

World's Mightiest Circus Coming Soon

With the most impressive and brilliant seven-ring-and-stage program in its history, the Ringling Bros. and Barnum & Bailey Combined Circus, which will exhibit in Chicago, under canvas in Soldier Field, for nine days, beginning Saturday afternoon, July 25, offers this season, as a sensational super-feature, a herd of African pigmy elephants, the first ever to set foot on this continent. These tiny tusk-ers are not babies, but full-grown, middle-aged midget elephants, the rarest animals on the face of the earth. Accompanying them is a herd of miniature African pangurs, the world's smallest beasts of burden. The pigmy elephants have proven the greatest attraction the Big Show has ever placed before the public, not even excepting its presentations in the past of the disc-lipped Ubangis, the giraffe-necked women from Burma, the sacred white elephant of Siam, Jumbo, Tom Thumb and Goliath, the sea elephant.

Among the scores of new features, to say nothing of the new importations from Europe and As-

Sisterhood Plans Annual Summer Party

Summer residents and guests of the North Shore are cordially invited to attend the annual Summer party given by the Sisterhood of the North Shore Congregation Israel in Glencoe. This year the affair is to be a Summer Dessert Bridge and Keno party on the roof of the Orrington hotel in Evanston, Tuesday, August 4, at 1:30 o'clock.

Proceeds are to further the work of the Sisterhood in its Philanthropic activities. Charitable disbursements are a large part of Sisterhood work, and the many agencies receiving Sisterhood support will materially benefit from the money raised in this manner.

Milk Prices Are Increased Today

Increase in the price of milk and cream went into effect this morning with all of the local dairies. Milk was raised one cent on every quart and cream was raised a cent on every pint.

The drought of the past week necessitated the raise in price as pastures have been burned and the cost of feeding the cattle has greatly increased.

446 Club Picnic At Santi Park, July 26

The 446 club will hold a picnic Sunday, in Santi Park on Half Day road, Sunday, July 26. There will be games, prizes, dancing, and refreshments. Music for the dance will be furnished by Lenzi. The public is invited.

Rear Admiral Andrews Inspects Great Lakes

Rear Admiral Adolphus Andrews, U.S.N., Chief of the Bureau of Navigation, Navy department, Washington, D. C., and Captain W. O. Spears, U.S.N., Chief of the Naval Reserve division in the Bureau of Navigation, arrived in Chicago on Sunday, July 12, for a tour of Naval Reserve activities in Chicago and vicinity. They were met by Rear Admiral John Downes, U.S.N., commandant at Great Lakes, who accompanied them on their inspection. The party also inspected the Naval Training Station, Great Lakes, on Monday.

Card Party, July 17

The Sheridan Rebekah Sewing Circle will hold a Social Card Party at the home of Mrs. Elizabeth S. Worth, 623 Vine avenue on Friday evening, July 17th at 8 o'clock. The public is most cordially invited.

We have the most complete line of cold meats at the Moraine Grocery.

BECAUSE—
"It takes a heap o' livin'
In a house to make it home"
— BUILD with CONCRETE

You'll have time for that heap o' livin'—generations of time—for concrete outlives even mortgages. Heaps o' time—because there'll be less work to keeping the house warm in winter and cool in summer—no time out for repairs or upkeep.

Comfort should be the keynote of a home that's really going to be lived in—another reason for building with concrete.

And you'll want your home to express you—your individuality—your taste. Concrete lends itself to free expression in any architectural style. Ask your architect about your favorite design—in concrete.

A Steady, Cooling Breeze Throughout Your Entire House

WITH AN

ATTIC COOLING SYSTEM

HERE'S HOW IT WORKS

The average night temperature is several degrees below the daytime temperature. By dispelling stale, hot air that has been stored in the attic throughout the day, and by drawing in cool night air at the lower floors, a constant breeze cools its way through your house.

Here's Nature's own way to keep cool. Air in motion! Cool breezes throughout your house! With an Attic Cooling System you scientifically provide your home with a wealth of cool, circulating air. Hot air is driven off. Cool night air replaces it. A constant motion is started and continues like a steady breeze to give you relief from heat.

Investigate this opportunity to cool your house this summer. Special terms are offered. Visit your nearest Public Service office for complete details.

SPECIAL PRICE

During July and August Delivered and Installed

\$109.50

NOTE: This price offered only where attic window is available. Does not include cutting opening in attic wall or floor, if needed.
