of the club. "In addition to that we want every other Highland Parker who does not have other golfing facilities to become a member of our club. There are no finer golfing facilities of the kind in the country for the money. We are asking the members to come to the smoker and bring someone who is not familiar with what the club has to offer. With this weather they will have to take our word for it that the course is a fine one, but we can show them that the fellowship of the club is of the best and, after all, that it is an important consideration.

"This year we hope to have the most successful year in Sunset's history... with more members, more social events, and more competitive events than we have ever had. To accomplish this we need and urge the support of all members."

Mr. Nelson urged that all former members notify Tom Kelly, club pro, that they will attend the opening event of the 1936 golfing season.
