SCHOOL NEWS

RAVINA SCHOOL
AN IVANHOE PROJECT

The eighth grade of Ravina school have recently finished reading "Ivanhoe" in the literature class. Before we began our reading, we studied a little of the history of that time from the Norman Conquest to King John.

After we finished the story, we decided to make murals. There are now fourteen pictures telling of the story of "Ivanhoe" in our room.

The girls made the murals, and so the boys decided to make a castle to show their ability. They first hunted in the reference books for everything they could find about medieval castles, then they drew plans for making the castle. As the project proceeded, the girls took pity on the boys and soon helped them.

The castle is now near completion and we are quite proud of our handiwork for it is perched up on top of a cliff. There is a real portcullis, drawbridge and ivy clinging to the many towers and walls.

Betty Hobbs . . . Grade 8.

THE LINCOLN ASSEMBLY

The third and fourth grades gave a Lincoln assembly last week. They told stories about Lincoln, such as how he saved a pig, and the way he studied. After the stories they gave three scenes of Lincoln's life. Lincoln, as a boy reading in the evenings, was the first scene. The second scene told how Lincoln walked three miles when he was a storekeeper, to return three cents to a poor woman whom he had short changed. In the third scene one of Lincoln's fine deeds he did as president was shown. We are all grateful to Mrs. Casperson and Miss Marxsen for the splendid assembly.

—Joan Sigrist.

LINCOLN SCHOOL
NEWS FROM THE GRADES

Robert Boehm, Grade 8

Miss Hudson's kindergarten is studying transportation. They have made a train and a boat which look very real.

Miss Campbell's first grade is studying different ways of traveling. They have made an airplane like the China Clipper, only they call it the Highland Park Clipper.

Miss Nelson's fourth grade has been studying the colonial times. They have made a large log cabin and each child is making a small log cabin for himself.

Mrs. Harvey's fifth grade had charge of the assembly last Thursday, February 20th. They gave short talks about George Washington and illustrated their talks with colored slides.

Miss Paulin's sixth grade is studying Greek and Roman history. Soon they will start on English history.

Mrs. Freeman's eighth grade have been learning the Gettysburg Address. They are studying the government of colonial times in social studies.

RIDGE SCHOOL
The Girls' Festival

Girls' birthdays in Japan are celebrated in March. The day is known as the Feast of Dolls. Dolls are seen everywhere. There are dolls of every size, but many of them can be enjoyed only during the festival.

BRAESIDE SCHOOL

Owing to the recent fire, our Braeside school is undergoing extensive repairs and decoration. The third and fourth grades are having to use a small room on the second floor, formerly used by Mr. Borg for his handicraft shop. Mrs. Elder holds her English classes in one end of the upstairs corridor. The program is being carried on as before—with very few exceptions and every one is adjusting to the crowded situation in a very co-operative and helpful spirit. Only two days of school were lost, in all. We greatly appreciate the work of the fire and police departments during this unfortunate time.

BRAESIDE SCHOOL
News from First and Second Grade

A Big City

We are making a city. It has many tall buildings. It has an airport. It has all kinds of stores. We made apartment houses. We made streets and sidewalks. We play with our cars and trucks on the streets.

DEERFIELD SCHOOL
Second Grade (Card)

We are making an ice skating pond on paper. We cut people that are skating on the ice. Dick Krause cut out the Field House. Alan Heafield cut out some flood lights. LeRoy Greims cut out some benches. We made snow around the ice. Each one of us will make something for our ice pond picture.

Grade Five (Titus)
by Virginia Gastfield

Harold Pottinger and Elizabeth Stadler have brought in the tulip, hyacinth, and crocus bulbs we planted early in November. The plants look thrifty and we hope to have some beautiful blossoms in a

few weeks.

We have had much fun in Geography test naming the states of our country. Woodbury Cole brought a puzzle map. Most of us can name the state when the shape is held up. Some of them are real puzzles.

Pear Wilson has returned to school after an absence of six weeks.

Irene Wolfe of the Eighth grade has been transferred to Chicago.

Grade Six
Norwegian Fish

The chief export of Norway is fish. The Norwegians lie beside the sea. The fishermen can fish

any time in the year. The warm winter keeps the sea and bays from freezing. However, winter and spring are the important fishing seasons. Each year about ten thousand boats catch cod on the famous fishing banks near the Lofoten Islands. These islands are off the coast of Norway.

by Audrey Ely

The weekly Reader is being printed in Braille (raised letter for the blind). A copy is being sent to us, and we will be glad to let you see it.

Our grade had charge of the Assembly program Monday, Feb. 17. We gave a Lincoln program.

Last Concert in
Winnetka Series
Takes Place Mar. 2

The last concert of the Winnetka Artist series this season is to be given by Bronislaw Hufnagel, one of the greatest violinists of the day, on Monday evening, March 2, at New Trier auditorium.

His program includes the Cesar French Sonata and the Tchaikovsky Concerto, with two groups of shorter pieces. Subscribers to these annual concerts regret that this season closes so early, and the committees in charge of these is so-

liciting votes for the artists to be engaged for the 1937 season. So it rests with North Shore music lovers whom they shall hear next year. Blanks for the voting may be obtained from Mrs. Bessie Nans, Winnetka State Bank.

Zion Lutheran Church, Highwood
Henry G. Hedlund
Sunday school 9:45 a.m.
English service 11 a.m.
Swedish service 7:30 p.m.
Thursday evening, Feb. 27, Church Board of Administration meets in the church.
Wednesday, March 4, Luther League dinner at the church.
