High School Notes

For Mr. C. Warner Williams' talk on sculpture Friday, he chose to use as his model for illustration purposes, Joan Person of Miss Morgan's session.

Try-outs for the all school play, a mystery-melodrama, to be given on March 20, 1936 began on Tuesday, February 11. They will continue through Friday, February 14. Rehearsals will start on February 17.

Written Language
Writing in some form or other is nearly as old as the human race. Picture writing is the earliest form and from it to our present day writing stretches thousands of years of change and improvement. The highest form of picture writing was the hieroglyphics of the ancient Egyptians. The first phonetic alphabet is credited to the Phoenicians, and it is from this alphabet that ours is derived.

In the lobby display cases in the library this week and next, books show the development of the written languages of mankind. Examples of the hieroglyphic writing of the ancient Egyptian, Indian picture writing, Arabic, Hebrew, Russian, Esperanto and Japanese are shown.

At the last session of the State

Legislature, \$600,000 was appropriated for a state emergency book fund. One half was to go to the Chicago Public Library, the remainder to be prorated to all the other libraries of the state according to the size of the community.

Books for the Highland Park Public Library to be paid for from this fund have been ordered. A complete list of the new books will be published within a week or two.

at which time the title and cast of the play will be announced.

By using the sound system and having the stage set as a radio broadcasting studio, "Student Stunts," the production given annually at the Highland Park high school, will be more spectacular this year than ever before.

The purpose of having such a setting is to acquaint amateurs with radio. All programs, whether original or "take-offs," will have theme songs.

Each program will have people who talk and their feelings will be expressed by voice inflection. There will also be a sound crew who will make "off-stage" noises and sound effects.

There will be a number of openings for announcers and masters of ceremonies. The song writers will have a chance to display their hidden talents because of the necessity for these songs.

All theme songs must be submitted to Miss Rinckenberger on or before March 30.

Try-outs will begin on April 1st, and the actual production of "Student Stunts" will be presented on April 15.

Miss Edith Morgan has been invited by the Executive committee of the Illinois Association of Deans to serve on their Membership committee for 1936. Miss Morgan is a teacher of English and Girls' club leader at the Highland Park high school.

High School Notes

The Northeast district Band contest will be held at the Highland Park high school Friday afternoon and evening, and Saturday morning and afternoon, March 27 and 28.

There will be about 18 bands, 250 soloists, and 75 ensembles competing.

The bands are divided according to the size of the schools. The high school bands are classed as follows: A—751 enrollment (or more); B—251 to 750 enrollment (or more); C—101 to 250. All grade school bands are in class D. The Highland Park high school is the smallest class A school in the district. There are about seven entries in class A.

Each band is required to play a warm-up march of its own selection. They will then play a required number and a selected concert number taken from the national contest list.
