Outdoor Music Featured at Garden of Memories

New and pleasing experiences have been enjoyed by owners of lots and visitors in Northshore Garden of Memories during the last 10 days. On Memorial Day a new and carefully studied outfit—called the Symphotone—for the broadcasting of music out-of-doors, gave the grand old hymns of all the churches (Catholic and Protestant), also many other dignified and much loved songs and musical compositions which may not be classed as strictly religious.

The tones came sweet and clear and were heard throughout the grounds. In fact citizens of North Chicago living from half a mile to upwards of one mile from the Garden came to investigate after hearing the same at their homes. The broadcast of this out-of-door musical treat was given last Sunday evening when hundreds of cars full of passengers enjoyed a similar rendition from 7 until 8 p.m.

The management has announced that similar broadcast will be given next Sunday evening at 7 o'clock and each evening thereafter at the same time until further announcement. Ample and safe parking space is assured and everything is free. The management invites criticism or suggestion on any feature of the broadcast. The program is different each time.

Mrs. Thomas Cook-Brown, the well-known Waukegan soprano, sang several of the fine old hymns and sacred songs through the microphone with Symphotone accompaniment.

The next public broadcast will be given upon the occasion of the annual Memorial services at the graves of Methodist ministers and their wives in Northshore Garden of Memories at 3 p. m. next Sunday.

"My Song is of Dodge"

says MARION TALLEY,
Lovely Opera Star now starring in "Follow Your Heart," a Republic Production

I instinctively like beauty and style... and the handsome new Dodge with its lovely appointed interior and smart lines, appeals to me immeasurably.

No wonder it is acclaimed for its lavish beauty... it's so much more expensive looking than it is. I was surprised at the really low price...

...pleased with the many expensive-car features for one's safety and comfort... this extra attention to riding enjoyment makes long trips easy...

... On a recent trip from Kansas City to Los Angeles, I enjoyed every minute... and was not at all tired after a long day of driving. And with all this luxury...

... at so low a price... I was quite surprised to note the remarkable savings on gas and oil. For a combination of beauty, style and money-saving features, it seems to me that it would be hard to surpass this handsome new Dodge.

A rare combination of smart styling, comfort and amazing economy... that is what sold Miss Talley as well as other famous moving picture stars on Dodge! And that same combination has sold Dodge to thousands... to men and women who can afford even the most expensive cars yet who have discovered that the big, new Dodge has so many extra-value features that they decided that paying more for a car was literally a waste of money!

See this new Dodge today! Take the free economy test! See why owners everywhere report 18 to 24 miles per gallon of gasoline! Learn for yourself why more people buy Dodge cars than any other make excepting the three lowest-priced cars!

After All...
Why doesn't someone suggest that
VETERANS
keep their Bonus Money?

WITH so many "offers," "special deals" and other "spend your money quick" propositions currently made to veterans, one wonders who is really going to get the bonus Congress voted; the veteran — or a lot of other people who are trying to make him spend it before he receives it.

Why doesn't someone suggest that the veteran *keep* their bonus, or at least a part of it?

After all, the bonus which the average veteran will receive represents the *hardest earned money* anybody ever got... money won at the expense of hardship, privation and, in many cases, serious risk to life itself. Certainly, thoughtful veterans will agree it should be used with the most judicious care.

Co-operation
Joseph B. Deibler, Highland Park's Chrysler and Plymouth dealer, knows how hard that money was to get—for he himself got only \$30 a month during the war. And that is how he feels about it.

Mr. Deibler congratulates the veterans on receiving their bonus as a just reward for their sacrifices. And he invites those who—of their own free will and accord—are now in the market for a car to discuss with him sound and convenient means of purchasing one.
