

Boosters to Meet Strong Racine Five Tomorrow Night

The Highwood Boosters will meet the strong Racine quintet from Wisconsin tomorrow evening at 8 p.m. at the Oak Terrace gymnasium.

Losing their first game of the current season, the Highwood Boosters suffered their first defeat at the hands of the clever Waubesa Co-op team to the tune of, 61-21.

Passed by Les Williams, the Waubesa five outscored the Boosters in every quarter of the game. Williams scored 14 of his team's points.

"Chuck" Beaschinski, newly acquired player, led the Boosters in scoring by scoring 10 points.

Conner Pasquet, diminutive ace on the Booster club, was absent from the game due to a severe cold. However, Conner will be in uniform for Friday's game. Tom Russell played one of his best games of the season. Russell was a great factor in getting rebound shots and also displayed a great defensive ability. Hernandez, Glatfelter, and Bill Rogan played a fine game, both on the offense and defense.

Orleans Beat Cass Milan Five

Leading his team to victory by a 1 point margin, Captain Brasa of the Orleans scored 10 points and was closely followed by "Coo" Calderelli who tallied 8 points. Ransom Oris defense was of a specialty for he broke up many scoring plays that looked like sureshots. The Orleans won by a 25-19 score.

The Orleans will entertain the Deerfield five from Deerfield, "Hets" Hain, "Pud" Thompson, "Charles" Orshome an expected to be in uniform to play in Friday night game. This game will be staged at 8 p.m.

CHARLES YOUNG

The actual work of the study is being done by Charles Young, a graduate of McGill University in Canada. Mr. Young is a well known sociologist who was for a time identified with the sociology department of the University of Chicago. Assistant Mr. Young is now working in connection with the personnel division of the Girl Scouts. The survey which will study the results of the work is composed of outstanding people in the field of recreation, sociology and psychology. Some of the members who are being interviewed are: Dr. E. C. Lindeman, progressive educator; Shelby Harrison, Walter Pater and Dr. Elizabeth Kemper Adams. The four centers which are typical of different sections of the United States and where the study is being made are San Francisco, Calif.; Chicago, Ill.; Atlanta, Ga., and Boston, Mass. In addition to these cities, other nearby centers are visited during the six week stay. The Illinois Area Council comprising Geneva, Winnetka and Highland Park, has been selected as one of the centers to be included in the survey. The method by which the actual program content is determined is that of visiting various groups as they meet.

An upcoming Saturday, Feb. 1, of the local directors and field workers of the entire Great Lakes Region, Mr. Young gave some people of the study as seen from observations on the Pacific Coast. He stressed the fact that a coordination of efforts with other youth agencies in the community was a great need. The chief aspect of Girl Scouting, Mr. Young feels, is the student leader, council, or community to make plans for the spring.
