

THE PRESS SNAPSHOTS

The genius for speed that has made Lou Meyer famous on the race track has no place in his private motoring life. Victor in the Memorial Day Indianapolis Sweepstakes, and only three-time winner of that famous classic, Meyer is shown signing membership pledge of the "NOT OVER 50" CLUB, safety organization sponsored by the Lumbermens Mutual Casualty Company of Chicago. The Club's insignia, free to motorists, is shown at upper right.

SWAN AS HOUSE DOG—Mrs. R. N. Watson of England takes her unusual pet out shopping and motoring. The bird listens to the radio and is considered as intelligent as the average canine.

KEEPING THE YANKS IN FRONT—Left to right, Frank Crossetti, Tony Lazzeri, veterans, and Joe DiMaggio, sensational rookie, three great Italian ball players who have contributed to the success of the New York team, which is leading the American League race by a wide margin.

HAT MAN HONORED—George L. Russell, Jr., Treasurer of the John B. Stetson Company, Philadelphia, has been elected president of the Hat Institute. Mr. Russell, a native of Pennsylvania, is one of the best known hat men in America.

Continuous strip-sheet mills have started a new era for the steel industry. Superior quality and lower costs attained by use of these "automatons" are putting more steel into automobiles, food, beer containers and household implements. Photo shows long strips of thin steel being wound on roller after being "pickled" at \$20,000,000 mill, formally opened by Bethlehem Steel Company at its Lackawanna, N. Y. plant.

Boy Scout News

Friday night with the supper meal Camp Ma-Ka-Ja-Wan, the Scout camp of the North Shore Area council, opened its second period of the year with near capacity attendance, 194 scouts. The camp at capacity can accommodate 210 boys and their leaders.

The camp truck and twelve cars were waiting for the scouts when they detrained from the second section of the Flambeau in Antigo. An hour later every boy was sitting down to a dinner of lake trout cooked in the delectable manner belonging alone to Chef Bob Paulson.

By the finish of dinner, the truck had arrived with the baggage and the boys were assigned to their villages.

Oak Brooks Reputed Strongest Polo Team

Oak Brook appears to be the strongest team in local polo circles this season, but is closely followed by the 12th Field Artillery team and the Black Horse Troop. The latter teams have younger players who up to this time have had trouble coping with the veteran Oak Brook Stars. Paul Butler and Capt. Maxwell M. Corpening have been standout players for the Oak Brook Four. Both have shown great goal scoring form.

The 124th and Black Horse

Troop are developing rapidly in skill and have had some hard fought battles with the leaders. With added experience they expect to trounce Oak Brook in future games. The 122nd Field Artillery also has a strong team which will be heard from. To date that bunch of scrappy lieutenants has been handicapped by playing more of the indoor-outdoor style of game.

Mrs. Elmer Evans' Death Comes as Shock to Friends

The death of Mrs. Elmer R. Evans, 593 W. Central ave., last Friday at St. Luke's hospital, Racine, was a great shock to friends. Mrs. Evans had not been well for some time and went to St. Luke's hospital, Racine, June 16. Following and supporting the operation several blood transfusions were resorted to, but she was unable to convalesce and passed away Friday morning July 10th, with her entire family about her. Two of the sons, Harold and Robert Evans, came by air from Pittsburg and Kansas city.

Mrs. Evans was a quiet home loving and home making woman. During all but six months of their 28 years of happy, married life the couple lived at 593 Central ave. Three sons were born to them, Robert G. Evans, Harold Francis, and E. Norman Evans. Besides the husband Elmer R. Evans, there survive three sisters, Mrs. Sophia Hoover, Mrs. Mammie Drinkwater, Mrs. Eva Highblein; two brothers, John and William Rasmussen, and her mother, Mrs. Karen Rasmussen.

Mrs. Evans was born Sept. 18, 1883, almost 53 years ago. Elmer R. Evans and Miss Bessie Rasmussen were married July 9, 1908 at the Evans home, 14 S. 11st st. Many friends will mourn the passing of Mrs. Evans.

Funeral services were held Monday morning at 10 o'clock with burial in Lake Forest cemetery.

To Liquidate Bonds

(Continued from Page 1)
assessments, plus interest up to date, plus certain expenses that this committee has been put to, so that if titular lots and no unforeseen expenses occur, the assessments will be paid 100 cents on the dollar, or very close to that figure. However, we do not control all the lots in the subdivision, nor do we control 100 per cent of the bonds, and for this reason the bondholders will receive less than 100 per cent in the eventual settlement and ultimate liquidation of these properties. Exactly how much will be realized is difficult to foretell at this time. We are simply giving you a picture of the situation as we see it. You may be sure that we have been striving, and will continue to do so, for a liquidation which will bring bondholders as close to 100 cents on the dollar as possible.

Provided sufficient bonds are deposited with this committee, the committee will be in a position to obtain title to other properties either through foreclosure or purchase for the benefit of the bondholders, and ultimately endeavor to liquidate that property for the benefit of the bondholders. That is the only procedure, in the opinion of the committee, which will gradually liquidate Highland Park Special As-

essment Bonds, and the committee again appeals to all bondholders to deposit their bonds with the committee so we may proceed with this program.

Respectfully submitted,
Highland Park Special Assessment Bondholders' Committee.

J. B. Nash Attends Cleaners Convention

Mr. J. B. Nash, president of the Vogue Cleaners, 327-329 N. Green Bay road, recently attended the Illinois Cleaners and Dyers association convention at the Pere Marquette hotel in Peoria. More than 200 members of the allied trades attended the meeting, which was one of the most successful held in the past few years.

Dr. Coughlin of the Celanese Corporation of America was the main speaker, and discussed the various new fabrics being placed on the market, stressing the care in cleaning and the avoidance of stretching and shrinking. Many new cleaning and mothproofing features were also discussed.

Some of the latest and most modern cleaning machinery was exhibited.

Next Week's Program At Deerpath Theater
