

Celebrate Golden Wedding

Married Fifty Years
Mr. and Mrs. Richard M. Vant celebrated their Golden Wedding anniversary on Wednesday, Oct. 7 at their home in Deerfield. Open house was held both afternoon and evening for their many friends and relatives. Receiving with them were their two daughters, Mrs. William Kreh and Mrs. Arno Frantz; their son, Harold Vant all of Deerfield, and their six grandchildren and two great grandchildren. Mrs. Vant is a granddaughter of Frederick Muhle, pioneer settler who came to Deerfield in 1837. The

ancestral property is now the Briar-gate Golf course. Five generations of this family have lived and prospered here. Mr. Vant is a son of Martin and Melvina Duell Vant and was born near Palestine, Ill. Mrs. Vant is a daughter of Charles G. and Mary Elizabeth Gunther Muhle. Mr. Vant has one sister, Mrs. Eva Wilnot of Waukegan and Mrs. Vant (Lizzie Muhle) has two sisters, Mrs. G. L. Brand of Deerfield and Miss Laura Muhle of River Forest; two brothers, A. H. Muhle of Deerfield and Edward Muhle of Libertyville.

D. A. R. Better Films Committee Review

"The Devil Doll," cast: Lionel Barrymore, Maureen O'Sullivan, H. B. Walthall, Thursday, Oct. 8. A fantastic melodrama, technically superior, very ably directed and acted with a naturalness which accentuates the horror sequences. A strongly dramatic story which is consistent and holds the attention throughout. Adults.
"The Big Noise," cast: Guy Kibbee, Warren Hull, Marie Wilson,

Friday, Saturday, Oct. 9, 10. Depending entirely upon cleverness of direction and competence of cast. A simple story develops into a delightful and amusing picture. Guy Kibbee demonstrates that he is a fine comedian and special mention should be made of the exceptional portrayal by Marie Wilson. Family.
"Suzy," cast: Jean Harlow, Franchot Tone, Cary Grant, Lewis Stone, Sunday, Monday, Tuesday, Oct. 11, 12, 13. A rather complicated plot reminiscent of several earlier war melodramas. Contrast—carefully finished portraiture and stirring scenes of war time aviation make this an interesting film for mature audiences.

RELIABLE LAUNDRY AND DRY CLEANING CO.

One Bath a Year... is it enough?

A BATH every twelve months? Unthinkable you say. Yet recent figures issued by the Bureau of the Census tell us that on the average our suits and coats are actually cleaned even less frequently than this.

That suit you wear—if you could sift it; if you could tumble it; if you could clean, rinse and dry it as we do when you send it to us—would yield a full half pound of dust, dirt, and grime. You owe it to yourself to protect your health from this menace.

Send us your suits, gloves, hats, coats, dresses, waists and blouses, and other apparel. In addition to cleaning them for you we will also conserve and sterilize—first by gently sousing in the purest of solvents; next by carefully drying in a breeze of warm, fresh air, and finally, with pressing by a special process which permits live, purifying steam to circulate through every pore of the fabric.

Telephone today and we will call immediately.

A free public reading room is maintained by this church at 43 N. Sheridan road, which is open daily from 9 o'clock in the morning to 6 in the evening, except on Saturday when it is open from 9 a.m. to 9 p.m.

On Sunday the reading room is open from 2:30 to 5:30. Here the Bible and all authorized Christian Science literature may be read, borrowed, or purchased.

All are cordially invited to attend the services and make use of the reading room.

CHRISTIAN SCIENCE CHURCHES

"Unreality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 4.

The Golden Text was, "Vanity of vanities, saith the Preacher, vanity of vanities; all is vanity" (Ecclesiastes 1:2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Ye shall observe to do therefore as the Lord your God hath commanded you: ye shall not turn aside to the right hand or to the left. Ye shall walk in all the ways which the Lord your God hath commanded you, that ye may live, and that ye may prolong your days in the land which ye shall possess" (Deuteronomy 5:32, 33).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man is not a pendulum, swinging now sickness and health, life and death. Life and its faculties are not measured by calendars. Life is eternal. We should find this out, and begin the demonstration thereof. Life and goodness are immortal" (p. 246).

TRY THIS SIMPLE MATCH TEST AND SEE HOW YOU CAN CUT YOUR FUEL BILLS

DO YOUR HEATING DOLLARS GO UP THE FLUE?

That's what usually happens with an old-fashioned or an inefficient boiler. You may put enough money into fuel, but much of it can be wasted before the heat gets to the rooms of your home.

You may shovel dollars into the furnace door and only get pennies back in heat value. Why waste money like that? You don't have to.

A Crane Boiler can save a big part of it for you... enough to help pay for itself. And you'll be getting the heat and comfort you're paying for. Investigate now!

No Money Down—3 Years to Pay

You can install a new Crane Boiler in your home... or a whole new heating system... without paying a single cent down. Does that interest you?

More than that, the price can be spread over 3 years, at government rates.

Don't miss a chance like that to solve your heating problem so easily!

You're paying for heat. See a good heating contractor or mail the coupon today and start now to get it.

CRANE BOILER HELPS PAY FOR ITSELF!

Why let your money go up in smoke any longer? A Crane Economy Boiler can end that needless waste for you. Here's why.

Light a match and hold your hand beside it. It just feels warm. But if you place your hand over the flame... it's hot! In both cases, you were burning the same amount of fuel.

A Crane Boiler has about 50% more of the heat-absorbing surface directly over the heating gases than the average boiler has. Further, patented baffles direct the water over the hottest part of the boiler.

That's 50% more surface that absorbs heat and not just warmth. You're paying for heat... why not get it?

"Our new Crane Boiler holds the fire longer, gives more heat—quicker, when we want it. We're not burning as much coal as last year."

HELEN LOUISE HECK,
Camp Hill, Pa.

And scores of others say the same thing about their new Crane Boilers.
