What is it WORTH to be WELL?

Most of us never think very much about health as long as we have it. And that's all wrong. It costs a lot—in money and effort—to get well. But it's simple to keep well and a whole lot easier. Don't neglect your health. If you are feeling run down—lack energy and vitality—or a bit out of sorts, go and have a talk with your Doctor. And—his prescription brought here to this Drug store will be filled exactly as written, at very fair prices.
