Annual Event Is Memorial to Dead and Aid to Living War Veterans

Poppy Day, which has a real significance to every American who remembers with pride the services of the men who died in the World war and of those who were disabled during the war, will be held in all communities throughout the United States on Saturday, May 23.

By wearing the American Legion poppy citizens can all honor the war dead and help the war's living victims. Each American Legion poppy is an individual tribute and has been made individually by a disabled vet-

In Highland Park, the auxiliary of the Dumaresq Spencer post each year has taken over the sale of these poppies within the community. These poppies, made by disabled veterans located in hospitals in the State of Illinois, enable them to earn a few dollars during the year. The material from which the poppies are made is furnished to him by the American Legion Department of Illinois. The Department of Illinois also makes a small profit, and with these funds do rehabilitation work in the veterans' hospitals throughout the state. The Auxiliary of the Dumaresq Spencer post also does rehabilitation work in hospitals with the profit it receives.
