"Just What the Doctor Ordered"—
FOR MY FAMILY," says
T. L. Woolhouse, Cranford, N. J.

The popular phrase "Just what the doctor ordered" fits my big, new Dodge to a "T"—so far as my family is concerned.

My wife demanded safety, and I don't know where I could find a car with more safety provisions. My son was impressed by the quick responsiveness of the new Dodge; and my daughter insisted that we have a good looking car.

I have to foot the bills, and while all these things sold me on Dodge, I know that Dodge owners have reported getting 18 to 24 miles to the gallon of gas... and saving up to 20% on oil. I have averaged over 19 miles to the gallon.

AN OLD ROMAN LAW And Its Present-Day Significance

There was an old Roman law relating to bank deposits to the effect that a depositor who left his money only for safety ranked before a depositor who received interest for his money.

Today, in America, each of those depositors is protected against loss in insured banks. Whether or not their funds earn interest makes no difference. All depositors up to \$5,000.00 of an insured bank, share in the benefits of the Deposit Insurance, by the Federal Deposit Insurance Corporation.
