

World's Smallest Chef at Deerfield Grocery & Market

"Little Oscar," the world's smallest chef appearing on Sept. 3, 4 and 5, Thurs., Fri. and Sat., at Deerfield Grocery and Market, through the courtesy of his sponsors, Oscar Mayer & Co., well known Chicago packers.

Eighteen years old, forty-two inches high and weighing only forty-five pounds, "Little Oscar" has a winning personality that instantly captivates both youngsters and grownups. The autographed photographs of himself which he presents to all who come in to see him become a highly prized possession. "Little Oscar" may be the world's smallest chef, but those who taste his delicious samples of wieners and other meats declare that he is also the world's best chef.

Previous to his appearance at the Deerfield Grocery and Market "Little Oscar" has appeared in several stores in the Loop.

Following his present engagement he will appear at other outstanding food stores throughout Chicago.

Braun Bros. and Legion to Meet on Labor Day

The city baseball championship for 1936, hangs in the balance of the contest to be played in Sunset Park on Labor Day. The two local

outfits participating, namely the Braun Brothers Oilers and the Highland Park Legionnaires (have both pointed their hopes in the direction of a victory in the coming conflict since the beginning of the summer. Earlier battles of the season only proved to heap more wood on the fire of the eye feeling, that has sprung up between the two teams since the Oilers organized in the spring.

While at the present time the Legionnaires are able to boast of two victories over the Brothers, whereas the Oilers have only one win from the Legion to their credit, Ray Chambers, the Legion squad manager, looks forward to the coming game with some uncertainty as to just what the outcome will be. Perhaps he has become skeptical because of the performance of Tom Duffy, Legionnaire star pitcher, last Sunday against the Highwood Indians. In this particular game the Redskins blasted out hit after hit running up a tally of 14 runs.

In the event that the American Legion Club should win, it would be acclaimed city crown winner; however, if the Oilers are victorious, the teams will stand in a tie for the honors, thus necessitating another game for the playoff.

Arrangements have been made to satisfy the desires of all you big league fans that would come out to see the local talent play if it were possible to keep up with both at the same time. There will be an amplifying system on hand over which the radio report of the games in progress will be broadcast.

Birthday Meeting

The Woman's Missionary society of the First United Evangelical church is sponsoring a special birthday meeting which is to be held on Thursday evening, Sept. 10, at 8 o'clock in the church auditorium. A varied program and a special missionary message is to be given under the direction of the executive committee of the society.

To Broadcast All National League Football Games

Broadcasts of all National football league games in which the Chicago Bears and Detroit Lions participate will be sponsored by Standard Oil Company of Indiana this fall, it was announced today by Wesley L. Nunn, Standard advertising manager.

The Bear games will go on the air over station WGN, Chicago, with Bob Elson, veteran sports announcer, describing the play. The Lion games will be carried by station CKLW, Detroit-Windsor.

The game broadcasts will begin at 2 p.m. eastern standard time, every Sunday from Oct. 11 to and including Nov. 29 over WGN and will continue to Dec. 6 in Detroit. The broadcasting schedule will also include the Thanksgiving day battle between the Bears and Lions in Detroit. If history repeats itself, the western championship will probably hinge on this contest, the win-

ner to meet the eastern champion in the play-off.

Announcing the arrangement, Mr. Nunn stated:

"For a long time our dealers have been reporting to us the tremendous and rapid growth of public interest in the broadcasts of professional football games.

"A number of surveys have indicated that more than 43 per cent of the radio homes in Chicago, and in WGN's primary listening area tune in these games. Great interest in

SECRET OF BIG FUEL SAVINGS

Shown By Simple Match Test

HOW CRANE BOILER PAYS FOR ITSELF

Homeowners report a new high in comfort, a new low in fuel cost with the Crane Boiler.

A Crane Boiler places about 50% more of the heat-absorbing surface directly above the heating gases than the average boiler does. Further, patented baffles direct the water over the hottest part of the boiler.

That's why it absorbs so much more heat from the same amount of fuel... why it takes so much less coal or oil to produce the same temperature in your home.

"Last fall we had a Crane Boiler installed in our house, and want to say that we are pleased in every respect. We have not used nearly as much coal and our house is always very comfortable."

MRS. ANNA BURCHLAW, Pittsburgh

That's not an unusual letter. We have hundreds like it telling of Crane comfort, convenience and economy.

FREE Estimate

See any responsible heating contractor for a free estimate. Mail coupon below and start saving money right now. It will bring complete details of Crane Heating Systems.

CRANE CO., 1224 Emerson Street
 Evanston, Ill.

I'd like to have more facts about CRANE Boilers that save fuel money, and how I can get one put in on the no-money-down plan. I understand that this inquiry places me under no obligation whatever.

Name.....
 Address.....
 City..... State.....

PUT YOURSELF IN THIS PICTURE!

Money in the bank and a warmer, happier, healthier home to live in. That's what Crane can do for you the minute you say the word.

The greater comfort a Crane Boiler gives you is worth paying a lot more for. And yet you actually pay far less. You win both ways. That's because Crane Boilers use less fuel to give you more heat.

Easy Terms—No Money Down

On the Crane Finance Plan, you don't pay a single cent down. And you have 3 years to pay on easy terms at government rates. Fuel savings will help pay the bill!

That applies to an entire new Crane Heating System as well as to the Boiler alone.

See any responsible heating contractor for an estimate or mail coupon now. Free demonstration at our Exhibit Room.
