

Announce Rates for Membership in Sunset Valley

Fred Nelson Predicts Large Membership for Coming Season

Dues for membership in the Sunset Valley Golf club for 1936 were announced this week by M. J. Hardacre and Fred Nelson, presidents of the Park board and the Golf club, respectively.

The X, A and B memberships are available to non-residents of Highland Park at slightly higher rates. "Judging from the enthusiasm of the officers and directors and the reports coming to us of former members we will have a larger membership this year than for several years past," said Mr. Nelson.

Mr. Nelson pointed out that information concerning the club can be obtained by calling or writing the Park Board offices in the City hall.

Women Voters Will Hear Three Speakers

Social Welfare in Lake County will be the subject of the next program of the League of Women Voters which will meet at the Y. W. C. A. Wednesday, March 18, at 1 p. m.

Judge Person's administrators the Juvenile court of Lake county at Waukegan and all dependent, delinquent and neglected children are under his jurisdiction. He is responsible also for mother's pensions, pension for the blind and the newly established old age pensions.

Mrs. Mary P. Funk, the probation officer of the Lake county court who is responsible for all the social case work in relation to the juvenile court, Mothers' pensions and blind pensions is also responsible for the adult probation work of Lake county and has recently been appointed by the new Board of Public Welfare for recommendation of persons applying for old age pensions.

Mrs. Charles Mason of Highland Park who was one of the three members of the new Board of Public Welfare appointed by Judge Person's to administer the Old Age Pension law, will speak on the work of this board.

Two of the study groups on Child Welfare and Economic Welfare under Mrs. Frank Seifridge and Mrs. George Carr have been discussing various phases of the social welfare set-up in Illinois and in Lake county for the past two months and the open discussion promises to be of great interest.

Girl Scout Banquet To Be Held March 27

The Girl Scout annual banquet will be held this year on March 27 at 6:30 p. m. at the Ravinia Village House. Tickets may be secured from troop leaders.

The month of March is considered very appropriate time for the affair as it is the occasion of International Girl Scout month.

Dinner will be followed by a pageant with World Friendship as the theme. All troops have an acting part in this pageant, which is under the direction of Miss Katharine Imig. Folk dancing in costumes and an impressive flag ceremony, using flags from 31 countries will be main features of the program.

Harriet Lehr Wins Composition Contest Conducted by P.T.A.

Harriet Lehr was the winner of the contest conducted in the fifth grade at Elm Place school for the best article on skating, provided by the Elm Place P.T.A.

Her prize winning composition is printed below.

Our Advantages in Skating at Elm Place

One winter sport that is fun to do when you have a good pond for it is skating. The Elm Place P.T.A. has provided us with a nice sized skating pond. Also it has provided a house with a stove. I think it has been very, very thoughtful in doing all this.

The P.T.A. has chosen two caretakers and I think they have also been kind in giving their time to us. The caretakers schedule time for games, and time for races if you wish. I think almost everyone who skates there is courteous.

It is very convenient for those who live far from a skating pond. They can bring their skates to school and go skating right after school. There are lights so you may skate at night. The pond is kept clear from snow. You may go skating at recess, at lunch time, and after school. There is a clock in the house so if you don't hear the bell you can look in the house for the time.

I think it was nice of the P.T.A. to give us this space for such a jolly sport.

Favorite Recipe Contest Offers Attractive Prizes

Today the entry blank for the Highland Park Press "Favorite Recipe Contest" is published in another part of this paper. All readers have to do is attach a favorite recipe and send or bring it in to the Press office, before midnight, March 31, 1936.

Recipes will be judged for simplicity in making, cost, attractiveness and general appeal. Recipes for anything to eat may be submitted. It is not necessary to send in the finished product for judging, just the recipe.

The prizes are listed on the entry blank. All of them are useful and should find a welcome place in any home.

Send in your recipe as early as possible so that they will not all come in on the last few days.

Anyone may enter this contest, except employees of The Press and their families.

New Dodge-Plymouth Agency Opens Here

Announcement is made of the opening of a Dodge-Plymouth agency at 364 Central avenue, by Mr. William Fallor and Mr. Marc Aisner, both of whom were formerly associated with the Cadillac-LaSalle Motor Car company, Mr. Fallor for 12 years, and Mr. Aisner for 7. Both men had been associated with the local Cadillac company for the past 4 years.

The new dealers will feature one of the most scientifically equipped service departments on the North Shore. These facilities are in operation at the agency's service department, which is located at the corner of St. Johns and Elm Place. Standard Dodge and Plymouth factory prices will prevail for all service operations.

The equipment consists of motor and carburetor analyzing machines, wheel aligning machines and equipment for straightening axels, fender and body work, painting and other modern appliances to increase efficiency. Every Dodge and Plymouth factory requirement is available in the lubricating department. Another feature offered is a free pickup and delivery service offered to their patrons.

Local Dodge and Plymouth owners are invited to inspect both the service department and the new sales rooms.

Firemen's Ball Takes Place Tuesday Night

Final preparations have been completed for the annual Firemen's Ball which is to be held, as in former years, at the high school on March 17. Proceeds of the affair will be turned in to the Highland Park Firemen's Pension fund.

With George Swanson and his Ambassadors furnishing the music, and the established reputation of the occasion, as one of the most popular of the year, a large crowd is expected to throng the high school gymnasium next Tuesday night.

Motor Carrier Act Puts Truck & Bus Traffic Under ICE

Howard F. Bishop Explains Effects of New Traffic Legislation

The effect of the Motor Carrier act recently passed by congress, placing interstate bus and truck traffic under the regulation of the Interstate Commerce Commission, was explained today by Howard F. Bishop, counsel for the North Shore Property Owners association.

Mr. Bishop just returned from Washington where he went to gather data in regard to the act which is of special interest to owners of residential property on the North Shore and in other sections of the state.

Municipalities or organizations desiring to prevent the issuance of Interstate Commerce Commission certificates for such routes as interstate carriers may claim, will have to file objections before the commission, Mr. Bishop said.

The act, he believes, will not involve any usurpation of authority by the Interstate Commerce Commission so that the Illinois Commerce Commission will still have complete jurisdiction over all intra-state traffic as it has had in the past. Lines passing through the North Shore and that are interstate in character, will be under the regulation of the federal body, he pointed out.

"The act was passed for the purpose of regulating interstate bus and truck traffic and does not affect traffic that is entirely intra-state," Mr. Bishop said. "This means that the Illinois Commerce Commission will continue to have jurisdiction over all these cases affecting the North Shore which have been submitted to it but any truck or bus routes going from state to state, as from Milwaukee to Chicago or from points in Indiana or Michigan thru the North Shore, would come under the jurisdiction of the Interstate Commerce Commission at Washington. The act provides that no motor carrier shall engage in interstate operation on any public highway without a certificate of public convenience and necessity issued by the United States Interstate Commerce Commission, authorizing such operations.

"There is a further provision however, that if the carrier was a bona fide operation as of June 1, 1935, and providing that it makes application for a certificate to the commission within 120 days after the taking of effect of the act, that then, the commission shall issue a certificate. These provisions apply both to common carriers and to contract carriers. The act took effect October 1, 1935. The commission was given authority to extend the time of taking effect to April 1, 1936, and it has made some extensions of the effective date.

"Now is the time when carriers who desire to take advantage of the provisions of the act are making applications to come within its provisions. It will be necessary for municipalities or organizations desiring to prevent the issuance of these certificates to file appropriate objections before the Interstate Commerce Commission.

"I do not think there need be any alarm over possible usurpation by the Interstate Commerce Commission of the authority of the Illinois Commerce Commission. I believe the Illinois Commerce Commission will continue to have jurisdiction over most of the cases that may affect the North Shore. On the other hand, there will undoubtedly be one case and there may be two or three cases, affecting the interstate operation, that will undoubtedly come before the Illinois Commerce Commission."

According to reports from Washington, more than 100,000 applications for certificates have been filed before the Interstate Commerce Commission to permit interstate bus and truck carriers to come under the jurisdiction of the new act. There are many phases of the situation, authorities point out, but one is especially obvious and important—the new regime over trucking gives that industry added permanence and significance, and there are now added reasons why property owners and others should study routes and other details carefully in order to determine if government-regulated truck lines, running on residential streets, will or will not cause damage to residential property values.

A. O. Fay, Lodge Member A. O. Fay, Lodge No. 685 A.F. and A.M. will hold their stated meeting this evening (Thursday) at 7:30 o'clock in Masonic hall. The topic for discussion will be "Numbers."

Funeral Services Held on Saturday for Leonard Cote

Coroner's Jury Returns Verdict of "Death From Being Struck by Train"

A coroner's jury last Thursday found that Leonard Cote "came to his death through injuries received by being struck by the side or some part of a train of unknown number, while walking along the railroad right of way."

Funeral services for young Cote, a student at Deerfield-Shields were held Saturday morning at St. James church in Highland Park. Burial was in Ascension cemetery.

Dr. John L. Taylor, coroner, who conducted the inquest into the boy's manner in which he met his death, stated that while the exact cause could not be ascertained, it was probably from the fall caused by being brushed by the train rather than by being struck by the train itself. It was impossible for the jury to determine exactly what train caused the boy's death, but it is believed that the northbound train arriving in Highland Park at 11:27 p. m. was the one involved in the fatal accident.

E. L. Olson, district claim agent for the railroad testified that no evidences of the accident could be found on any of the three northbound trains which passed through Highland Park between the time the lad left the home of Miss Eileen Glesin, 1125 Burton avenue, and the time the body was found by Thomas Welsh, a tester for the Illinois Bell Telephone company. Mr. Welsh testified that he found the body at 7:04 a. m. Wednesday, lying about 150 feet north of the Sheridan place viaduct and about three feet away from the rails. Officer Harry Lehr of the Highland Park police department, who was sent to the scene to investigate the report, stated that when he arrived, rigor mortis had already set in, indicating that the boy had been dead for some time.

Why he was walking along the tracks will never be known, as he had had sufficient time to take the electric from Beech street, and had told Miss Glen that he intended doing so.

Variety Offered This Week at The Alcyon

"Charlie Chan's Secret" will hold the interest of the Alcyon theater patrons this Friday and Saturday. Previewers are whispering that Warner Oland is better than ever in this picture and that the latest doings of the sleuth will keep you peep-eyed with thrills. Suspense, thrills, surprise fill every scene of this action-packed story from beginning to end.

A dramatic story, rich in romance, studded with bright comedy and revealing for the first time life in the medical and nursing corps of the United States Navy, "Navy Wife" from the newest story of Kathleen Norris will show on Sunday and Monday at the Alcyon. Claire Trevor heads the cast with Ralph Bellamy, playing the romantic lead.

The haunting fascination of the South Seas, the idyllic lives of the natives, a stirring romance, played amid the thrills of primitive lives; these are the elements caught in an absorbing piece of entertainment, "Last of the Pagans," the Alcyon attraction for Sunday and Monday.

Green Bay School To Hold Open House

Open house will be held at the Green Bay school on Thursday, March 19 from 7:30 to 9:30 p. m. The following program, which will be given in the auditorium, will take up the first part of the evening.

Kindergarten—Books about "The Three Bears." First grade—Rhythm Band. Second grade—Nature Experiments, Minuet. Third grade—Pioneer play. Fourth grade—Newspaper, Story of Benjamin Franklin, Nature Experiment and Boy's Glee club.

Highland Meat Market Enters Wholesale Line

The Highland Meat Market has entered into the wholesale meat business and is now prepared to supply large parties, such as lodge meetings and church gatherings with the highest grade meats at wholesale prices. A new truck has been secured to facilitate deliveries.

Miss Emelie Nafe, Local Pioneer, Is Buried Saturday

Funeral services for Miss Emelie Nafe, 85, of 263 Bloom street, who died at her home last Wednesday, March 4, were held in the chapel of Kelley's undertaking parlor on Sheridan Road, last Saturday at 2 p. m. Interment was in Grace Cemetery.

Miss Nafe was born September 16, 1840 at Waldenburg, Germany. She came to the United States and settled in Highland Park in 1853. She lived in the same house since she first came to Highland Park.

Miss Nafe was beloved by her friends and neighbors and was "auntie" to many children, who delighted to hear her tell fairy tales. She was always ready to assist her friends and neighbors.

She was familiar with many facts of the history of Lake county and its development and gave valuable data and books to the historical department of the Highland Park Public Library.

In her early days in Highland Park Miss Nafe used to walk to Glenoce for church every Sunday. She also walked to Lake Forest to buy groceries.

Miss Nafe was very fond of organ music and was presented with a residential organ by Malina O'Brien, who had the old organ shipped on a burro and brought over the mountains from Colorado to Highland Park. Many happy hours of entertainment were enjoyed by the family and friends with organ selections and hymns.

Many students from Deerfield-Shields high school came to her for information regarding the history of the north shore and especially of Lake County.

Miss Nafe was also well versed in agriculture, bird life, and botany, having developed some of the most beautiful red and white roses and giant geraniums ever grown on the north shore. She also raised fruit trees, berry bushes and giant spirea plants.

Miss Nafe is survived by the following nieces: Mrs. Albert Axt, Mrs. Everett Hall, Mrs. Frieda Schadowitz, Mrs. Roy Smith and Mrs. Mildred Henthorn, all of Highland Park.

Colored Motion Pictures To Be Featured at "Y"

Colored motion pictures of a "Tour Through Europe" will be shown as a special feature of the Sunday-Community Vespers at the Y. W. C. A., 374 Laurel avenue this Sunday, March 15. Preceding the views Harvey Olson and E. L. de Rosa, representing Campus Tours, through whose courtesy the film is shown, will give a short explanatory talk. The public is cordially invited to enjoy the beauties of Scotland, England, the Rhine trip and Munich, Bavaria, the world-famed Oberammergau, Lucerne, the Alps and Lae Como, Italy with special stops in Rome and Venice where boats instead of cars have their own traffic problems, Paris where all would linger longer, Nice and the fascinations of Monte Carlo.

Miss Clara Daughlin considers these very fine travel pictures so a real treat awaits Highland Parkers. Men, women and the older children are invited. There is no admission charge. In order to accommodate the showing of the extensive travel pictures Mrs. H. C. Hawes, chairman of the religious education program of the Y. W. C. A. has announced that the devotional service will begin at 4 o'clock instead of the usual 4:30. Reverend Earl J. Brusio, pastor of the Bethlehem Evangelical church of Deerfield, one of the most stimulating of the younger pastors along the North Shore, will be the guest speaker. Following this program of double interest the Friendship club girls will be hostesses serving refreshments.

Assessor's Office Explains Increase in County's Taxes

Tax Rates Will Be Increased 13 to 36 Cents in Local School Districts

Lake county's tax increase of 40 cents per \$100 valuation will mean an increase of from 13 to 36 cents in the various school districts of Highland Park, Highwood and Lake Forest, according to figures compiled at the assessor's office.

The increase in the 1935 taxes is occasioned by the transfer of poor relief responsibilities from the townships to the county.

A tabulation of the tax rates in Lake county by school districts is given below:

Table with 3 columns: School District, 1934, 1935. Rows include 107 Highland Park, 108 Highland Park, 109 Highland Park, 111 Highland Park, 111 Highwood, 47 Lake Forest.

The 1935 tax rate of \$6.50 in district 107 is made up of the following items, State, None (Eliminated by sales tax) county, .81, township, .31, City of Highland Park, \$1.39, Park District, .56, Sanitary District 20, Mosquito abatement, .05, School District 107, \$2.02, High School District \$1.16.

The county rate of .81 may be broken down into the following classifications:

Table with 2 columns: Classification, Rate. Rows include General, Poor - Hospital, Poor - County home, Poor - Relief, Blind pensions, Mothers pensions, County highways, Court House bond, Third Road bond, Funding bond.

The city taxes are collected for the following purposes in the amounts listed below:

Table with 2 columns: Classification, Rate. Rows include General, Library, Garbage, Police pension, Fire pension, Bond.

Other variations in the tax rates for 1935 and 1934 are as follows: The township rate has dropped from .39 to .31, while the city rate has risen from \$1.27 to \$1.39. Decreases were effected in both the High school district and the Sanitary district, the former dropping from \$1.29 to \$1.16 and the latter for .22 to .20. The rate for the Park district of Highland Park has increased .05 while that of School district 107 has risen .02. No change was made in the rate for District 108.

It is pointed out by the assessor's office that the valuation of real and personal property has been decreased by approximately one quarter of a million dollars so that the rates will be based in most cases, on a smaller individual valuation than for 1934.

General poor relief reverted back to the counties on July 1, 1935, hence the increase in county rate.

Assessed valuation of Deerfield Township is \$15,988,676, which includes all real estate, railroad and telegraph properties, as well as personal property within the township. The assessed valuation of all railroad and telegraph properties within Deerfield Township including personal property amounts to \$1,131,898, thereby making all real estate and personal property (exclusive of railroad and telegraph) \$14,756,778.

It should be stressed that the assessor's office has nothing to do with fixing the various tax rates. Its sole function is to set a value on the property, after which the tax rates are set by county authorities. It is the practice of township assessors throughout Lake county to use one-fourth of the full valuation as a basis for taxation. Thus, property valued at ten thousand dollars pays a tax on two thousand five hundred.

Rotary Club Hears Talk on Archery

Sidney Morris, building inspector of Highland Park, addressed members of the Highland Park Rotary club on archery, explaining the use of the various types of bows, at the club's regular noon meeting held Monday at the Green Tea Pot. Mr. Morris is nationally known as an archer.

Mr. William Brown, who had charge of the program, introduced the speaker. Carl Langer Dies in Albuquerque. Carl Langer passed away in Albuquerque, N. M., at 5 o'clock on Tuesday morning, following a long illness. Mr. Langer fell ill soon after his return from service over sea during the World War. He was a brother of Mrs. Gervase Brown of St. Johns place.

Vertical advertisement for champagne and wine, including prices for various brands like TCH, French, and others.
